She was Aye Workin' Helen Clark, Elizabeth Carnegie, 2003 Exploring the previously hidden lives of the women who raised families and made ends meet in Scotland's crowded urban tenements this book draws on memories of the first half of the 20th century that evoke living conditions unimaginable today It is an eloquent tribute to stamina management skills and moral strength in the face of poor housing and relentless poverty This book contains material not previously published on taboo subjects such as sexual awareness and domestic violence and it explains the social context that regulated women's behavior

Women and Scottish Society, 1700-2000 W.W.J. Knox, 2021-05-03 This book attempts to cover all the important aspects of a woman's life in Scotland examining how and why it changed over the last 300 years It walks us through the day to day existence of Scottish women and in doing so covers areas such as family and household education work and politics religion and sexuality crime and punishment While sensitive to the differences among women regarding colour class and sexuality the book seeks to establish a close and reciprocal relationship between women's history and gender history the first delineating the struggles of women for parity with men in economic legal and political spheres the second as means of unravelling the continuing ways in which power is unequally distributed within the home the workplace and in institutions and in contesting the male centred narratives of the past

Sex for Sale in Scotland Louise Settle, 2016-05-31 Sex for Sale in Scotland examines the various formal and informal methods that were used to police female prostitution in Edinburgh and Glasgow between 1900 and 1939 and explores how these policies influenced women's lives The book uses a rich combination of police probation magistrates poor law and voluntary organisations records to demonstrate how these organisations combined to establish a penal welfare approach towards regulating prostitution in Scotland By mapping the geography of prostitution the book argues that prostitution was not forced into the outskirts of society either physically or socially The book examines both indoor and outdoor prostitution and the relationships that developed among

the wide range of people who profited from commercial sex Particular emphasis is placed on the experiences of the women involved in prostitution highlighting the poverty exploitation and abuse they faced but also the ways in which they negotiated these dangers This social history of prostitution maps how the organisation policing and experiences of prostitution developed in an ever changing urban landscape during a period of extraordinary developments in technology and entertainment alongside the wider socio economic changes brought about by the First World War *Unhappy mothers* Sarah Crook,2025-07-29 In the decades following the Second World War mothers experiences of loneliness boredom and unhappiness were increasingly widely acknowledged The language of postnatal depression came to be attached to this but mothers organised around their own discontent in ways that challenged the medical model Unhappy mothers draws attention to the social political and professional contexts within which knowledge about unhappy mothering developed Drawing upon an extensive range of archival material the book addresses themes around expertise feminism and the value given to lived experience **Women's Voices in Ireland** Caitriona Clear,2015-12-17 Women s Voices in Ireland examines the letters and problems sent in by women to two Irish women s magazines in the 1950s and 60s discussing them within their wider social and historical context In doing so it provides a unique insight into one of the few forums for female expression in Ireland during this period Although in these decades more Irish women than ever before participated in paid work trade unions and voluntary organizations their representation in politics and public and their workforce participation remained low Meanwhile women who came of age from the late 1950s experienced a freedom which their mothers and aunts married or single in the workplace or the home had never known Diary and letters pages and problem pages in Irish produced magazines in the 1950s and 60s enabled women from all walks of life to express their opinions and to seek guidance on the social changes they saw happening around them This book by examining these communications gives a new insight into the history of Irish women and also contributes to the ongoing debate about what women s magazines mean for women s history The Evolution of the British Funeral Industry in the 20th Century Brian Parsons,2018-03-28 This book examines the shifts that have taken place in the funeral industry since 1900 focusing on the figure of the undertaker and exploring how organizational change and attempts to gain recognition as a professional service provider saw the role morph into that of funeral director *Home and Community* Sandra Costa Santos,Nadia Bertolino,Stephen Hicks,Camilla Lewis,Vanessa May,2018-04-19 Examining the relationships between architecture home and community in the Claremont Court housing scheme in Edinburgh Home and Community provides a novel perspective on the enabling potential of architecture that encompasses physical spatial relational and temporal phenomena Based on the AHRC funded project Place and Belonging the chapters draw on innovative spatial layouts amid Scottish policymakers concerns of social change in the 1960s to develop theoretical understandings between architecture home and community By approaching the discourse on home and by positioning the home at the confluence of a network of sociocultural identities bound by spatial awareness and design the

writers draw on sociological interpretations of cultural negotiation as well as theoretical underpinnings in architectural design In so doing they suggest a reinterpretation of the facilitating role of architecture as sensitive to physical and socio cultural reconstruction Drawn from interviews with residents architectural surveys contextual mapping and other visual methods Home and Community explores home as a construct that is enmeshed with the architectural affordances that the housing scheme represents that is useful to both architecture and sociology students as well as practitioners and urban planners

A Bigger Field Awaits Us Andrew Beaujon,2018-05-01 Each November about a hundred people with paper poppies pinned to their coats gather around a memorial in Edinburgh They're there to commemorate the more than a dozen members of the local football team Heart of Midlothian almost every member of its starting lineup and many of its backup players who went to war When they enlisted in November 1914 the Edinburgh Evening News ran pages of splendid photos of the Hearts players in McCrae's Battalion After the war surviving soldiers many of them wounded gassed and suffering from what was then called shell shock returned home to a public that had only the weakest grasp of what had happened Perhaps the pointlessness of so much suffering and death was too awful to contemplate All of Edinburgh threw a parade for the men of McCrae's Battalion when they marched off to war but no one wanted to be reminded that their commanders later traded their lives and health for a few yards of French mud *A Bigger Field Awaits Us* The Scottish Football Team That Fought the Great War tells the little known but poignant story of a group of Scottish athletes and their fans who went to war together and the stories of the few who made it home The saga of McCrae's Battalion brings much needed human scale to World War I and explains why a group of young men from a small country with almost no direct connection to the conflict would give up their careers their homes their health and in many cases their lives to an abstract cause Their sacrifices illuminate the dark corners of this war that history's lights rarely reach
