THE SHANGHAI BADLANDS

WARTIME TERRORISM
AND URBAN CRIME,
1937-1941

Frederic Wakeman, Jr.

劉芳

Shanghai Badlands

Jan Kiely

Shanghai Badlands:

The Shanghai Badlands Frederic E. Wakeman, Frederic Wakeman, Jr, 2002-07-25 Between August 1937 and December 1941 when the Chinese sectors of Shanghai were occupied by the Japanese terrorist wars broke out between Nationalist secret agents and assassins of the Japanese military authorities The most intensely disputed area was the western suburb the Badlands but warfare was not restricted to that zone A spate of assassinations bombings and machine gun raids took place under the noses of the authorities Thanks to the release of secret Chinese police files by the CIA the inner workings of these terrorist groups and their links to the notorious Green Gang can now be exposed for the first time In so doing this book also explores the social history of Shanghai s underworld the worsening relations between the US and Japan before World War II and the rivalry between leaders Chiang Kai shek and Wang Jingwei during China s War of Resistance *Shanghai's Dancing World* Andrew Field, 2010 It was thanks to its cabarets that Old Shanghai was called the Paris of the Orient No one has studied the rise and fall of those cabarets more extensively than Andrew Field His book is packed with fascinating information and attests on every page to his understanding of Shanghai s history LYNN PAN author of *Sons of the Yellow Emperor* *The Danwei* Xiaobo Lü, Elizabeth J. Perry, 2015-02-24 The danwei or work unit occupies a central place in Chinese society To understand Chinese politics demands a better understanding of this system This volume provides a systematic study of the danwei system and addresses a variety of questions from historical and comparative perspectives

Shanghai's Dancing World Andrew David, 2010-11-03 Drawing upon a unique and untapped reservoir of newspapers magazines novels government documents photographs and illustrations this book traces the origin pinnacle and ultimate demise of a commercial dance industry in Shanghai between the end of the First World War and the early years of the People s Republic of China Delving deep into the world of cabarets nightclubs and elite ballrooms that arose in the city in the 1920s and peaked in the 1930s the book assesses how and why Chinese society incorporated and transformed this westernized world of leisure and entertainment to suit its own tastes and interests Focusing on the jazzage nightlife of the city in its golden age the book examines issues of colonialism and modernity urban space sociability and sexuality and modern Chinese national identity formation in a tumultuous era of war and revolution *Champions Day: The End of Old Shanghai* James Carter, 2020-06-16 How a single day revealed the history and foreshadowed the future of Shanghai It is November 12 1941 and the world is at war In Shanghai just weeks before Pearl Harbor thousands celebrate the birthday of China s founding father Sun Yat sen in a new city center built to challenge European imperialism Across town crowds of Shanghai residents from all walks of life attend the funeral of China s wealthiest woman the Chinese French widow of a Baghdadi Jewish businessman whose death was symbolic of the passing of a generation that had seen Shanghai s rise to global prominence But it is the racetrack that attracts the largest crowd of all At the center of the International Settlement the heart of Western colonization but also of Chinese progressivism art commerce cosmopolitanism and celebrity *Champions Day* unfolds drawing

