Milligan,2023-07-17 The Story of the Buddha Volume 1 is an engaging and enlightening account of one of the most important stories in the history of Buddhism Written by a PhD expert in Buddhism this new retelling based on the oldest biography of the Buddha is written for any audience from those who are just beginning to learn about Buddhism to those with a more advanced understanding This text allows everyone to explore Siddhartha s perilous journey into the wilderness as he abandons his life of luxury and embarks on a spiritual awakening The expertly written text has been adapted to offer a modern interpretation that helps readers better understand and connect with the original story With accessible language and compelling storytelling The Story of the Buddha Volume 1 is essential reading for anyone looking to deepen their knowledge of Buddhist philosophy and history

Rainbow Body and Resurrection Francis V. Tiso,2016-01-26 A leading authority on the rainbow body traces its history in the encounter of religions in medieval Central Asia exploring a previously unimagined connection between early Dzogchen and the resurrection of Jesus Francis V Tiso a noted authority on the rainbow body explores this manifestation of spiritual realization in a wide ranging and deeply informed study of the transformation of the material body into a body of light Seeking evidence on the boundary between physical science and deep spirituality that might elucidate the resurrection of Jesus he investigates the case of Khenpo A Ch a Buddhist monk who died in eastern Tibet in 1999 Rainbow Body and Resurrection chronicles the dissolution of Khenpo s material body within a week of his death including eye witness interviews Tiso describes the spiritual practices that give rise to the rainbow body and traces their history deep into the encounter of religions in medieval Central Asia His erudite exploration of the Tibetan phenomenon raises the fascinating question of whether there is a connection between the rainbow body and the dying and rising of Jesus Drawing on a wealth of recent research Tiso expands his discussion to include the contemplative geography out of which Dzogchen arose some time in the eighth century along the great Silk Road across Central Asia The result is an illuminating consideration of previously unimagined relationships between spiritual practices and beliefs in Central Asia

The Art of Gandhara in the Metropolitan Museum of Art Metropolitan Museum of Art (New York, N.Y.),Kurt A. Behrendt,2007 Ancient Gandhara located in the rugged foothills of the Himalayas in what is today northwest Pakistan and eastern Afghanistan was for centuries a thriving center of trade along the Silk Road linking China South Asia and the Mediterranean Gandhara s strategic position and wealth attracted many invaders including the Greeks Parthians and Kushans who brought with them diverse religious traditions and artistic conventions Much of Gandharan art is thus a compelling fusion of foreign styles that ultimately gave visual form to the region s Buddhist religious ideals Buddhism which had emerged from north India was embraced by the Gandharan

people whose wealth gave them the means to invest large sums of money in the construction of Buddhist monasteries and sacred areas More sculpture and architecture made in the service of Buddhism has been found in Greater Gandhara than in any other part of ancient South Asia Among the earliest remains from Gandhara are luxury items found in urban centers including intricately carved stone dishes jewelry and trade goods carved in bone or ivory dating from the second century B C to the first century A D The first art associated with Buddhism dates to the early first century A D when carved reliefs embellishing religious architecture began to appear These reliefs typically illustrate important episodes from the biography of the Buddha such as his birth first sermon and death Following a gradual decline in the narrative sculptural tradition devotional images of Buddhas and bodhisattvas began to appear iconic representations that were meant to be associated with major concepts in the religion In Gandhara devotional sculptures grew dramatically in size from about the late fourth to early fifth century A D at the same time as their iconography became ever more complex By the late fifth century A D the patronage of Buddhist monuments in Gandhara had begun to decline but in Afghanistan this artistic tradition flourished until about the eighth century A D It was during this late phase in Afghanistan when devotional representations of Buddhas and bodhisattvas reached truly monumental proportions such as the famous Buddhas at Bamiyan The Metropolitan Museum of Art is fortunate to have in its collections a broad and artistically rich sampling of Gandharan art from almost all phases of the region s history including a unique bronze statuette of the Buddha Sakyamuni from about the first to second century A D In surveying these important works this volume relies on the latest scholarship to refine our understanding of Gandhara s complex cultural history as well as its evolving artistic traditions *Dharma World* ,1991 *The Thousand and One Lives of the Buddha* Bernard Faure,2022-08-31 Praise for the French edition This is a book that should be read by all those who are interested whether near or far in Buddhism its history and its interpretations Faure proposes considering the Life of the Buddha as a kind of treasure that never ceases to be reinvented and experienced from story to story from language to language from culture to culture Roger Pol Droit Le Monde Many biographies of the Buddha have been published in the last 150 years and all claim to describe the authentic life of the historical Buddha This book written by one of the leading scholars of Buddhism and Japanese religion starts from the opposite assumption and argues that we do not yet possess the archival and archaeological materials required to compose such a biography All we have are narratives not facts Yet traditional biographies have neglected the literary mythological and ritual elements in the life of the Buddha Bernard Faure aims to bridge this gap and shed light on a Buddha that is not historical but has constituted a paradigm of practice and been an object of faith for 2 500 years *The Thousand and One Lives of the Buddha* opens with a criticism of the prevalent historicism before examining the mythological elements in a life of the Buddha no longer constrained by an artificial biographical framework Once the search for the historical Buddha is abandoned there is no longer any need to limit the narrative to early Indian stories The life or lives of the Buddha as an expression of the creative imaginations of Buddhists developed beyond

