Love And Kibes From Annie Sprinkle:

Framed Visions Gerd Gemunden, 2025-10-01 *Framed Visions* analyzes the pivotal role American mass media and popular culture have played in shaping the political social and psychological identity of postwar Germans and Austrians Through detailed readings of films novels plays and poems of a variety of contemporary artists including Rainer Werner Fassbinder Wim Wenders Elfriede Jelinek Herbert Achternbusch Monika Treut Peter Handke and Rolf Dieter Brinkmann Gerd Gemunden reveals the paradoxical stance of this generation toward American politics and Hollywood aesthetics On the one hand they are pulled toward a culture that has shaped childhood images tastes and desires on the other they reject American politics and the colonizing effect of its mass culture In contrast to most scholarship about the reception of U S culture abroad this study underscores the imaginary relation of contemporary German and Austrian artists to America Topics such as Americanization and cultural imperialism are therefore treated not as a foreign principle imposed from the outside but as ways that German and Austrian artists have tried to come to terms with their own problematic culture and history Gemunden's study elucidates how the culture of the United States has been mapped in contradictory ways onto questions of national and cultural identity in Germany and Austria over the last thirty years Gerd Gemunden is Assistant Professor of German and Comparative Literature Dartmouth College

Gender Outlaw Kate Bornstein, 2016-05-31 I know I'm not a man and I've come to the conclusion that I'm probably not a woman either The trouble is we're living in a world that insists we be one or the other With these words Kate Bornstein ushers readers on a funny fearless and wonderfully scenic journey across the terrains of gender and identity With a new introduction by the author On one level *Gender Outlaw* details Bornstein's transformation from heterosexual male to lesbian woman from a one time IBM salesperson to a playwright and performance artist But this particular coming of age story is also a provocative investigation into our notions of male and female from a self-described nonbinary transfeminine diesel femme dyke who never stops questioning our cultural assumptions *Gender Outlaw* was decades ahead of its time when it was first published in 1994 Now some twenty odd years later this book stands as both a classic and a still revolutionary work one that continues to push us gently but profoundly to the furthest borders of the gender frontier

Assuming the Ecosexual Position Annie Sprinkle, Beth Stephens, Jennie Klein, Linda Montano, 2021-08-17 The story of the artistic collaboration between the originators of the ecosex movement their diverse communities and the Earth What's sexy about saving the planet Funny you should ask Because that is precisely or perhaps broadly what Annie Sprinkle and Beth Stephens have spent many years bringing to light in their live art exhibitions and films In 2008 Sprinkle and Stephens married the Earth which set them on the path to explore the realms of ecosexuality as they became lovers with the Earth and made their mutual pleasure an embodied expression of passion for the environment Ever since they have been not just pushing but obliterating the boundaries circumscribing biology and ecology creating ecosexual art in their performance of an environmentalism that is feminist queer sensual sexual posthuman materialist exuberant and

steeped in humor Assuming the Ecosexual Position tells of childhood moments that pointed to a future of ecosexuality for Annie in her family swimming pool in Los Angeles for Beth savoring forbidden tomatoes from the vine on her grandparents Appalachian farm The book describes how the two came together as lovers and collaborators how they took a stand against homophobia and xenophobia and how this union led to the miraculous conception of the Love Art Laboratory which involved influential performance artists Linda M Montano Guillermo G mez Pe a and feminist pornographer Madison Young Stephens and Sprinkle share the process of making interactive performance art including the Chemo Fashion Show Cuddle Sidewalk Sex Clinics and Ecosex Walking Tours Over the years they celebrated many more weddings to various nature entities from the Appalachian Mountains to the Adriatic Sea To create these weddings they collaborated with hundreds of people and invited thousands of guests as they vowed to love honor and cherish the many elements of the Earth As entertaining as it is deeply serious and arriving at a perilous time of sharp differences and constricting categories the story of this artistic collaboration between Sprinkle Stephens their diverse communities and the Earth opens gender and sexuality art and environmentalism to the infinite possibilities and promise of love