tens of thousands of Chinese spectators and Europeans alike to bet on the horses In a sharp and lively snapshot of the day s events James Carter recaptures the complex history of Old Shanghai Champions Day is a kaleidoscopic portrait of city poised for revolution *Blood Brothers* B. Lintner,2016-04-30 From pirates singing Ricky Martin to mob hits carried out with samurai swords Bertil Lintner offers a fascinating look at organized crime in the Asia Pacific Both Western and Asian pundits assert that shady deals are an Asian way of life Some argue that corruption and illicit business ventures gambling prostitution drug trafficking gun running oil smuggling are entrenched parts of the Asian value system Yet many Asian leaders maintain that their cities are safer than Sydney Amsterdam New York and Los Angeles Making use of expertise gained from twenty years of living in Asia Lintner exposes the role crime plays in the countries of the Far East In *Blood Brothers* he takes you inside the criminal fraternities of Asia examining these networks and their past histories in order to answer one question How are civil societies all over the world to be protected from the worst excesses of increasingly globalised mobsters *Scars of War* Diana Lary,Stephen MacKinnon,2011-11-01 Throughout its modern history China has suffered from immense destruction and loss of life from warfare In its worst periods of warfare the eight years of the Anti Japanese War 1937 45 millions of civilians lost their lives For China the story of modern war related death and suffering has remained hidden The Rape of Nanking is beginning to be known but hundreds of other massacres are still unrecognized by the outside world and even by China itself The focus of *The Scars of War* is the social and psychological not the economic costs of war on the country The book is illustrated with contemporary photographs and woodblock prints Each chapter is introduced by a traditional Chinese saying cheng yu on warfare *War and Nationalism in China, 1925-1945* Hans J. Van de Ven,2003 Offers a new interpretation of the Chinese nationalists placing their war of resistance against Japan in the context of their efforts to establish control over their own country and providing a critical reassessment of regional Allied Warfare *Britain in China* Robert Bickers,2017-03-01 This is a study of Britain s presence in China both at its peak and during its inter war dissolution in the face of assertive Chinese nationalism and declining British diplomatic support Using archival materials from China and records in Britain and the United States the author paints a portrait of the traders missionaries businessmen diplomats and settlers who constituted Britain in China challenging our understanding of British imperialism there Bickers argues that the British presence in China was dominated by urban settlers whose primary allegiance lay not with any grand imperial design but with their own communities and precarious livelihoods This brought them into conflict not only with the Chinese population but with the British imperial government The book also analyzes the formation and maintenance of settler identities and then investigates how the British state and its allies brought an end to the reign of freelance settler imperialism on the China coast At the same time other British sectors missionary and business renegotiated their own relationship with their Chinese markets and the Chinese state and distanced themselves from the settler British *American Radio in China* Michael A. Krysko,2011-04-12 Interwar era efforts to expand US radio into China floundered in

the face of flawed US policies and approaches Situated at the intersection of media studies technology studies and US foreign relations this study frames the ill fated radio initiatives as symptomatic of an increasingly troubled US East Asian relationship before the Pacific War *The Compelling Ideal* Jan Kiely,2014-05-27 In this groundbreaking volume based on extensive research in Chinese archives and libraries Jan Kiely explores the pre Communist origins of the process of systematic thought reform or reformation ganhua that evolved into a key component of Mao Zedong s revolutionary restructuring of Chinese society Focusing on ganhua as it was employed in China s prison system Kiely s thought provoking work brings the history of this critical phenomenon to life through the stories of individuals who conceptualized implemented and experienced it and he details how these techniques were subsequently adapted for broader social and political use

Telling Chinese History Frederic E. Wakeman,2009-03-10 Frederic Wakeman s scholarship is impeccable and the breadth of learning in this book is astounding I repeatedly found myself slowing down to savor the material Many of the essays in this collection are no longer easily accessible and placing them together in a single volume will be a great benefit to the next generation of students and scholars Joseph W Esherick author of *The Origins of the Boxer Uprising* This book brings together the best of Frederic Wakeman s articles all of which are beautifully written and represent the remarkable breadth of Wakeman s research The opportunity to read them together sheds new light on Chinese history and on the thought processes of one of the West s greatest historians Madeleine Zelin Director of the East Asian National Resource Center at Columbia University **Out of China** Robert Bickers,2017-03-30 SHORTLISTED FOR THE 2018 WOLFSON HISTORY PRIZE The extraordinary and essential story of how China became the powerful country it is today Even at the high noon of Europe s empires China managed to be one of the handful of countries not to succumb Invaded humiliated and looted China nonetheless kept its sovereignty Robert Bickers major new book is the first to describe fully what has proved to be one of the modern era s most important stories the long often agonising process by which the Chinese had by the end of the 20th century regained control of their own country *Out of China* uses a brilliant array of unusual strange and vivid sources to recreate a now fantastically remote world the corrupt lurid modernity of pre War Shanghai the often tiny patches of extra territorial land controlled by European powers one of which unnoticed had mostly toppled into a river the entrep ts of Hong Kong and Macao and the myriad means through armed threats technology and legal chicanery by which China was kept subservient Today Chinese nationalism stays firmly rooted in memories of its degraded past the quest for self sufficiency a determination both to assert China s standing in the world and its outstanding territorial claims and never to be vulnerable to renewed attack History matters deeply to Beijing s current rulers and *Out of China* explains why 1910-1937 1910-1937,2017-01-01 *Chinese Capitalists in Japan's New Order* Parks Coble,2003-04-01 In this probing and original study Parks M Coble examines the devastating impact of Japan s invasion and occupation of the lower Yangzi on China s emerging modern business community Arguing that the war gravely weakened Chinese capitalists Coble demonstrates that in occupied

