

Adrian Pauly for the loss of Leon Meed

"What have you known Josh Emmons is like and dead, he's created a full portrait of California characters who are fullhearted and ill behaved and healthy and broken. He's a man-a-longer prose writer who has fun in every sentence without ever slowing off or losing a phrase to me, and now we're a long waiting line for the pure pleasure of his company."

—Jonathan Wilson, author of *The Corrections*

"A smoothly and moving portrait of America that grows together the national life of a small town with a wit and range that recall Robert Frost and Faulkner. The *Loss of Leon Meed* is mature yet playful, lyrical yet knowing with the details of contemporary life."

—Alan Brinkman, author of *The Boston Detective's Handbook*

"Well-constructed, and elegantly constructed."

—Adam Langer, author of *Coming California*

"With the grace and wit of an American—a man who has come across to me—Emmons's characters are so that a body wholly original and profoundly human. The writing, just moderation and long, just love story. The *Loss of Leon Meed* is a gripping, innovative, heart wrenching novel."

—Steve Smith, author of *Home All the Animals*

"What is missing in the world is a brand new world. Josh Emmons's books are not only well shown details and a sympathetic eye to people and the world around them, but also a sense of love, faith, and mystery, people's lives. He's a great writer. I've read them all, especially the one about Leon Meed. He's a great guy."

—Alan Brinkman, author of *Corrections: Being the Dead*

Panic and Mourning are two pivotal constructs that often emerge and interplay under circumstances of conflict violence crisis and catastrophe both natural and man made Whereas panic tends to crop up during the experience of violent events mourning on the other hand relates to the aftermath of a brutal disruption and to the way humans try to make sense of it retrospectively Conversely violent events can leave a thread of panic in their aftermath while mourning can be unsettled interrupted or even refuelled by another catastrophic incident From an international and inter disciplinary outlook this volume wishes to address questions at the interface of panic and mourning and their impact on practices in literature media and the arts Since violent events take place within cultures that will draw from their traditions memories and systems of beliefs in order to process them the authors of this book aim precisely at discussing the effects of calamity upon the cultural structure and the way literary artistic and media practices not only reproduce individual and collective anxieties but also

generate knowledge and reshape the cultural formation within which they emerge

The Suburbs Marie Bouchet, Nathalie Cochoy, Isabelle Keller-Privat, Mathilde Rogez, 2022-02-01 While suburbs provide a rich field of research for sociologists architects urbanists and anthropologists they have not been given much attention in literary and cultural studies The Suburbs New Literary Perspectives sets out to enrich the limited existing body of critical analysis on the subject with a landmark collection of essays offering a far larger perspective than the books or collections published so far on the topic This interdisciplinary and wide ranging approach includes literary and art studies philosophy and cultural comment It examines the suburbs across cultural differences contrasting British South African and North American suburbs The specificity of this book therefore lies in a cross national and cross continental exploration of these uncharted territories The suburbs are redefined as those rebellious margins whose geographical borders are necessarily fuzzy and sketch out a common place where cultural frontiers can be transcended They are to use Sarah Nuttall's terminology places of entanglement where contraries meet and where new ways of being in the world is reborn Seen through the prism of art and literature the suburbs may then be recognized as philosopher Bruce Broughton argues as a new way of thinking and making urban space

Emmons,2005-07-19 In Josh Emmons s inventive and utterly engaging debut ten residents of Eureka California are brought together by a mysterious man Leon Meed who repeatedly and inexplicably appears in the ocean at a local rock music club clinging to the roof of a barreling truck standing in the middle of Main Street s oncoming traffic and then as if by magic disappears Young and old married and single punk and evangelical black white and Korean each witness to these bewildering events interprets them differently yet all of their lives are changed by the phenomenon itself and by what it provokes in them And whether they in turn stagger toward love or heartbreakingly dissolve it Emmons s portrayal of their stories is strikingly real and emotionally affecting **Queer Friendship** George E. Haggerty,2018-03-29 Friendship in the classical world was

celebrated as among the highest human achievements nothing was more likely to lead to the divine than looking for it in the eyes of a friend In exploring the complexities of male male relations beyond the simple labels of sexuality Queer Friendship shows how love between men has a rich and varied history in English literature The friend could offer a reflection of one s own worth and a celebration of a kind of mutuality that was not connected to family or home These same sex friendships are memorable because they give shape to the novels of which they are a part and question the assumption that the love between friends is different from the love between lovers Queer Friendship explores English literary friendship in three ways the elegiac the erotic and the platonic by considering a myriad of works including Sterne s Tristram Shandy Tennyson s In Memoriam A H H and Dickens Great Expectations
