Boyd**

Shared Childbirth:

Shared Childbirth Philip E. Sumner, Celeste R. Phillips, 1982 *Chestnut's Obstetric Anesthesia: Principles and Practice E-Book* David H. Chestnut, Cynthia A Wong, Lawrence C Tsen, Warwick D Ngan Kee, Yaakov Beilin, Jill Mhyre, 2014-02-28 From basic science to various anesthesia techniques to complications the meticulously updated fifth edition of Chestnut's *Obstetric Anesthesia Principles and Practice* covers all you need to know about obstetric anesthesia An editorial team of leading authorities presents the latest on anesthesia techniques for labor and delivery and medical disorders that occur during pregnancy New chapters and rewritten versions of key chapters cover topics such as psychiatric disorders in the pregnant patient neurologic disorders and critical care of obstetric patients It is an invaluable comprehensive reference textbook for specialists in obstetric anesthesiology and obstetricians as well as anesthesiology and obstetric residents This book also serves as a clear user friendly guide for both anesthesiologists and obstetricians who are in clinical practice Consult this title on your favorite e reader conduct rapid searches and adjust font sizes for optimal readability Get all the accuracy expertise and dependability you could ask for from the most important names in the fields of obstetric anesthesia and maternal fetal medicine Master the current best practices you need to know for treating the fetus and the mother as separate patients each with distinct needs Search and retain difficult concepts easily with the help of key point summaries in each chapter Stay current on the latest advancements and developments with sweeping updates and new chapters on topics such as patient safety and team approach transthoracic echocardiography and noninvasive measurement of cardiac output in obstetric patients psychiatric disorders during pregnancy neurologic injuries and more Prevent and plan for potential complications associated with the advancing age of pregnant women An extensive state of the art discussion of critical care of obstetric patients equips you to address any special considerations for this increasing segment Know exactly how to proceed An abundance of tables and boxes illustrate the step by step management of a full range of clinical scenarios Choose the best drugs available while adhering to the most recent guidelines for obstetric anesthesia Make Room for Daddy Judith Walzer Leavitt, 2009-06-21 Using fathers first hand accounts from letters journals and personal interviews along with hospital records and medical literature Judith Walzer Leavitt offers a new perspective on the changing role of expectant fathers from the 1940s to the 1980s She shows how as men moved first from the hospital waiting room to the labor room in the 1960s and then on to the delivery and birthing rooms in the 1970s and 1980s they became progressively more involved in the birth experience and their influence over events expanded With careful attention to power and privilege Leavitt charts not only the increasing involvement of fathers but also medical inequalities the impact of race and class and the evolution of hospital policies Illustrated with more than seventy images from TV films and magazines this book provides important new insights into childbirth in modern America even as it reminds readers of their own experiences **Supporting a Physiologic Approach to Pregnancy and Birth** Melissa D. Avery, 2013-03-28 Supporting a Physiologic Approach to Pregnancy and Birth

A Practical Guide provides an overview of current evidence and a range of practical suggestions to promote physiologic birth within the United States healthcare system Presenting the latest evidence available on practical approaches and minimal interventions this book looks into clinic exam rooms and hospital labor units to investigate the possibilities for improving the pregnancy and labor experience Contributors discuss recent research and other published information and present a range of ideas tools and solutions for maternity care clinicians including midwives nurses physicians and other members of the perinatal team An invaluable resource Supporting a Physiologic Approach to Pregnancy and Birth is a must have practical guide for those involved in all aspects of pregnancy and birth

Birth Connie Riker, 101-01-01 Are you tired of feeling unheard and unsupported in your journey to motherhood Are you ready to reclaim your power and discover the truth about birth Look no further This book is here to redefine your understanding of birth challenge societal norms and inspire you to embrace your feminine strength

- 1 Explore the spiritual depths of the womb and uncover its significance in your life
- 2 Dive into matriarchal societies and learn how they prioritize women s voices and experiences
- 3 Discover the transformative power of placing women s needs and autonomy at the center of childbirth
- 4 Uncover the emotional dimension of birth and understand your mental health needs as a new mother
- 5 Recognize the political nature of birth and learn how to fight for your reproductive rights
- 6 Acknowledge the intersectional impact on birth experiences and work towards equality for all mothers
- 7 Discover the role of religion in shaping birth and learn how to navigate its influence
- 8 Understand the historical context of childbirth and how societal beliefs have evolved