India over the centuries Faure accordingly shifts his focus to East Asia and more particularly to Japan Finally he examines recent developments of the Buddha s life in not only Asia but also the modern West and neglected literary genres such as science fiction *Philosophy East & West* ,1987 The Rivers of Paradise David Noel Freedman,Michael J.

McClymond,2001 A fascinating look at the founders of the world s main religions The major religious traditions of the world owe their existence to the vision of an ancient founder This important volume explores the lives of the five founders of major world religions Moses Buddha Confucius Jesus and Muhammad chronicling what is actually known of these charismatic men and introducing readers to the cultural and religious worlds that heard their messages Readers in predominantly Christian lands in addition to learning about the lives of Confucius Buddha and Muhammad whom they might not be familiar with will also be introduced to modern research now casting fresh light on the careers of Moses and Jesus Whether studied individually or in comparison with one another these biographies together with a chapter on the characteristics of religious leadership chart the spiritual rivers that continue to feed the diversity of religious expression today **Early Buddhist**

Narrative Art Patricia E. Karetzky,2000-04-26 Early Buddhist Narrative Art is a pictorial journey through the transmission of the narrative cycle based on the life of the historical Buddha Karetzky while demonstrating the various evolutions that the image of the Buddha underwent maintains that there is an underlying homogeneity of the tradition in the cultures of India Central Asia China and Japan The author while focusing on the visual representation of the Buddhist narrative goes into some detail regarding the importance of scriptures in each society and how the written tradition informed the pictorial Over seventy photos fill this book which will be of interest to scholars of art history Eastern religion and Buddhism in particular

Sacred Biography in the Buddhist Traditions of South and Southeast Asia Juliane Schober,2002 This interdisciplinary collection of essays explores the biographical genre of the Buddhist traditions of South and Southeast Asia Scholars in the history of religions anthropology literature and art history present a broad range of explorations into sacred biography as an interpretive genre Each essay makes unique contributions and the collection as a whole engages methodological and interpretive approaches that are central to scholars of Buddhism and those specializing in the study of south and Southeast Asia Battling the Buddha of Love Jessica Marie Falcone,2018-09-15 Battling the Buddha of Love is a work of advocacy anthropology that explores the controversial plans and practices of the Maitreya Project a transnational Buddhist organization as it sought to build the world s tallest statue as a multi million dollar gift to India Hoping to forcibly acquire 750 acres of occupied land for the statue park in the Kushinagar area of Uttar Pradesh the Buddhist statue planners ran into obstacle after obstacle including a full scale grassroots resistance movement of Indian farmers working to Save the Land Falcone sheds light on the aspirations values and practices of both the Buddhists who worked to construct the statue as well as the Indian farmer activists who tirelessly protested against the Maitreya Project Because the majority of the supporters of the Maitreya Project statue are converts to Tibetan Buddhism individuals Falcone terms non heritage

practitioners she focuses on the spectacular collision of cultural values between small agriculturalists in rural India and transnational Buddhists hailing from Portland to Pretoria She asks how could a transnational Buddhist organization committed to compassionate practice blithely create so much suffering for impoverished rural Indians Falcone depicts the cultural logics at work on both sides of the controversy and through her examination of these logics she reveals the divergent competing visions of Kushinagar s potential futures Battling the Buddha of Love traces power faith and hope through the axes of globalization transnational religion and rural grassroots activism in South Asia showing the unintended local consequences of an international spiritual development project Basic Buddhism Nan Huai-Chin,1997-01-15 From a Chinese religious scholar the history of Buddhism from its beginnings in sixth century India to twentieth century global practices Nan Huai Chin a learned representative of the Chinese Buddhist tradition explores the many different schools of Buddhism and the many stories surrounding the life of Buddha He explains various philosophical trends in Buddhism and the aspects it has taken on throughout Asia Europe and America For a solid understanding of Buddhism this book is indispensable reading With index **The Middle Way** ,1999
