

Louis Xiv And The Craft Of Kingship

John C. Rule, Ben S. Trotter

Louis Xiv And The Craft Of Kingship:

Louis XIV and the Craft of Kingship John C. Rule, 1969 Louis XIV and the Craft of Kingship John C. Rule, 1970 Louis XIV and the Origins of the Dutch War Paul Sonnino, 2003-02-13 This stylish and highly entertaining account of the origins of the Franco Dutch War of 1672 is based on massive archival researches covering twelve countries Contrary to the accepted historical opinion that there was a meeting of minds within Louis XIV s conseil d en haut over the desirability of the war Professor Sonnino chronicles a story of bitter division in the course of which the contrasting personalities of the king and of his most intimate advisors emerge in vivid detail Racine once eulogized the war as a brilliantly executed venture which put the insolent Dutch in their place Saint Simon on the other hand saw it as the disastrous result of endemic jealousies in which Le Tellier and Louvois sought to displace Colbert in Louis affections From these early views the modern consensus in spite of occasional dissenters has gradually evolved Professor Sonnino however breaks through the maze of interpretations with decisive new evidence and in an unusually clear and lively evocation of the emotional element which pervaded high policy explains the many agonizing decisions that preceded one of the most dramatic conflicts of the seventeenth century Critical Bibliography of French Literature H. Gaston Hall, 1983-02-01 Richard A Brooks general editor v Politics and Warfare in the Age of Louis XIV and Peter the Great William Young, 2004 The Peace of Westphalia 1648 ending the Thirty Years War resulted in the rise of the modern European states system However dynasticism power politics commerce and religion continued to be the main issues driving International politics and warfare Dr William Young examines war and diplomacy during the Age of Louis XIV and Peter the Great His study focuses on the later part of the Franco Spanish War the Wars of Louis XIV and the Anglo Dutch Wars in the West In addition the author explores the wars of the Baltic Region and East Europe including the Thirteen Years War Second Northern War War of the Holy League and the Great Northern War The study includes a guide to the historical literature concerning war and diplomacy during this period It includes bibliographical essays and a valuable annotated bibliography of over six hundred books monographs dissertations theses journal articles and essays published in the English language International Politics and Warfare in the Age of Louis XIV and Peter the Great is a valuable resource for individuals interested in the history of diplomacy warfare and Early The Revolution of 1688-89 Lois G. Schwoerer, 1992 Interdisciplinary interpretations of the Revolution Modern Europe and of the late Stuart and early Hanoverian world Louis XIV and the parlements John J. Hurt, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This is the first scholarly study of the political and economic relationship between Louis XIV and the parlements of France the Parlement of Paris and all the provincial tribunals The author explains how the king managed to impose strict political discipline for which this reign and only this reign is known Hurt shows that the king built upon that discipline to extract large sums of money from the judges in the parlements thus damaging their economic interests When the king died in 1715 the regent Philippe d Orl ans after a brief attempt to befriend the parlements through compromise resorted to the authoritarian methods of Louis XIV and perpetuated the Sun King s political and economic legacy This study calls into question current revisionist understanding of Louis XIV and insists that absolute government had a harsh reality at its core Based upon extensive archival research this remarkable book will be of interest to all students of the history of early modern France and the monarchies of Europe Wars of the Age of Louis XIV, 1650-1715 Cathal J. Nolan, 2008-07-30 Dominated by the ambitions of France s King Louis XIV Europe in the years 1650 1715 witnessed a series of wars from which emerged many of the theories practices and technologies that characterize modern warfare During this period European armies evolved modern ideas of army organization and military leadership as well as modern views of campaign strategy and battle tactics As European soldiers and colonists moved into Asia the Middle East and the Americas the practice or influence of their military techniques and ideas also affected wars fought in those places In this volume s 1000 plus entries an award winning author of reference works on international relations and war describes and defines important events technologies and individuals from this seminal period of global military history