If you want to change the narrative around birth challenge the status quo and embrace your feminine power then buy this book today Say goodbye to outdated beliefs and welcome a new empowering perspective on motherhood

Birth as an American Rite of Passage Robbie E. Davis-Floyd, 2004-03-15 Why do so many American women allow themselves to become enmeshed in the standardized routines of technocratic childbirth routines that can be insensitive unnecessary and even unhealthy Anthropologist Robbie Davis Floyd first addressed these questions in the 1992 edition Her new preface to this 2003 edition of a book that has been read applauded and loved by women all over the world makes it clear that the issues surrounding childbirth remain as controversial as ever

Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse Shonali Choudhury, Jennifer Toller Eerausquin, Mellissa Withers, 2017-09-19 This expansive survey spotlights pervasive issues affecting girls and women s sexual and reproductive health across the lifecourse Research from diverse countries around the world analyzes the complex relationships among biological psychological sociocultural and economic issues particularly in terms of inequities as they shape women s lives Major challenges and possibilities for intervention are examined in their national context and with their global implications including child marriage motherhood reproductive care and access fertility childbearing contraception abortion HIV STIs gender based violence sexual pleasure and menopause In these forceful dispatches a consistent human rights perspective emphasizes women s control autonomy and agency in all stages of their lives A sampling of topics covered

Girl child marriage a persistent global women's health and human rights violation Investigating challenges and resilience among women living with obstetric fistula in Kenya A qualitative exploration of mainstream and social media reflections on abortion A continuum of severity of sexual intimate partner violence among black women in the United States Economic empowerment to improve sexual and reproductive health among women and girls Summarizing an interdisciplinary field on research and practical levels Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse will be an invaluable text for undergraduate and graduate courses in a wide range of fields including public health global health women's studies sociology anthropology gender studies and human rights

Sexuality, Maternity, and (Re)productive Futures Kazue Harada, 2021-11-29 Contemporary Japanese female speculative fiction writers of novels and manga employ the perspectives of aliens cyborgs and bioengineered entities to critique the social realities of women particularly with respect to reproduction which they also re-imagine in radical ways Harada examines the various meanings of reproduction in light of feminist and queer studies and offers close readings of works by novelists Murata Sayaka hara Mariko Ueda Sayuri and manga artists Hagio Moto and Shirai Yumiko Scholarship of SF in Japanese studies has primarily focused on male authors but this book shows not only how women writers have created a space in SF and speculative fiction but how their work can be seen as a response to particular social norms and government policies

Maternal Healthcare and Doulas in China Zoe Z. Dai, 2022-01-13 This brief explores the resurgence of the role of doulas in the child birthing process in Chinese clinical settings as a lens to understand comparative pre and postnatal care worldwide The demand for doulas in China is increasing and the rise in the use of doulas is thought to be due to increasing dissatisfaction with current institutional maternity health care Attention is focused on Chinese women's relationships with their bodies and on women's experiences of choice agency and access to health and reproductive services as well as maternal health care information and support Chapters present an overview of the current experience of pre and postnatal care in China In addition chapters explore interview data on how Chinese doulas construct multiple identities in terms of serving as lactation consultants child care providers and child care educators for women during pregnancy and childbirth Maternal Healthcare and Doulas in China will be of interest to researchers in public health and health policy particularly with an interest in maternal health or Asian studies as well as health practitioners and clinicians who are interested in issues related to women maternity health care childbirth and feminist research in China

The Father's Almanac S. Adams Sullivan, 2011-01-26 A perennial bestseller now revised and updated for a new generation of fathers this readable inspiring guide to the world of infants toddlers and preschoolers is an indispensable treasury of advice ideas and suggestions

The Complete Idiot's Guide to Fatherhood Kevin Osborn, 1999-10-01 You're no idiot of course You know that life isn't like an old sitcom when TV dads like Mike Brady or Ward Cleaver always had just the right answer for Greg Marcia or the Beaver But when it comes to earning the title World's Greatest Dad you feel like you're always going to be more like the father from Married with Children than the one from

Father Knows Best Don't retire your cardigan just yet The Complete Idiot's Guide to Fatherhood answers all the questions any expecting new or veteran father could have on topics ranging from communication and ground rules to privileges and punishment

