something you are born with When you are in a condition of depression you feel it from the inside out yet it is triggered by external circumstances like people and things A lot of things must go your way before you can be happy What a shame because if you follow these guidelines when defining happiness you are unlikely to experience much joy In the event that you do achieve this emotional state it will not continue for very long at all How did this happen You are not really set up for long lasting and intensely pleasant experiences if you go by these definitions Because you are not in charge they won't Either happiness occurs on a regular basis or it does not When the stars align or when you roll the dice it is more likely to happen To live your life in this manner is the best way to go about it A better way to think about happiness is as an outcome of your ability to manage your emotions A series of acts that you have some degree of influence over are the emphasis of a skills based approach You can better understand the repercussions of your actions and feelings if you pay attention to what you are doing and where you are doing it Choosing your feelings is a powerful tool Happiness is more durable when you can choose how you respond and focus on the positive aspects of your life Control is attained as a result of this When compared to someone who simply waits to see if others would be good to them this individual is a lot more proactive He or she sits and waits to see if the stars align It is possible they are waiting for an opportunity to arise in their current employment hoping for a promotion or for a scholarship or hoping to do well on a test Your best strategy is to take control of your own happiness rather than relying on another person's good fortune to bring it into your life Life is what occurs when you are busy making other plans and you are not in control of that Emotional coping skills can help you take charge of your life in a wide range of situations so use them to your advantage Get a better grasp of the mechanics and build a blueprint for emotional regulation by clicking [here](#) Success in life requires a high level of emotional intelligence It is time to put your emotions to good use rather than relying on them to sabotage you

now keywords Religion Destiny Universal Construct Balance Metaphysics Love     Manhood, Womanhood, and Their Mutual Interrelations Orson Squire Fowler, 1870     **Helping Johnny Listen** Thad Bergmeier, 2010-03-01 The preaching of God's Word happens tens of thousands of times each week across the world. As these sermons are given when the preacher is faithful to the text of the Scripture, it is as if God is speaking to the people of that given congregation. The question is: are people listening? Listening to preaching is more than showing up, sitting still, or even nodding one's head. It is taking that which is preached and applying it to life. **Helping Johnny Listen** is a book designed to help the average person who sits in the average church on the average Sunday take full advantage of the sermons they hear so that they are able to live what they hear.
