Europe Through Arab Eyes, 1578-1727 Nabil I. Matar, 2009 and Malta From the first non European description of Queen Elizabeth I to early accounts of Florence and Pisa in Arabic from Tunisian descriptions of the Morisco expulsion in 1609 to the letters of a Moroccan Armenian ambassador in London the translations of the book's second half draw on the popular and elite sources that were available to Arabs in the early modern period Matar notes that the Arabs of the Maghrib and the Mashriq were eager to engage Christendom despite wars and rivalries and hoped to establish routes of

trade and alliances through treaties and royal marriages However the rise of an intolerant and exclusionary Christianity and the explosion of European military technology brought these advances to an end In conclusion Matar details the decline of Arab Islamic power and the rise of Britain and France Book Jacket **An Imperialist Love Story** Amira Jarmakani, 2015-07-31 A curious figure stalks the pages of a distinct subset of mass market romance novels aptly called desert romances Animalistic yet sensitive dark and attractive the desert prince or sheikh emanates manliness and raw sexual power In the years since September 11 2001 the sheikh character has steadily risen in popularity in romance novels even while depictions of Arab masculinity as backward and violent in nature have dominated the cultural landscape An Imperialist Love Story contributes to the broader conversation about the legacy of orientalist representations of Arabs in Western popular culture Combining close readings of novels discursive analysis of blogs and forums and interviews with authors Jarmakani explores popular investments in the war on terror by examining the collisions between fantasy and reality in desert romances Focusing on issues of security freedom and liberal multiculturalism she foregrounds the role that desire plays in contemporary formations of U S imperialism Drawing on transnational feminist theory and cultural studies An Imperialist Love Story offers a radical reinterpretation of the war on terror demonstrating romance to be a powerful framework for understanding how it works and how it perseveres