From Louis XIV to Napoleon Professor Jeremy Black, Jeremy Black, 2013-04-03 Much of the period 1661 1815 appeared to be the age of France France was the greatest power in Western Europe in the late seventeenth and eighteenth centuries and Louis XIV and Napoleon seemed to dominate their periods yet when Louis XIV died in 1715 and again after Napoleon s attempt to resume power was defeated at Waterloo a century later France appeared as a waning power This failure in Europe was matched on the world scale France was overtaken by Britain in the struggle for maritime predominance and ended the period with her empire in ruins From Louis XIV to Napoleon is a scholarly yet accessible account which considers why France was not more successful and throws light on French history international relations warfare and the rise and fall of French power Soldiers, Statecraft, and History James A. Nathan, 2002-08-30 The increasing capacity of states to muster violence the concomitant rise of military power as a meaningful instrument of foreign policy and the frequent episodic collapse of that power are considered in this examination of force order and diplomacy Nathan points to periods of relative order and stability in international relations the time immediately prior to the rise of Frederick the Great for example or the half century after the Napoleonic Wars as times when states have been most vulnerable to spoilers and rogues Only the power of the Cold War blocs fostered durable order Now notwithstanding novel elements of globalization international relations appear as dependent as ever on the prudent management of force Students scholars and soldiers are frequently exposed to Clausewitz Westphalia Napoleon World War I and the like But what makes these events and individuals so important This book is Clausewitz's successor insisting that soldiers and statesmen know and master the integrative potential of force Nathan provides a narrative account of the people and events that have shaped international relations since the onset of the state system He asserts that an understanding of the limits and utility of persuasion as well as the corresponding limits and utility of force will help assure national security in a world filled with more uncertainties than ever in the last 50

Louis XIV and Europe Ragnhild Marie Hatton,1976-07-01 **Law, City, and King** Michael P. Breen, 2007 An in vears depth examination of political activities in early modern France that opens up new perspectives on the local workings of the French state and the experiences of those who participated in it Law City and King provides important new insights into the transformation of political participation and consciousness among urban notables who bridged the gap between local society and the state in early modern France Breen's detailed research shows how the educated socially middling avocats who staffed Dijon's municipality used law patronage and the other resources at their disposal to protect the city council's authority and their own participation in local governance Drawing on juridical and historical authorities the avocats favored a traditional conception of limited absolute monarchy increasingly at odds with royal ideology Despite their efforts to resist the monarchy's growth the expansion of royal power under Louis XIV eventually excluded Dijon's avocats from the French state In opening up new perspectives on the local workings of the French state and the experiences of those who participated in it Law City and King recasts debates about absolutism and early modern state formation By focusing on the political alienation of notables who had long linked the crown to provincial society Breen explains why Louis XIV s collaborative absolutism did not endure At the same time the book s examination of lawyers political activities and ideas provides insights into the transformation of French political culturein the decades leading up to the French Revolution Michael P Breen is Associate Professor of History and Humanities at Reed College in Portland Oregon The Myth of Absolutism Nicholas Henshall, 2014-06-06 Conventionally absolutism in early modern Europe has suggested unfettered autocracy and despotism the erosion of rights the centralisation of decision making the loss of liberty Everything in a word that was un British but characteristic of ancien regime France Recently historians have questioned such comfortably simplistic views This lively investigation of absolutism in action continent wide but centred on a detailed comparison of France and England dissolves the traditional picture to reveal a much more complex reality and in so doing illuminates the varied ways in which early State Identities and the Homogenisation of Peoples Heather Rae, 2002-08-15 Why are modern Europe was governed forced displacement ethnic cleansing and genocide an enduring feature of state systems In this book Heather Rae locates these practices of pathological homogenisation in the processes of state building Political elites have repeatedly used cultural resources to redefine bounded political communities as exclusive moral communities from which outsiders must be expelled Showing that these practices predate the age of nationalism Rae examines cases from both pre nationalist and nationalist eras the expulsion of the Jews from fifteenth century Spain the persecution of the Huguenots under Louis XIV and in the twentieth century the Armenian genocide and ethnic cleansing in former Yugoslavia She argues that those atrocities prompted the development of international norms of legitimate state behaviour that increasingly define sovereignty as conditional Rae concludes by examining two threshold cases the Czech Republic and Macedonia to identify the factors that may inhibit pathological homogenization as a method of state building Louis XIV John B. Wolf, 1972-06-18 Professor Wolf focuses on the problems of high politics and war which intrigued Louis and were his instruments of power Without ignoring the fact that Louis was also a son husband lover and father as well as king he gives us a striking new image of Louis as soldier administrator and a vivid accurate picture of the king s impact on the military machine after 1691 his part in the drama of war and in the emergence of a new Europe *Preserving the Monarchy* Munro Price,2004-01-29 The comte de Vergennes is best known as one of the great foreign ministers of modern French history but for much of the 1780s he was also first minister in all but name This 1995 book was the first to deal in depth with the critical part he played in French domestic policies on the eve of the Revolution It studies Vergennes role in the context of the debate on the nature and future of the French monarchy in the two decades before the Revolution His financial reforms fully examined here were the last attempt to restructure the monarchy in accordance with its traditional principles The failure of this undertaking accelerated the final collapse of the royal government Preserving the Monarchy is based on archival research as well as reinterpretations of the established sources The result is a significant study not merely of Vergennes but of the end of the ancien r gime

