## **Love And A Promise:**

Attraction Is a Feeling. Love Is a Promise. Grenville W. Phillips, II, 2013-05 Marriage can be a satisfying and exciting life journey for a man and a woman who love each other. However, the significant number of divorced and separated persons indicates that there is a fundamental problem with their marriage preparation. The dreaded phrases "I just don't love you anymore" and "where has the love gone" are common among those who mistook their intense feelings of attraction as love. Attraction is not love. Attraction is an emotional force that we can feel while love is a promise to do four progressively challenging things. The couple who is ready to make and keep their promises of love is ready to get married. Spouses of those with no intention of keeping these promises are destined to endure a life sentence of misery. This book is written specifically to help men to understand if they are ready to keep the promises of love. **Love's Promises** Martha M. Ertman, 2016-05-24 Blends memoir and legal cases to show how contracts can create family relationships. Most people think of love and contracts as strange bedfellows or even opposites. In *Love's Promises*, however, law professor Martha Ertman shows that far from cold and calculating, contracts shape and sustain families. Blending memoir and law, Ertman delves into the legal cases, anecdotes, and history of family law to show that love comes in different packages, each shaped by different contracts and mini-contracts she calls deals. Family law should and often does recognize that variety because legal rules like relationships aren't one size fits all. The most common form of family which Ertman calls Plan A come into being through different kinds of agreements than the more uncommon families that she dubs Plan B. Recognizing the contractual core of all families shows that Plan B is neither unnatural nor unworthy of legal recognition, just different. After telling her own moving and often irreverent story about becoming part of a Plan B family of two moms and a dad raising a child, Ertman shows that all kinds of people, straight and gay, married and single, related by adoption or by genetics, use contracts to shape their relationships. As couples navigate marriage, reproductive technologies, adoption, and cohabitation, they encounter contracts. Sometimes hidden and other times openly acknowledged, these contracts ensure that the people they think of as family are legally recognized as family in the eyes of the law. Family exchanges can be substantial like vows of fidelity or small like "I cook and you clean." But regardless of scope, the agreements shape the emotional, social, and financial terrain of family relationships. Seeing the instrumental role contracts will help readers better understand how contracts and deals work in their own families as well as those around them. Both insightful and paradigm shifting, *Love's Promises* lets readers in on the power of contracts and deals to support love in its many forms and to honor the different ways that our nearest and dearest contribute to our daily lives. **Learning to Live the Love We Promise** Lewis B. Smedes, 2001-03-20 Each one of us enjoys deep relationships held together by an invisible cord called commitment, and every important community depends on the strength of that unseen cord. **Epiphany of Love** Livio Melina,2010-09-14 In this volume Livio Melina attempts to overcome the deadlock in which moral theology can easily find itself due to the false alternative between moralism with its emphasis on external rules and antimoralism with its insistence on freedom from all norms The key Melina argues here is not to regard morality as a simple list of principles directing our choices and helping us to make correct moral judgments Rather we must step back and begin to comprehend the dynamic mystery of Christian action Only in the light of Christ can the proper correlation between faith and morality freedom and truth be clearly understood True morality springs from a synergistic relationship with God born of faith in Christ nurtured in the church and made manifest in that which inspires all authentic goodness the epiphany of love

ethereal beauty of fairy magic intertwines with the grounded sincerity of human hearts At its core is the captivating Elara a fairy or elf deeply connected to their realm whose journey through moonlit glades and star dusted meadows reveals that the most profound connections are often forged in quiet moments and understanding glances From her initial encounter with Sir Gideon a knight burdened by sorrow yet shielded by a magical artifact that holds memories of joy to a whimsical challenge in a moonlit glade where she meets the intense Ronan Elara s path is one of delicate discovery She learns that true strength isn t found in grand displays of power but in the subtle art of empathy and the courage to offer a gentle honest gesture Whether it s weaving starlight to mend a broken heart or sharing a silent profound understanding with a human soul Elara s magic is one of connection The book delves into profound themes of healing compassion and the unexpected blossoming of love between disparate worlds It explores how joy can be rediscovered even in the face of despair and how a romance can bloom not with thunderous echoes but with a soft heart stopping melody only two souls can hear The Fairy s Dance is a lyrical and evocative odyssey that celebrates the beauty of unseen magic the depth of hidden emotions and the transformative power of a love that is as gentle as falling dew and as enduring as the ancient woods themselves proving that the most magical dances are those performed by two hearts in perfect unspoken harmony