areas the activities of businessmen were closer to collaboration than to heroic resistance He shows how the war left an important imprint on the structure and culture of Chinese business enterprise by encouraging those traits that had allowed it to survive in uncertain and dangerous times Although historical memory emphasizes the entrepreneurs who followed the Nationalists armies to the interior most Chinese businessmen remained in the lower Yangzi area If they wished to retain any ownership of their enterprises they were forced to collaborate with the Japanese and the Wang Jingwei regime in Nanjing Characteristics of business in the decades prior to the war including a preference for family firms and reluctance to become public corporations distrust of government opaqueness of business practices and reliance of personal connections *guanxi* were critical to the survival of enterprises during the war and were reinforced by the war experience Through consideration of the broader implications of the many responses to this complex era Chinese Capitalists in Japan's New Order makes a substantial contribution to larger discussions of the dynamics of World War II and of Chinese business culture **Beyond**

the Neon Lights Hanchao Lu, 2023-07-28 How did ordinary people live through the extraordinary changes that have swept across modern China How did peasants transform themselves into urbanites How did the citizens of Shanghai cope with the epic upheavals revolution war and again revolution that shook their lives Even after decades of scholarship devoted to modern Chinese history our understanding of the daily lives of the common people of China remains sketchy and incomplete In this carefully researched study Hanchao Lu weaves rich documentary data with ethnographic surveys and interviews to reconstruct the fabric of everyday life in China's largest and most complex city in the first half of this century How did ordinary people live through the extraordinary changes that have swept across modern China How did peasants transform themselves into urbanites How did the citizens of Shanghai cope with the epic upheavals revolution war and again revolution t **"White Russians, Red Peril"** Sheila Fitzpatrick, 2021-05-12 Over 20 000 ethnic Russians migrated to Australia after World War II yet we know very little about their experiences Some came via China others from refugee camps in Europe Many preferred to keep a low profile in Australia and some attempted to pass as Polish West Ukrainian or Yugoslavian They had good reason to do so to the Soviet Union Australia's resettling of Russians amounted to the theft of its citizens and undercover agents were deployed to persuade them to repatriate Australia regarded the newcomers with wary suspicion even as it sought to build its population by opening its door to more immigrants Making extensive use of newly discovered Russian language archives and drawing on a lifetime's study of Soviet history and politics award winning author Sheila Fitzpatrick examines the early years of a diverse and disunited Russian Australian community and how Australian and Soviet intelligence agencies attempted to track and influence them While anti Communist White Russians dreamed a war of liberation would overthrow the Soviet regime a dissident minority admired its achievements and thought of returning home

Spymaster Frederic E. Wakeman, 2003 The most feared man in China Dai Li was chief of Chiang Kai shek's secret service during World War II This sweeping biography of China's Himmler based on recently opened intelligence archives

traces Dai's rise from obscurity as a rural hooligan and Green Gang blood brother to commander of the paramilitary units of the Blue Shirts and of the dreaded Military Statistics Bureau the world's largest spy and counterespionage organization of its time. In addition to exposing the inner workings of the secret police whose death squads kidnappings torture and omnipresent surveillance terrorized critics of the Nationalist regime Dai Li's personal story opens a unique window on the clandestine history of China's Republican period. This study uncovers the origins of the Cold War in the interactions of Chinese and American special services operatives who cooperated with Dai Li in the resistance to the Japanese invasion in the 1930s and who laid the groundwork for an ongoing alliance against the Communists during the revolution that followed in the 1940s. Frederic Wakeman Jr illustrates how the anti Communist activities Dai Li led altered the balance of power within the Chinese Communist Party setting the stage for Mao Zedong's rise to supremacy. He reveals a complex and remarkable personality that masked a dark presence in modern China one that still pervades the secret services on both sides of the Taiwan Strait. Wakeman masterfully illuminates a previously little understood world as he discloses the details of Chinese secret service trade craft. Anyone interested in the development of modern espionage will be intrigued by *Spymaster* which spells out in detail the ways in which the Chinese used their own traditional methods in addition to adapting foreign ways to create a modern intelligence service.

