Losing To Win The 1996 Elections And American Politics:

Losing to Win James W. Ceaser, Andrew Busch, 1997-03-20 This book is essential reading for any American interested in the real and lasting consequences of the 1996 Presidential election Parties and Elections in America Mark D. Brewer, L. Sandy Maisel, 2024-07-10 The 10th edition of this classic text introduces students to political parties and their critical role in representative democracy at the local state and national levels Students will engage in fully up to date discussion of changes to presidential campaigns and elections the ever evolving world of campaign finance rapidly changing media environment and much more In addition Parties and Elections in America reflects the authors continuing emphasis on the foundations of our modern political system by providing historical context throughout the text The new edition fully incorporates the 2020 and 2022 election cycles as well as the initial run up to the 2024 election *Dilemmas of Scale in America's Federal Democracy* Martha Derthick, 1999-06-13 Nationalist and local traditions vie within the American federal system and the American experiment with self government Bringing together contributions from history political science and sociology this book focuses primarily on the local seeking to recapture its origins explain its current impact and assess its worth

Parties and Elections in America Louis Sandy Maisel, Mark D. Brewer, 2010 This book covers all elements of parties and the electoral process including local state and national party organizations American party history and party systems state and local nominations state and local elections presidential nominations and presidential elections Separate chapters are devoted to the important subjects of the media in the electoral process and campaign finance The role of political parties in representative democracy_ and their contributions to it_ are examined critically This post election update includes complete data from 2008 and an updated chapter on campaign finance **The State of American Politics** Byron E. Shafer, 2002 Election 2000 Aberration or paradigm The essays in this innovative volume combining scholarly and journalistic views seek to place the extraordinary events of the 2000 presidential election into context with the trends of electoral politics before and after Originally presented as a series of public lectures at Oxford University this volume benefits from an international perspective a stellar lineup of contributors and a remarkably cohesive analysis that lays the election results and thus the current state of American politics at the feet of a persistent American cultural divide Visit our website for sample chapters

Encyclopedia of U.S. Campaigns, Elections, and Electoral Behavior Kenneth F. Warren, 2008-04-04 Overall a first rate resource and yes pleasantly readable School Library Journal The Encyclopedia of U S Campaigns Elections and Electoral Behavior covers virtually everything one would want to know about American political campaigns With more than 450 entries these two comprehensive volumes present a significant array topics of campaigns elections and electoral behavior The encyclopedia s diverse content shows that although the subject matter of campaigns elections and electoral behavior is inherently related each topic has a distinct focus Key Features Presents topics in a straightforward easy to understand manner intentionally avoiding unnecessary technical language Includes entries written by electoral behavior scholars from

around the country Focuses on American campaigns elections and electoral behavior but also provides a culturally and politically diverse perspective of American democratic practices and institutions Offers a rich campaign history by looking at many colorful candidates corrupt yet intriguing political machines rapidly changing technologies campaign organizations and strategies Provides a description and scholarly analysis for all presidential elections including state and general elections Presents and simplifies complicated election laws that govern federal state and local elections Examines various efforts throughout the decades to reform elections especially from social upheaval and the resulting political realignments Includes extensive electoral research into the development of political opinions attitudes and ideologies in American voters Key Themes Ballot Issue Campaigns Campaigns Elections and the Law Corruption in American Campaigns and Elections Electoral Behavior of Various Groups Local Campaigns and Elections Media s Role in American Campaigns and Elections People Political Parties Interest Groups and American Campaigns and Elections Political Theory and Democratic Elections in America Polls Public Opinion and Campaigns and Elections Presidential Campaigns and Elections Reforming American Campaigns and Elections Running Political Campaigns Management Organization and Strategies Social and Psychological Dynamics of Electoral Behavior State and Congressional Campaigns and Elections History and State Profiles The Encyclopedia of U S Campaigns Elections and Electoral Behavior is an especially useful reference published to coincide with the 2008 presidential election This informative yet intriguing resource is a welcome addition to any academic or public library

The Rules and Politics of American Primaries Andrew E. Busch,2019-11-08 Provides an invaluable resource for scholars students and political observers who want a comprehensive picture of the past and present of the U S presidential nominating system across every state In 2020 the parties will again nominate their candidates for president Those nominations will play out in a complicated system of federal law state law national party rules state party rules and informal norms that have developed over decades This resource provides a roadmap for understanding the rules of the game and the ways in which they impact elections and politics across the United States This reference work is organized in two parts Part I consists of a series of short thematic essays discussing topics such as what primaries and caucuses are what the difference between open and closed primaries is varying methods used by the parties for delegate selection and how campaign finance works in the primaries Part II consists of a state by state description of recent primary caucus history and the methods currently used for delegate selection by Democrats and Republicans in each state

