The Criminal Law's Person Claes Lernestedt, Matt Matravers, 2022-02-10 The state's use of the threat and imposition of punishments to regulate conduct is thought or at least said by many to be legitimised by the idea that the criminal law's burdens only fall on those who are blameworthy for their conduct However the formal concept of blameworthiness needs to be made substantive This puts various ideas regarding the

criminal law's person at the heart of debates about blame, guilt, and responsibility. How is the criminal law's person constructed by whom and with what disciplinary norms? How is it threatened by new knowledge and how do those threats play out amongst the various stakeholders who claim the criminal law's person as theirs? To address these and cognate questions, this volume brings together an international group of academics to engage with the criminal law's person from a range of disciplinary perspectives.

***The Klein-Winnicott Dialectic*** Susan Kavalier-Adler, 2018-05-01 *The Klein-Winnicott Dialectic: Transformative New Metapsychology and Interactive Clinical Theory* brings together the theories of Melanie Klein and Donald W. Winnicott, two giants and geniuses of the British school of object relations, clinical and developmental theory, and psychoanalytic technique. In this book, the author attempts to integrate the theories of Klein and Winnicott rather than polarising them, as has been done often in the past. This book takes the best of Klein and Winnicott for use by clinicians on an everyday basis without having the disputes between their followers interfere with the full and rich platter of theoretical offerings they each of them provided. In addition, this book looks at the biographies of Klein and Winnicott to show how their

theories were inspired by their contrasting lives and contrasting parenting and developmental dynamics By examining their theories in relation to their biographies one can see why their dialectical theoretical focuses emerged highly contrasted in their major emphasis and yet highly complementary when applied together to clinical work *From the Couch to the Circle* John Schlapobersky, 2016-02-05 Recipient of the 2017 Anne Alonso Award for Excellence in Psychodynamic Group Therapy conferred by the Group Foundation for Advancing Mental Health part of the American Group Psychotherapy Association