The Cambridge History of the Second World War: Volume 2, Politics and Ideology

Richard Bosworth, Joseph Maiolo, 2015-04-23 War is often described as an extension of politics by violent means. With contributions from twenty-eight eminent historians Volume 2 of *The Cambridge History of the Second World War* examines the relationship between ideology and politics in the war's origins dynamics and consequences. Part I examines the ideologies of the combatants and shows how the war can be understood as a struggle of words ideas and values with the rival powers expressing divergent claims to justice and controlling news from the front in order to sustain moral and influence international opinion. Part II looks at politics from the perspective of pre war and wartime diplomacy as well as examining the way in which neutrals were treated and behaved. The volume concludes by assessing the impact of states politics and ideology on the fate of individuals as occupied and liberated peoples collaborators and resisters and as British and French colonial subjects.

Mu Shiying Andrew David Field, 2014-03-01 Shanghai's Literary Comet When the avant garde writer Mu Shiying was assassinated in 1940 China lost one of its greatest modernist writers while Shanghai lost its most detailed chronicler of the city's Jazz Age nightlife. Mu's highly original stream of consciousness approach to short story writing deserves to be re examined and re read. As Andrew Field argues Mu advanced modern Chinese writing beyond the vernacular expression of May Fourth giants Lu Xun and Lao She to reveal even more starkly the alienation of a city trapped between the forces of civilization and barbarism in the 1930s. *Mu Shiying China's Lost Modernist* includes translations of six short stories four of which have not appeared before in English. Each story focuses on Mu's key obsessions the pleasurable yet anxiety ridden social and sexual relationships in the modern city and the decadent maelstrom of consumption and leisure epitomized

by the dance hall and nightclub In his introduction Field situates Mu's work within the transnational and hedonistic environment of inter war Shanghai the city's entertainment economy as well as his place within the wider arena of Jazz Age literature from Berlin Paris Tokyo and New York His dazzling chronicle of modern Shanghai gave rise to Chinese modernist literature His meteoric career as a writer a fl neur and allegedly a double agent testifies to cosmopolitanism at its most flamboyant brilliant and enigmatic Andrew Field's translation is concise and lively and his account of Mu Shiying's adventure in modern Shanghai is itself a fascinating story This is a splendid book for anyone interested in the dynamics of Shanghai modern David Der wei Wang Harvard University Mu Shiying was one of China's pioneer modernists and his stories are full of inventive touches including his own experimental technique of stream of consciousness that evoke the emergent splendour of urban decadence of Shanghai in the 1930s This English translation of his most important stories edited and translated by an acknowledged historian of Shanghai culture is long overdue Leo Ou fan Lee author of Shanghai Modern The Flowering of a New Urban Culture in China 1930 1945 During his short tumultuous life Mu Shiying produced a small oeuvre of remarkable short stories that stand out in the wider context of modern Chinese literature He captures the essence of the Shanghai jazz age with his racy musical and often fragmented prose which blends a genuine excitement about the wonders of the Paris of the East with an at times sobering undertone of social critique Unlike some of the more explicitly left wing writers of his time Mu never relinquishes the medium for the message He is first and foremost a writer of experimental original work that even nowadays has lost nothing of its power As a teacher of modern Chinese literature I am delighted that this new translation has become available Michel Hockx Director SOAS China Institute

Shanghai Badlands Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has be more evident than ever. They have the ability to inspire, provoke, and ignite change. Such is the essence of the book **Shanghai Badlands**, a literary masterpiece that delves deep to the significance of words and their effect on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book is key themes, examine its writing style, and analyze its overall effect on readers.