A Brief History of Public Policy since the New Deal Andrew E. Busch,2019-09-10 A Brief History of Public Policy Since the New Deal traces the development of national domestic policy from the Great Depression through the early Trump years A chronological look that illuminates the cumulative effects of policy change the book also focuses on themes such as the interplay of ideas events politics and people models such as incrementalism multiple streams and punctuated equilibrium the importance of foreign policy issues to the development of domestic policy and features including the importance of problem definition and the law of unanticipated

consequences Following the narrative each chapter includes a summary of seven key policy areas economic policy social welfare civil rights environmental and education policy moral cultural issues and federalism The material is organized by eras identified by presidencies and by whether the era represented a burst of policymaking made possible because key inputs of ideas events politics and people aligned for change or a rough equilibrium Although presidencies are used to define eras the role of all the institutions are given their due

Choosing Our Choices James W. Davis, Robert E. DiClerico, 2000-04-26 Probably no feature of the American political system has been subject to more sustained criticism over the last twenty five years than the process by which we choose our presidents In *Choosing Our Choices* Robert E DiClerico and James W Davis debate the question should we retain the present primary centered direct democracy method in selecting presidential candidates or should we return to a representative decision making process to nominate our candidates This timely and thought provoking text offers the reader a concise yet comprehensive analysis of the presidential nominating system arguments for and against the current system and supplemental documents and essays for further reading *Choosing Our Choices* will be an invaluable resource for students and scholars interested in exploring how Americans choose their leaders

The Crossroads Elections Renata Duda, Maciej Turek, 2024-03-28 This wide ranging collection acquaints American college instructors with insightful contributions and critical reflections from Europe on the study of campaigns elections Congress and political behavior Using an organizing conceptual framework of a crossroads which sets two parties apart on traditional democratic values more than a dozen experts examine the political environment issues candidates campaigns media and voters of the 2022 midterm election Distinctive in its breadth of topics the book covers many new issues and the most controversial aspects of 2022 using a combination of statistical and descriptive analysis These include but are not limited to election results unique features of midterm elections the role of the Supreme Court and gerrymandering in 2022 intra party cleavages election denialism the role of media and campaign finance U S support of Ukraine European public opinion on American democracy and 2022 midterm as stage setter for the 2024 presidential election

Parties and Elections in America L. Sandy Maisel, Mark D. Brewer, 2011-09-16 *Parties and Elections in America* The Electoral Process covers all elements of parties and the electoral process including local state and national party organizations American party history and party systems state and local nominations state and local elections presidential nominations and presidential elections Separate chapters are devoted to the important subjects of the media in the electoral process and campaign finance The role of political parties in representative democracy and their contributions to it are examined critically The sixth edition incorporates the results of the 2010 midterm elections

Missed Opportunity E. D. Dover, 2002-03-30 While the 2000 presidential election had a number of unique features including the decisive role of the Supreme Court it actually was quite similar to three earlier television age campaigns For the fourth time since 1960 an incumbent president retired and his party nominated the vice president as a potential successor The nomination of the vice president has become so commonplace that

we now expect it Unfortunately we lack theoretical explanations of why vice presidents win nominations while often losing the general election Dover seeks to advance this needed theory Dover looks at the recurring features of television age elections with surrogate incumbents and applies them to a description of the leading events of Election 2000 The emphasis is on mediated incumbency a phenomenon that occurs when mass media particularly television exert enormous influence in defining the context and meaning of politics for most voters The first topics considered are the growth of the modern vice presidency and the nature of surrogate incumbent elections The outcome of such elections often turns on how effectively the vice president and his opponent overcome dilemmas unique to their strategic positions as incumbent or challenger Dover then describes the campaign from January 1999 through December 2000 from the perspective of television news media and shows how Gore failed to overcome his dilemma during a time marked by peace and prosperity The text is an important resource for scholars students and other researchers involved with American elections political communication and the American presidency

The Vanishing Tradition Paul Gottfried, 2020-07-15 This anthology provides a timely critical overview of the American conservative movement The contributors take on subjects that other commentators have either not noticed or have been fearful to discuss In particular this collection of searing essays hits hard at blatant cult of celebrity and intolerance of dissent that has come to characterize the conservative movement in this country As *The Vanishing Tradition* shows the conservative movement has not often retrieved its wounded instead dispatching them in order to please its friendly opposition and to prove its moderateness The movement has also been open to the influence of demanding sponsors who have pushed it in sometimes bizarre directions Finally the essayists here highlight the movement's appeal to permanent values as a truly risible gesture given how arduously its celebrities have worked to catch up with the Left on social issues This no holds barred critical examination of American conservatism opens debates and seeks controversy