Birth in Unprecedented Times Nadia von Benzon, Rebecca Whittle, Jo Hickman-Dunne, 2023-10-24 This book shines a light on the way in which risk in and beyond childbirth is highly contextual and the way in which risk management strategies can be understood as socially and materially constructed

Pregnancy and Birth in Russia Anna Temkina, Anastasia Novkunskeya, Daria Litvina, 2022-11-11 This book provides a theoretically and empirically grounded examination of the struggle for maternity care in contemporary Russia framed by changes to the healthcare system and the roles of its participants after socialism The chapters consider multiple perspectives and interactions between women and professionals and the structural and institutional pressures they face when striving for better conditions and treatment Russian maternity care is characterized by the vivid mix of legacy of Soviet paternalism and medicalization bureaucratic principles of state regulation with high level of centralization and lack of professional autonomy and global neoliberal tendencies Maternity care professionals have to satisfy not only the growing needs and demands of women but also deal with increasing state regulative control market demands and new professional standards of care Navigating these multiple and various challenges maternity providers have to perform in multiple roles bridge the organizational gaps and inconsistencies Thus the field of struggle for good care becomes not only professional but political one Highlighting the opportunities and barriers for good care in the context of post socialist Russia this book will be of particular interest to medical anthropologists and sociologists as well as midwives and other health professionals

Painless Childbirth Marguerite Tracy, Mary Brown Sumner Boyd, 1915

Prenatal and Postnatal Care Robin G. Jordan, Cindy L. Farley, Karen Trister Grace, 2018-04-03 Prenatal and Postnatal Care The second edition of the comprehensive and award winning text on prenatal and postnatal care The updated edition of Prenatal and Postnatal Care offers a comprehensive text for the care of the woman during the childbearing year The expert author team presents information needed to master foundational knowledge in anatomy physiology psychology culture the structure of preconception prenatal and postnatal care as well as the management of common health problems This edition has been revised throughout and contains six new chapters on the following topics prenatal ultrasound triage of the pregnant woman assisting women to develop confidence for physiologic birth pregnancy after infertility oral health and issues around diversity and inclusion in prenatal and postnatal care Additional highlights include new and updated content on pregnant women in the workplace prenatal genetic testing trauma informed care and transgender pregnancy care The second edition also includes commonly used complementary therapies and offers more detailed information on shared decision making and planning for birth Prenatal and Postnatal Care Provides expanded faculty resources with case studies and test questions for each chapter Offers a comprehensive text that covers essential aspects of prenatal and postnatal care of the childbearing woman Builds on the edition that won the Book of the Year award from the

American College of Nurse Midwives ACNM in 2015 This revised authoritative text is an ideal resource for midwifery nurse practitioner and physician assistant students and healthcare providers working with pregnant and postpartum women

Prenatal and Postnatal Care Karen Trister Grace, Cindy L. Farley, Noelene K. Jeffers, Tanya Tringali, 2023-10-23

Prenatal and Postnatal Care Situate pregnancy in the emotional and physical life of the whole person with this bestselling guide Prenatal and postnatal care are important and dynamic areas in healthcare research and practice The needs of the childbearing person before and after birth are complex and intensely personal combining significant physiological impact with broader emotional needs In order to supply optimal care providers must account not only for physiological factors but also for cultural social experiential and psychological ones Prenatal and Postnatal Care takes a holistic person centered approach to prenatal and postnatal care Emphasizing the pregnant person and their unique needs this book presents prenatal and postnatal care as foundational care for a healthy start to family life This accessible comprehensive book provides unique knowledge and skills to practitioners so that they can make a positive difference to the people they serve Readers of the third edition of Prenatal and Postnatal Care will also find New chapters covering health equity ethics in perinatal care exercise and more All chapters updated to reflect evidence concerning health disparities and inequities Concrete ways for clinicians to disrupt the systems of harm and exclusion that can mediate care at every level Prenatal and Postnatal Care is essential for midwives nurse practitioners physician assistants and other healthcare providers who work with childbearing people

Labor Avoidance Jon Huer, 2015-03-24 Labor Avoidance is about work something everyone hates and something everyone longs to escape At the same time human nature is to sustain life that is physical and thus constant labor is a necessity This is what humanity from Eden to our own post industrial society has always tried to reduce or avoid by making somebody else do it Historically this nature and origin of labor avoidance is responsible for war colonialism slavery and now contract employment in market society This book explores American capitalism and how labor and the desire to escape it has become responsible for so much human struggle and misery throughout history
