Lord Of The Dawn Quetzalcoatl And The Tree Of Life:

Lord of the Dawn, 1971 This is a love story and its history lies deep in the heart of Ancient America The story is set within the framework of a terrible and wonderful prophecy the Prophecy of the Thirteen Heavens and the Nine Hells The Little People Pockwatchies and Tlaloques were believed to be the servants of the Rain God Tlaloc and thus guardians of the Earth Mother These all appear in the song found in this book about the Quetzalcoatl a Great One who brought spiritual awareness and enlightenment to the Indians of America He founded a new religion based on peace and changed the face of Ancient America by religious and social reform He founded the first Confederation of the Tree and laid down the prophecy which this book is about Lord of the Dawn Rudolfo Anaya, 2012-02-16 The legend of Quetzalcoatl is the enduring epic myth of Mesoamerica The gods create the universe but man must carefully tend to the harmony of the world Without spiritual attention to harmony chaos may reign destroying the universe and civilization The ancient Mexicans like other peoples throughout the world wrestled with ideas and metaphors by which to know the Godhead and developed their own concepts about their relationship to the universe Quetzalcoatl came to the Toltecs to teach them art agriculture peace and knowledge He was a redeemer god and his story inspires instructs and entertains as do all the great myths of the world Now available in paperback the Lord of the Dawn is Anaya's exploration of the cosmology and the rich and complex spiritual thought of his Native American ancestors The story depicts the daily world of man the struggle between the peacemakers and the warmongers and the world of the gods and their role in the life of mankind *Alchemy of Nine Dimensions* Barbara Hand Clow, 2024-11-05 Examines how each dimension influences Earth its levels of creative expression and the sciences that describe each one Provides meditations to open you to the experience of each dimension and all nine dimensions as an integrated whole Includes new evidence for the nine dimensions from the supercomputer Blue Brain Project and recently discovered ancient technology As revealed by the Pleiadians via renowned author Barbara Hand Clow Earth holds nine dimensions of consciousness that humans can currently access Long ago the ability to access all nine dimensions was natural for humans As we collectively heal from ancestral trauma and enter the Age of Light our access to the nine dimensions is reopening and our ability to learn from and consciously utilize these higher intelligences in our lives is being restored In this illuminating guide Barbara Hand Clow shows how the nine dimensions of consciousness are now being verified by contemporary science She explains how the first dimension is the center of the Earth and the source of grounding ourselves the second is between Earth's center and the surface the third is linear space and time experienced on Earth's crust the fourth is the realm of our collective mind and the higher five celestial dimensions are where we contact the transcendent She examines how each dimension influences Earth the sciences that operate there and the levels of creative expression available Additionally Gerry Clow has provided both written and audio meditations to open you to the experience of each dimension and all nine dimensions as an integrated whole In this 20th anniversary edition Clow includes updates from her continuing

research including evidence from the supercomputer Blue Brain Project which mapped nine dimensions in the human brain She also describes how recent discoveries of ancient technology mirror the Pleiadian dimensional system Providing a journey through the complex ideas of both modern science and esoteric wisdom this guide allows you to awaken to the full spectrum of multidimensional consciousness and to connect deeply to the center of our planet and the Divine Cosmos that surrounds us all

Prophecy in the New Millennium Suzanne Newcombe, Sarah Harvey, 2016-04-15 Secular and spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy s more mundane manifestations and its role in providing meaning and motivation in everyday life

Journey to Aztlantica Richard S. Flores, 2013-11-15 THE JOURNEY TO ATLANTICA Aztlantica is the spiritual homeland of the Meso America Quetzalcatl Prophecy The Journey attempts to bring forth new insights hidden history and a future in peril The Journey to Aztlantica is a call for awakening and the need to transition from an old degenerating world to the promise of a sustainable a new world that will be able to survive the perials of the future The Journey expresses concern about the degenerating trajectory of capitalistic economic and political systems About their questionable influence on the future stabilities of world societies and governments The old world economic worldview has reached it s limitation It is on the path of regression and is condusive to social dis integration This book alludes to the need for individuals to prepare themselves to confront and survive the calamities of climatic change and man made calamities of the future The Journey calls for human evolution For the building of an alternative economic system as a way to change the human character and behavior A system that would support the principles of natural human evolution a more equalitarian society and would support the development of a humanitarian worldview The Journey proposes the establishment of new social cultural educational and spiritual models It calls for establishing a philosophical model based on a respectful and balanced relationship with the natural environment and within the human community The Journey proposes a new spiritual movement for the new world an organized religion that would be compatible with the new worldview of Aztlantica The old religions are an integral part of a degenerating old world Aztlantica calls for the refinement and rejuvenation of human cultures in order to promote respect peace balance and harmony around the world The Journey stresses the need to crossover to a new worldview reality the circular worldview In order for humanity to survive adequately in a perialous future
