J. Sokol,Mary Sokol,2003-12-08 This interdisciplinary study combines legal historical and literary approaches to the practice and theory of marriage in Shakespeare's time It uses the history of English law and the history of the contexts of law to study a wide range of Shakespeare's plays and poems The authors approach the legal history of marriage as part of cultural history The household was viewed as the basic unit of Elizabethan society but many aspects of marriage were controversial and the law relating to marriage was uncertain and confusing leading to bitter disagreements over the proper modes for marriage choice and conduct The authors point out numerous instances within Shakespeare's plays of the conflict over status gender relations property religious belief and individual autonomy versus community control By achieving a better understanding of these issues the book illuminates both Shakespeare's work and his age **The Art of Love Poetry** Erik Irving Gray,2018 The first study to offer an integral theory of love poetry examining why it is that poetry even more than other arts is so consistently associated with romantic love **A Cognitive Approach to John Donne's Songs and Sonnets** M. for general readers as well as for students of history and literature Christianity and Literature **The Making of the Twentieth-Century Novel** John Orr, 1987-01-01 Women and Sexuality in the Novels of Thomas Hardy Rosemarie Morgan, 2006-04-07 The women in Thomas Hardy's novels appear to have no control over their conduct or their destiny In this book Rosemarie Morgan argues a contrary case Hardy's women struggle sometimes winning often losing but they are not tame objects to be manipulated Their resistance emerges in their sexuality a quality which Hardy was often forced to cloak or disguise Rosemarie Morgan resurrects Hardy's voluptuous heroines and restores to them the physical sexual reality which Hardy sees as their birthright but which the male dominated world they inhabit seeks to deny them both within and beyond the novel *Devotional Experience and Erotic Knowledge in the Literary Culture of the English Reformation* Rhema Hokama, 2023-02-20 This study explores the way Calvinist experientialism provided both a theology and an epistemology in the poetry of five early modern English poets William Shakespeare Robert Herrick John Donne Fulke Greville and John Milton In both official church ecclesiology and informal devotional practice the Reformation introduced the idea that an individual's experience of devotion did not only entail feeling but also thought For early modern English people bodily experience offered a means of corroborating and verifying devotional truth making the invisible visible and knowable This volume maintains that these religious developments gave early modern thinkers and poets a new epistemological framework for imagining and interpreting devotional intention and access These Reformed models for devotion not only shaped how people experienced their encounters with God the changing religious landscape of post Reformation England also held profound implications for how English poets described sexual longing and access to earthly beloveds in the literary production of the period In placing the works of English poets in conversation with devotional writers such as William Perkins Samuel Hieron Joseph Hall and William Gouge this book demonstrates how the English Calvinist tradition attributed epistemological potential to a wide range of ordinary experience including sexual experience Shakespeare's Tragedies and Modern Critical Theory James Cunningham, 1997 Individual chapters deal with cultural materialism new historicism poststructuralism and feminist criticism The theoretical basis of each critical mode is examined and some representative critiques analyzed Most importantly in each chapter the various interpretations are tested against Shakespeare's texts and the strengths and weaknesses of the different readings are assessed **Chrétien de Troyes** Douglas Kelly, 2002 The supplement to the 1976 original bibliography reflects the expanding scope of modern Chrétien studies including items from around the world with the assistance of an international team of scholars The Supplement builds on and completes the Chrétien de Troyes Bibliography first published in 1976 Together the two volumes constitute the fullest and most complete bibliographical source now available on this major medieval author Chrétien de Troyes bequeathed a corpus of highly original and widely influential Arthurian romances Indeed his direct or indirect influence continued throughout the middle ages and beyond into modern times The Bibliography permits students of medieval romance to quickly identify the areas in which Chrétien scholarship has been active Items are listed

under twenty two topics with numerous sub sections under each topic and cross references for items that treat more than one of the topics The broad geographic and linguistic scope of modern Chr tien studies is evident in items not only from western Europe and North America but also from the growing body of medieval scholarship in eastern Europe Asia Africa South America and Australasia To ensure accuracy and completeness the editor has been assisted by scholars competent in the many languages in which Chr tien studies are now published most notably in Japanese Welsh Rumanian Hungarian and Polish as well as by other scholars and librarians who generously provided assistance and information in finding items difficult to access

Subversive Family Ferdinand Mount, 2010-06-15 British politician and writer Ferdinand Mount challenges contemporary beliefs about society and family including the history of divorce childcare and the concept of the nuclear family In *Subversive Family* politician and writer Ferdinand Mount argues that society is shaped by a series of powerful revolutionary movements the leaders of which whether they be political ideologues theologians feudal lords or feminist writers have done their utmost to render the family a subordinate instrument of their purpose but that in spite of it all the family endures Mount maintains that many widely held contemporary beliefs about the family are based on a willful misreading of the evidence among the myths are that arranged marriages were the norm until this century that child care is a modern innovation that in earlier societies children were treated as expendable objects that the nuclear family is not a 20th century invention and that romantic love never existed before the troubador poets glorified adultery Divorce he contends is no great novelty either he shows that in many times and places it has been almost as easy to obtain as it is today Far from diminishing the general desire and respect for family life Mount contends that the provision for divorce has been popularly regarded as an integral part of any sensible system of family law This study should jolt the reader into a re assessment of one of the most familiar and ancient institutions and encourage greater consideration for policies today that support the family

[Trial by Ordeal](#) Edward Neill, 1999 *Trial by Ordeal* takes a sharp look at central aspects of the critical reception of Thomas Hardy It demonstrates how critical appropriations of Hardy's work often provide a simplifying conventional or conservative image of the writer which a sophisticated view of his creative intentions by no means confirms Edward Neill discusses the dangers inherent in interpreting Hardy's writings in terms of his life the limitations of criticism that views his work as nostalgic reaction approaches to the poetry and the critical response to *Jude the Obscure*

[Celebrating Thomas Hardy](#) Charles P C Pettit, 1996-07-05 The essays collected in *Celebrating Thomas Hardy* include both scholarly studies by leading academics and personal appreciations by perceptive readers and writers The volume is therefore both a substantial contribution to Hardy studies which will be valuable to students and academics and an approachable companion to Hardy for enthusiasts
