

She is Gone

You can shed tears that she is gone
Or you can smile because she has lived.

You can close your eyes and pray that she will come back
Or you can open your eyes and see what she has left.

Your heart can be empty because you can't see her
Or you can be full of the love that you shared.

You can turn your back on tomorrow and live for yesterday
Or you can be happy for tomorrow because of yesterday.

You can remember her and only that she is gone
Or you can cherish her memory and let it live on.

You can cry and close your mind,
be empty and turn your back
Or you can do what she would want:
smile,
open your eyes,
love,
and go on.

Watson, 2004-09-18 While some see the Miss American Pageant as hokey vestige of another era many remain enthralled by the annual Atlantic City event And whether you love it or hate it no one can deny the impact the contest has had on American popular culture indeed many reality television shows seem to have taken cues from the pageant Founded in 1921 the Miss America Pageant has provided a fascinating glimpse into how American standards of femininity have been defined projected maintained and challenged At various times it has been praised as a positive role model for young American women protested as degrading to women by feminists and shamed by scandals such as the one caused by the Penthouse photos of Vanessa Williams in 1984 In this first interdisciplinary anthology to examine this uniquely American event scholars defend critique and reflect on the pageant grappling with themes like beauty race the body identity kitsch and consumerism There She Is Miss America provides a fascinating examination of an enduring American icon **She Is Everywhere! That's The Way She Is Archie Lee, 2017-09-26 This book contains material that will educate men and women on how to interact with each other through understanding and communicating It provides insights on relationships and how to deal with the issues that come with them It also provides a wealth of knowledge on the different types of women and their character personalities It discussed how men and women interact with each other through understanding and communication the challenges faced with dating and social interaction sustaining marriage and platonic relationships That's The Way She Is provides a male centric point of view on the female character personalities types The information revealed in this book is based on research as well as group discussions from a crowdsource of intellectual men and women with professional romantic and problematic relationship experiences Obviously many terms in this book can easily be considered chauvinistic and derogatory towards women To be clear I do not support the exploitation of women in any form Nonetheless the harsh fact remains that many in our society continue to use negative terms to describe various types of women resulting in some women accepting them as the norm internalizing and ultimately identifying themselves as such My aim will be to thoroughly explain the meaning of these terms in a technical and constructive sense One of my goals is to encourage all men to listen carefully to the women in our lives mothers sisters daughters girlfriends and wives I hope that reading this book makes as profound a difference in your life as writing it has in mine May your relationships be successful and everlasting
