education language didactics and teacher education *The Writings of Nichiren Daishonin* Soka Gakkai,2023-09-01 An authoritative translation of 172 of Nichiren's writings presented in chronological order. The collection includes Nichiren's five major works as well as other treatises setting forth his doctrine, writings remonstrating with government officials and letters offering advice, encouragement or consolation to believers. The translations are based on those of Burton Watson, formerly of Columbia University and an award-winning translator of Chinese and Japanese literature. Edited by the Soka Gakkai's Goshō Translation Committee, these are the translations used by English-speaking Soka Gakkai members the world over.

Selected Writings of Nichiren Nichiren,1990 This collection of Nichiren's five major doctrinal works with his autobiography and assortment of letters will become an indispensable research tool for students of Japanese Buddhism.

Early Days in North Queensland Edward Palmer,2021-04-26 In *Early Days in North Queensland*, Edward Palmer offers a profound exploration of the formative years of this vibrant region in Australia. The book is a rich tapestry woven from Palmer's firsthand experiences, meticulously documenting the socio-economic challenges and cultural dynamics of the time. Written in a narrative style that blends vivid descriptions with reflective observations, Palmer's work invites readers to engage with the landscape and its people, capturing the essence of colonial life in North Queensland during an era of significant change and development. His attention to detail and evocative language not only contextualizes the historical landscape but also illuminates the human experiences that shaped it. Edward Palmer, a pioneering figure in the historical literature of Australia, possesses a deep-rooted connection to the subjects he chronicles. His own upbringing in North Queensland, coupled with a keen interest in the interplay between humanity and its environment, inspired him to document the untold stories of the region's past. As an accomplished writer and historian, Palmer's academic background and personal experiences uniquely position him to reflect on the complexities of colonial life with both authenticity and empathy. *Early Days in North Queensland* is an essential read for anyone interested in Australian history, colonial narratives, or regional studies. Palmer's insightful observations and detailed storytelling provide a poignant reminder of the human spirit's resilience amid adversity. This book is a vital resource for scholars, students, and general readers alike who seek to understand the interplay of culture, environment, and history in shaping modern Australia. **The Origin and Evolution of New Businesses** Amar V.

Bhide,2003-10-16 What is this mysterious activity we call entrepreneurship? Does success require special traits and skills, or just luck? Can large companies follow their example? What role does venture capital play? In a field dominated by anecdote and folklore, this landmark study integrates more than ten years of intensive research and modern theories of business and economics. The result is a comprehensive framework for understanding entrepreneurship that provides new and penetrating insights. Examining hundreds of successful ventures, the author finds that the typical business has humble, improvised origins. Well-planned start-ups backed by substantial venture capital are exceptional. Entrepreneurs like Bill Gates and Sam Walton initially pursue small, uncertain opportunities without much capital market research or breakthrough technologies. Coping

with ambiguity and surprises face to face selling and making do with second tier employees is more important than foresight deal making or recruiting top notch teams Transforming improvised start ups into noteworthy enterprises requires a radical shift from opportunistic adaptation in niche markets to the pursuit of ambitious strategies This requires traits such as ambition and risk taking that are initially unimportant Mature corporations have to pursue entrepreneurial activity in a much more disciplined way Companies like Intel and Merck focus their resources on large scale initiatives that scrappy entrepreneurs cannot undertake Their success requires carefully chosen bets meticulous planning and the smooth coordination of many employees rather than the talents of a driven few This clearly and concisely written book is essential for anyone who wants to start a business for the entrepreneur or executive who wants to grow a company and for the scholar who wants to understand this crucial economic activity
