**Travelling Light: Masonic Meditations on the Search for Illumination** Jonti Marks,2023-04-04 Almost the first thing that we ask for as newly made Freemasons is light From that moment we are led through the teachings of the Craft until as Master Masons we face the ultimate test of our courage and fidelity only to be told that all the light we have thus far accumulated is but darkness visible And so we start to ask if the light of this world is only darkness visible what is true light Where does it come from How do we acquire it How do we benefit from it How do we use it for the benefit of others And how ultimately do we become it And so begins our quest      365 Level steps Volume 2: Masonic Meditations for Every Day of

*Light and Truth - The Old Testament* Horatius Bonar, 2023-09-01 God speaks to us through the Bible That Book embodies His words Creation itself is the visible embodiment of His power and wisdom It is the result of His words This Book of His is in a different way the effect of His speaking It is His written wisdom and power There is His voice to us The thunder and tempest are His loud voice of grandeur The sunshine and the gentle breeze are His still small voice But deeper clearer keener softer and still more penetrating than all of these is His written Word to us The Bible is what it is because it contains the words of God It is through the Word and in connection with it that God communicates with us The Word revives Your word has revived me Psalm 119 50 The word produces faith Faith comes from hearing Romans 10 17 The Word strengthens comforts heals nourishes and revives It gets into contact with each part of our souls and works its own work there And it does this because it is divine No human words could be trusted to work the work in a human soul so unrestrictedly It is not eloquence poetry nor argument but something more than all these together It is something peculiar and indescribable which man could not have formed and which he cannot understand that makes it so suitable for the soul of a foolish and sinful man

**Insanity and Genius** Harry Eiss, 2014-06-02 In his book about the discovery of the structure of DNA James Watson wrote So we had lunch telling ourselves that a structure this beautiful just had to exist Indeed the quest most often asked by scientists about a scientific theory is Is it beautiful Yes beauty equals truth Scientists know mathematicians know But the beauties the truths of mathematics and science were not the truths that inspired the author as a child and he intuitively knew

that the truths he needed come from a different way of knowing a way of knowing not of the world of logic and reason and explanation though they have a value but rather a way of knowing that is of the world expression a world that enters the truths beyond the grasp of logic That is what this book is all about It is an exploration of the greatest minds of human existence struggling to understand the deepest truths of the human condition This second edition updates the previous one incorporating new publications on Van Gogh recent discoveries in neurology psychology and the rapid developments in understanding DNA and biotechnology We've come a long way already from that original discovery by Watson and his coauthor Francis Crick

**Decreation and the Ethical Bind** Yoon Sook Cha, 2017-06-01 In Simone Weil's philosophical and literary work obligation emerges at the juncture of competing claims the other's self affirmation and one's own dislocation what one has and what one has to give a demand that asks for too much and the extraordinary demand implied by asking nothing The other's claims upon the self which induce unfinished obligation unmet sleep hunger drive the tensions that sustain the scene of ethical relationality at the heart of this book Decreation and the Ethical Bind is a study in decreative ethics in which self dispossession conditions responsiveness to a demand to preserve the other from harm In examining themes of obligation vulnerability and the force of weak speech that run from Levinas to Butler the book situates Weil within a continental tradition of literary theory in which writing and speech articulate ethical appeal and the vexations of response It elaborates a form of ethics that is not grounded in subjective agency and narrative coherence but one that is inscribed at the site of the self's depersonalization

Born Breech into Covenant: the Experience of Mother Carol Bosworth, 2009-07-23 Each of us has a lifetime in which to discover our way to belong within our particular experience of times and events Instead of an operating manual our families and cultures give us expectations for who we are and what is our place in the world This is the story of my journey into the calling of motherhood that I did not understand and struggled to reject Conscientious wrestling with the experiences of motherhood eventually taught me how entangled love and anger can be and how suffering is inseparable from both Finally a deeper call to love confronted me