William III, the Stadholder-King Wout Troost, 2017-03-02 In Britain the name of William III is synonymous with sectarianism and Orangism Ever since he burst onto the English political landscape in 1688 to take the throne of his catholic uncle James II William has tended to be viewed within a largely domestic sphere Yet it has been acknowledged that William s main motivation in accepting the English crown was to aid the ongoing struggles of the United Provinces against the might of Louis XIV s France Whilst both the British and European aspects of William s activities have been studied before there has until now been no English language book that draws together both his Dutch and British concerns In this book made available in English for the first time Wout Troost exploits his detailed knowledge of Dutch English Scottish and Irish sources to paint a holistic and convincing political analysis of William's reign Beginning with a brief biography of William the real strength of this book lies in its analysis of the first part of William's reign before the events of 1688 It is this crucial period that has been most neglected by English speaking historians despite the fact that it is crucial to understanding the events that follow For without an appreciation of William's formative years as Stadholder and soldier his actions and decisions relating to the English crown cannot be properly construed Providing a truly balanced insight into the political career of William this book will be welcomed by all those with in interest in European history or who wish to better understand the political and religious geography of modern Britain The translation of this book was made possible by a generous subsidy from NWO the Nederlandse Organisatie voor Wetenschappelijk Onderzoek Sacral Kingship in Bourbon France Sean Heath, 2021-01-28 Historians of the ancien r gime have long been interested in the relationship between religion and politics and yet many issues remain contentious including the question of sacral monarchy Scholars are divided over how and indeed if it actually operated With its nuanced analysis of the cult of Saint Louis covering a vast swathe of French history from the Wars of Religion through the zenith of absolute monarchy under Louis XIV to the French Revolution and Restoration Sacral

Kingship in Bourbon France makes a major contribution to this debate and to our overall understanding of France in this fascinating period Saint Louis IX was the ancestor of the Bourbons and widely regarded as the epitome of good Christian kingship As such his cult and memory held a significant place in the political religious and artistic culture of Bourbon France However as this book reveals likenesses to Saint Louis were not only employed by royal flatterers but also used by opponents of the monarchy to criticize reigning kings What then does Saint Louis cult reveal about how monarchies fostered a culture of loyalty and how did sacral monarchy interact with the dramatic religious political and intellectual developments of this era From manuscripts to paintings to music Sean Heath skilfully engages with a vast array of primary source material and modern debates on sacral kingship to provide an enlightening and comprehensive analysis of the role of Saint Louis in early modern France

Early Modern Europe Mark Konnert, 2008-08-23 A tour de force Vladimir Steffel Ohio State University

A World of Paper John C. Rule, Ben S. Trotter, 2014-06-01 Historians and social scientists have long identified bureaucracy as the modern state s foundation and the reign of France s Louis XIV as a model for its development A World of Paper offers a fresh interpretation of bureaucracy through a close examination of the department of the Sun King s last foreign secretary Jean Baptiste Colbert de Torcy Torcy who served as foreign secretary from 1696 1715 is widely regarded as one of the most brilliant foreign ministers of the ancien regime Building on the work of his predecessors he fashioned a skilled team of collaborators as he managed the complex issues of war and peace during the turbulent final decades of Louis XIV s reign John Rule and Ben Trotter examine Torcy s department to depict administrative structures as they emerged through the circulating stream of paper that connected his office with provincial administrators and diplomats abroad They explore the collection and centralization of information during Torcy s tenure through the creation of a modern state archive discreet intelligence gathering and the surveillance and management of the French mails They also study the postal carriers couriers household officers of the royal court genealogists hired for research and an informal brain trust of experts and advisors who carried vital information in and out of the department every day A remarkable reconstruction of the department of Jean Baptiste Colbert de Torcy A World of Paper demystifies bureaucracy and explores the ways in which the modern information state developed from his labours

While this might not be the Louis Xiv And The Craft Of Kingship full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Louis Xiv And The Craft Of Kingship eBooks, including some popular titles.

FAQs About Louis Xiv And The Craft Of Kingship Books

What is a Louis Xiv And The Craft Of Kingship PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system

used to view or print it. How do I create a Louis Xiv And The Craft Of Kingship PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. How do I edit a Louis Xiv And The Craft Of Kingship PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. How do I convert a Louis Xiv And The Craft Of Kingship PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. How do I password-protect a Louis Xiv And The Craft Of Kingship PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
