We Share a Dream Allan Sankirtan, 2015-05-01 What if you met your perfect partner in a dream and when you agreed to meet in reality found yourselves immersed in the dramas of a bygone era. William and Rachel two young people met in a dream in another time and place. They come from very different social backgrounds with different beliefs and expectations and together they must confront their challenges and lessons as they try to survive a disastrous flood in the early colony of New South Wales in 1806. Before they can create the future they wish to share they must endure the ordeal that has thrust them together in a remote river valley. To survive they have to learn to trust and rely on each other and come to terms with the differences in their beliefs and backgrounds. They also have to embrace their dreams consciously. Can they find a common sense of purpose from within their dreams to create a plan for the future and put it into effect? And can they share that vision with others to help forge the brave new reality that beckons us all from The Dreaming.