The Mediated Presidency Stephen J. Farnsworth, Robert S. Lichter, 2005-08-18 Including late breaking data from the Iraq occupation and the disastrous CBS News reports on Bush's Vietnam era National Guard Service acclaimed media scholars Stephen J Farnsworth and S Robert Lichter examine news coverage of military policy economic policy and scandals from the last four U S presidencies including the current controversial administration Using a quarter century of content analysis data the authors demonstrate how the White House dominates Capitol Hill on every dimension of news coverage undermining Congress's attempt to compete as an equal branch before the public At the same time they show how the networks are steadily losing ground to new media outlets and suggest future paths our media mania may take

Senator Albert Gore, Sr. Kyle Longley, 2004-10-25 Best remembered as the father of Vice President Al Gore Albert Gore Sr worked tirelessly in politics himself a Democratic congressman and senator from 1939 to 1971 and a representative of southern liberalism and American reformism In the first comprehensive biography of Gore Kyle Longley has produced an incisive portrait of a significant American political leader and an arresting narrative of the shaping of a southern and American political tradition His

research includes archival sources from across the country as well as interviews with Gore's colleagues, friends, and family. Longley describes how the native of Possum Hollow, Tennessee, became known during his political career as a maverick—a man who, according to one journalist, would rock almost anybody's boat. For his actions, Gore often paid a heavy price, personally and professionally. Overshadowed by others in Congress such as Lyndon Johnson, J. William Fulbright, Richard Russell, and Barry Goldwater, Gore nonetheless played a major role on the important issues of taxes, the Interstate Highway system, civil rights, nuclear power, and arms control, and the Vietnam War. Longley situates Gore as part of a generation of politicians who matured on the messages of William Jennings Bryan, Woodrow Wilson, and Franklin Roosevelt. In the South, Gore belonged to a staunch group of liberals who battled traditional conservative forces, often within their own party. He and others such as Estes Kefauver, Frank Porter Graham, and Ralph Yarborough set the stage for subsequent generations, including that of Jimmy Carter and Jim Sasser, and later Bill Clinton. Al Gore Jr. and John Edwards. From his career shines one encapsulating moment: in 1952, squared off on the floor of the Senate against Strom Thurmond, who wanted Gore to sign the Southern Manifesto declaring southern resistance to desegregation, Gore responded simply and classically: "Hell, no."

From the Center to the Edge William C. Berman, 2001-04-11. An historical interpretation of the politics and public policies of the Clinton administration. Political historian William C. Berman describes the origins, evolution, and transformation of Clinton's programs for change, as well as the reasons for its various successes and failures. Berman sheds light on both domestic matters such as welfare reform, deficit reduction, and the impeachment process, and key foreign policy issues, including American relations with Russia and China, and the conflicts in Bosnia and Kosovo.

Encyclopedia of Politics of the American West Steven L. Danver, 2013-04-25. The Encyclopedia of Politics in the American West is an A to Z reference work on the political development of one of America's most politically distinct, not to mention its fastest growing region. This work will cover not only the significant events and actors of Western politics, but also deal with key institutional, historical, environmental, and sociopolitical themes and concepts that are important to more fully understanding the politics of the West over the last century.

The Art of Political Warfare John J. Pitney, Jr., 2001-09-01. Drawing parallels between war and politics, the author explains why military principles can be applied to an understanding of the events, concepts, concerns, issues, and practices of political life.

Candidate Character Traits in Presidential Elections David B. Holian, Charles L. Prysby, 2014-10-03. Voter perceptions of the personal traits of presidential candidates are widely regarded to be important influences on the vote. Media pundits frequently explain the outcome of presidential elections in terms of the personal appeal of the candidates. Despite the emphasis on presidential character traits in the media, the scholarly investigation in this area is limited. In this book, David Holian and Charles Prysby set out to examine the effect that trait perceptions have on the vote, how these perceptions are shaped by other attitudes and evaluations, and what types of voters are most likely to cast a ballot on the basis of the character traits of the presidential candidates. Using the American National Election Studies (ANES) surveys,

the authors find that traits do have a very substantial effect on the vote that different candidates have advantages on different traits and that the opinions expressed by media pundits about how the candidates are viewed by the voters are often simplistic and sometimes quite mistaken Character traits are important to voters but we need a better and more complete understanding of how and why these factors influence voters An essential read which provides a clear and original argument to all those interested in furthering their understanding of the importance of candidate character traits for the quality of American elections and democracy

Encyclopedia of American Political Parties and Elections Larry Sabato, Howard R. Ernst, 2014-05-14 Presents a complete reference guide to American political parties and elections including an A Z listing of presidential elections with terms people and events involved in the process
