Military Objectives In Soviet Foreign Policy:

Military Objectives in Soviet Foreign Policy Michael MccGwire, 2010-12-01 This study concentrates on the military roots of Soviet policy. It concentrates on how planning for the contingency of a world war shapes and distorts Soviet policy while producing a military posture and structure of forces that appear to the West as being far in excess of any legitimate defense needs. The focus is on the military technical aspects of doctrine which is the responsibility of the military to implement. The study does not dwell on the decisions that the Soviet political leaders would face in the course of a war except to note how the hierarchy of objectives would influence those decisions. Bulletin of the Atomic Scientists, 1987-07

Military Objectives in Soviet Foreign Policy Michael MccGwire, 1987-01 En amerikansk analyse af Sovjetunionens strategiske m l udformningen af de sovjetiske milit re v rns strukturer og opgaver p verdensplan og v rnenes opgaver som brikker i Sovjetunionens udenrigspolitik **Soviet Strategy, Soviet Foreign Policy** Carl G. Jacobsen, 1974 **Soviet Military Power**, 1989 *Soviet Military Power, 1987*, 1987 Soviet Military Power 1987 reviews new development in the USSR's armed forces over the past year and places these in the context of current doctrine and strategy. These developments again underscore that the USSR is building new generations of offensive strategic and theater nuclear forces as well as conventional land sea and air forces and strategic defense forces going far beyond legitimate requirements for defense.

The Defense Policies of Nations Douglas J. Murray, Paul R. Viotti, 1994 Now in its third edition *The Defense Policies of Nations* has been thoroughly updated to take into account the dramatic developments of recent years: the dissolution of the Soviet Union, the resurgence of East Asian powers, the emergence of newly independent nations in Eastern Europe, the continuing instability of the Middle East, and the growing importance of third world nations in global security matters. For those dealing with national defense issues on a daily basis or even for those interested in the subject because of its current relevance, *The Defense Policy of Nations* is must reading. Gen Theodore J. Conway, Military Review, American Academy of Political and Social Science **Great Power Security Cooperation** David W. Kearn, 2014-12-18 This book explains the conditions under which great powers are likely to cooperate to improve their security by engaging in qualitative arms control. In agreeing to limit or proscribe certain classes of weapons, states will constrain their military capabilities and therefore decrease the threat they pose to potential adversaries. Focusing on the expected military impact of technological change and the capacity of states to confidently monitor the activities of its negotiating partners, it may be possible to forge lasting agreements that improve the security of the participating states. However, at other times, the nature of technological change may force states to engage in competitive behavior, precluding cooperation and increasing the probability of conflict. Examining a diverse set of cases including the Washington Naval Conference, The World Disarmament Conference at Geneva, the Baruch Plan for the International Control of Atomic Energy, and the SALT I Accords including the ABM Treaty, this volume presents a persuasive, comprehensive, and interesting contribution to the literature on arms racing and arms control, and

should be of interest to students of international relations theory and security studies By presenting a theoretical informed model that explicitly links the security strategies of states to their choices about development and deployment of new weapons and consequently their willingness to engage in arms control cooperation this book provides an important refinement upon existing theoretical and historical approaches Soviet Military Thinking Derek Leebaert,2021-01-26 This book first published in 1981 examines the influences affecting Soviet military thinking planning and theory in the later Cold War It offers for the first time an insight into the range of premises and calculations surrounding the Soviet conception of power and makes the connection between Soviet studies and military strategy a link often missed in the West It discusses comparative doctrines cultural differences arms control and specific security challenges between East and West **The International Politics of Asia-Pacific, 1945-1995** Michael Yahuda,2005-08-19 This fully updated and revised edition of Michael Yahuda s extremely successful textbook introduces students to the international politics of the Asia Pacific region since 1945 Divided into three parts the first presents a chronological overview of developments since 1945 the new second part looks at the post cold war period while the third focuses on the policies of the US the USSR Russia China and Japan in the region Yahuda analyses politics in terms of global regional and local trends combining narrative with analysis This new edition features analysis of the economic crisis and the potential implications worldwide of East Asian economic recovery a chapter on the emergence of East Asia as a significant force in world affairs focusing on the role of lesser powers such as Indonesia and Malaysia chapters considering prospects post 2000 and competing frameworks for security in the wake of nuclear tension between India and Pakistan the strengths and weaknesses of US hegemony in the new world order The International Politics of the Asia Pacific Michael Yahuda,2012-12-06 This second edition of Michael Yahuda s extremely successful textbook introduces students to the international politics of the Asia Pacific region since 1945 The new edition is completely updated with contemporary coverage of the economic crises and includes new chapters on the current role of East Asia in world affairs prospects post 2000 the strengths and weaknesses of US dominance and the challenge of other powers prospects for and implications of an East Asian economic recovery *Military Review* ,1991 **The International Politics of the Asia Pacific** Michael B. Aerospace Studies Institute. Documentary Research Division,1965 **The Russian Nuclear Shield from Stalin to Yeltsin** J. Mathers,2000-08-09 This book makes extensive use of Soviet sources to provide the first full analysis of Moscow s ballistic missile defence policy from its origins to the most recent post Soviet developments It considers the Soviets motivations for pursuing an anti ballistic missile capability and the extent of their success and reveals that ballistic missile defence policy was used by every political leadership from Krushchev to Yeltsin as a means of sending signals about Moscow s intentions to the West **The USSR and the Western Alliance**

Robbin F. Laird, Susan L. Clark, 2021-01-26 This book first published in 1990 examines the relationship between the Soviet Union and the Western Alliance at a time of great changes. Experts on a range of topics analyse the relationship from both the Soviet perspective, the impact of Gorbachev and the role of Eastern Europe and from the standpoint of the nations of the West including France, Great Britain and West Germany. Also included is a discussion of the role of the northern flank in Soviet nuclear free proposals. The book concludes with an assessment of the challenges posed by the changing Soviet perspective and the opportunities that these present for the Western Alliance. *Economic Reforms in the U.S.S.R.* United States.
