not a book about how to make money or spend it or give it away Rather it s a book for anyone who has ever worried about money about having enough and it begins with a startling assumption No amount of money will ever lift your anxiety This may seem counterintuitive but in Gregory Jeffrey we have an experienced guide With degrees in business and theology he has worked as a development consultant for two decades In meeting with thousands of individuals to ask their support for various causes he discovered to his amazement that some people with millions worried constantly about money others of very modest means seemed immune Apparently making peace with money entails something other than money This insight led Jeffrey to question every fundamental assumption we hold about wealth With warmth humor and a writing style as simple as the Dakota prairie he grew up on he offers a unique perspective on the interplay between our spiritual and financial lives Rich with images stories and compassion for the millions now burdened with financial worries Jeffrey teases out what is required of the soul who wishes to be free of anxiety Practical and timely this book will challenge you to grow in wisdom trust frugality and generosity Scott Hahn best selling author speaker and Scripture scholar In striving for holiness conversion is needed in all parts of our lives Jeffrey goes to that place rarely examined the intersection where wealth and God meet and often come into conflict As a remedy and balm he shares with visual examples and heartwarming stories a sobering insight to be at peace with money you must first be at peace with God The Most Reverend Samuel J Aquila Bishop of Fargo

Understanding John Gagaoudakis,2017-06-16 Always loved to think about everything I could think about If I had to believe in something I had to prove it was the wise and correct thing and also it had to work out perfectly with everything else just as in math Anything we believe in math we had to prove it before I notice that there are a lot of problems in the world because there is not enough understanding Love for example disappears in front of our eyes if there is not enough understanding I thought that love and understanding are a great pair They will never get divorced You guessed it because there is understanding My aim is to help people think more and try to understand more and more before we say or do