The Radical Ecology of the Shelleys Colin Carman, 2018-11-07 The Radical Ecology of the Shelleys Eros and Environment is the first full length study to explore a radically queer ecology at work in writings by Percy Bysshe Shelley and Mary Wollstonecraft Shelley as their discussions of nature and the natural consistently link ecology and erotic practice Initiated by Timothy Morton in 2010 as a hybrid of two schools of thinking about nature queer ecology combines the alertness of environmentalists to constructions of the natural with efforts of sexuality scholars to denaturalize identity and to

expose sexuality as a culture bound construct Conceptions of place are central to this investigation not only because an attachment to place is traditionally thought to be the ontological basis of all environmental consciousness e g think globally act locally but because these two Romantic writers underscore the dynamic interaction between a person s natural surroundings and his her interpersonal attachments The poetical and prose writings of the Shelleys claim our special attention because of their unusual conception of the oikos the etymological root of ecology to mean both local grounds and the social often domestic places in which people dwell and desire The overarching thesis of this book asserts that proto ecological theories in Romantic era England cannot be understood separately from discourses related to married family life and the texts considered demonstrate the comingling of earthly and erotic enjoyment The issues raised by Eros and Environment are fundamental not only to literary and queer history but to all humanistic studies They render the study of nature from a queer perspective a matter of intense interest to scholars in numerous disciplines ranging from ecocriticism and the natural sciences including climate studies to feminist criticism and sexuality studies

Staying with the Trouble Donna J. Haraway,2016-08-25 In the midst of spiraling ecological devastation multispecies feminist theorist Donna J Haraway offers provocative new ways to reconfigure our relations to the earth and all its inhabitants She eschews referring to our current epoch as the Anthropocene preferring to conceptualize it as what she calls the Chthulucene as it more aptly and fully describes our epoch as one in which the human and nonhuman are inextricably linked in tentacular practices The Chthulucene Haraway explains requires sym poiesis or making with rather than auto poiesis or self making Learning to stay with the trouble of living and dying together on a damaged earth will prove more conducive to the kind of thinking that would provide the means to building more livable futures Theoretically and methodologically driven by the signifier SF string figures science fact science fiction speculative feminism speculative fabulation so far Staying with the Trouble further cements Haraway s reputation as one of the most daring and original thinkers of our time **The Art of Feminism** Lucinda Gosling,Hilary Robinson,Amy Tobin,2018-12-25 A survey of feminist art from suffrage posters to The Dinner Party and beyond Lavishly produced images indispensable to scholars critics and artists Art Monthly Once again women are on the march And since its inception in the nineteenth century the women s movement has harnessed the power of images to transmit messages of social change and equality to the world From highlighting the posters of the Suffrage Atelier through the radical art of Judy Chicago and Carrie Mae Weems to the cutting edge work of Sethembile Msezane and Andrea Bowers this comprehensive international survey traces the way feminists have shaped visual arts and media throughout history Featuring more than 350 works of art illustration photography performance and graphic design along with essays examining the legacy of the radical canon this rich volume showcases the vibrancy of the feminist aesthetic over the past century and a half **The Inner Goddess Makeover. Thinking with the Harrisons Anne Douglas, Chris Fremantle, 2024-09-30 Helen Mayer Harrison and Newton Harrison known as the Harrisons dedicated five decades to exploring and demonstrating a new approach to artistic practice centred on doing no work that does not attend to the wellbeing of the web of life Their collaborative practice pioneered a way of drawing together art and ecology They closely observed often with irony and humour how human intervention disrupts the dynamics of life as a web of interrelationships The authors of this book think with the Harrisons critically tracing their poetics as a reimagining and reconfiguring of the arts in response to the unfolding planetary crisis They draw parallels between the artists poetics and rethinking in the philosophy of science particularly drawing on the work of Isabelle Stengers and Alfred North Whitehead Thinking with the Harrisons is for anyone concerned with the implications of ecology as part of a reimagining of public life including through the interaction of art and science Throughout their joint practice the Harrisons sought to engage policy makers governments ecologists artists and inhabitants of specific places sensitizing us to the crises that emerge from grounded experiences of place and time
