New Terms for New Ideas Michael Lackner,Iwo Amelung,Joachim Kurtz,2001 This volume is about the lasting impact of new Western notions on the 19th and early 20th century Chinese language their invention spread and standardization Topics examined range from preconceptions about the capacity of the Chinese language to accommodate foreign ideas the formation of specific nomenclatures and the roles of individual translators to Chinese and European attempts at coming to terms with each other s grammar A valuable reference work for all those interested in the historical semantics of modern China

Time and Language Ori Sela,Zvi Ben-Dor Benite,Joshua A. Fogel,2023-03-31 China s past and present have been in a continuous dialogue throughout history one that is heavily influenced by time and language the temporal orientation and the linguistic apparatus used to express and solidify identity ideas and practices Presenting a host of in depth case studies Time and Language New Sinology and Chinese History argues for and demonstrates the significance of New Sinology by restoring the role of language philology in the research and understanding of how modern China emerged Reading the modern as a careful and ongoing conversation with the past renders the new in a different perspective This volume is a significant step toward a new historical narrative of China s modern history one wherein ruptures can exist in tandem with continuities The collection accentuates the deep connection between language and power one that spans well across China s long past and hence the immense consequences of linguistic related methodology to the comprehension of power structures and identity in China Each of the essays in this volume tackles these issues the methodological and the thematic from a different angle but they all share the Sinological prism of analysis and the basic understanding that a much longer timeframe is required to make sense of Chinese modernity The languages examined are diverse including modern and classical Chinese as well as Manchu and Japanese Taken together they bring a spectrum of linguistic perspectives and hence a spectrum of power relations and identities to the forefront While the essays focus on late Qing and early twentieth century eras they refer often to earlier periods which are necessary to making real sense of later eras The methodological and the thematic do not only converge but also generate a plea for fostering and expanding this approach in current and future studies

Transcultural Lyricism Jane Qian Liu,2017-01-05 In Transcultural Lyricism Translation Intertextuality and the Rise of Emotion in Modern Chinese Love Fiction 1899 1925 Jane Qian Liu examines the profound transformation of emotional expression in Chinese fiction between the years 1899 and 1925 While modern Chinese literature is known to have absorbed

narrative modes of Western literatures it also learned radically new ways to convey emotions Drawn from an interdisciplinary mixture of literary cultural and translation studies Jane Qian Liu brings fresh insights into the study of intercultural literary interpretation and influence She convincingly proves that Chinese writer translators in early twentieth century were able to find new channels and modes to express emotional content through new combinations of traditional Chinese and Western techniques
