Witton, 2020-04-07 A paleontologist shows what life was like on our planet long before the early humans emerged through words and illustrations Paleontologist Dr Mark P Witton draws on the latest twenty first century discoveries to re create the appearances and lifestyles of extinct fascinating species the environments they inhabited and the challenges they faced living

MacArthur,2005-03-20 The battle lines have been drawn Is the enemy winning Thanks to the theory of evolution writes best selling author John MacArthur naturalism is now the dominant religion of modern society Less than a century and a half ago Charles Darwin popularized the credo for this secular religion Naturalism has now replaced Christianity as the main religion of the Western world and evolution has become its principal dogma Many Christians who claim to believe that the Bible is God s revealed truth seem willing to allow modern scientific theories to replace the Genesis account of creation Such compromises present a conspicuous danger Bible teacher and pastor John MacArthur believes that in Genesis 1:3 we find the foundation of every doctrine that is essential to the Christian faith the vital underpinnings for everything we believe *The Battle for the Beginning* draws a clear line on today s theological landscape Everything in Scripture that teaches about sin and redemption assumes the literal truth of the first three chapters of Genesis If we wobble to any degree on the truth of this passage John MacArthur insists we undermine the very foundations of our faith **The Young Folks' Catechism of Common Things** John Denison Champlin,1886 [The Conchologists' Exchange](#) ,1894
