A History of World Order and Resistance Andre C. Drainville, 2013-06-17 This book combines theory with history to look into a dozen episodes of struggle over the concrete and situated terms of world ordering and it finds reasons to think that the contemporary movement of movements against neo liberal globalization has deeper roots and a broader history than is usually recognized Informed by case studies from the US the UK France South Africa Algeria the Philippines and Jamaica *A History of World Order and Resistance* examines how men and women are sometimes subjectified by world ordering and how they sometimes make themselves true subjects of their own global history The author an expert on resistance to world ordering situates the contemporary movement of movements against neo liberal globalization in a broader historical framework to argue that resistance to world ordering has not only developed its very own unalienating mode of relation to the world economy but also sustained it over two hundred years without political mediation or representations Herein lies the heart of the on going world revolution against capital The book concludes with a radical polemic against the political organization of the multitude *A History of World Order and Resistance* will be of interest to students and scholars of political theory international political economy and globalization **Millennium Rage** P.

Lamy, 2013-11-11 When a leading presidential candidate feels comfortable proclaiming he ll destroy the New World Order A code word for the supposed minority led worldwide conspiracy it cannot be a moment too soon to learn the truth about the covert symbols spreading zealotry and deadly machinations of the armies of millennium rage **Contested World Orders**

Matthew D. Stephen, Michael Zürn, 2019 This volume provides a novel institutionalist theoretical approach to the rise of new powers and NGOs in relation to international institutions It reveals the major conflicts that characterise some key contemporary international institutions such as the UN Security Council the World Trade Organization the G7 and the UN Human Rights Council *The Oxford Handbook of Millennialism* Catherine Wessinger, 2016-07 Seventh Day Adventists

Melanesian cargo cults David Koresh's Branch Davidians and the Raelian UFO religion would seem to have little in common. What these groups share however is a millennial orientation, the audacious human hope for a collective salvation which may be either heavenly or earthly. The Oxford Handbook of Millennialism offers readers an in depth look at both the theoretical underpinnings of the study of millennialism and its many manifestations across history and cultures.

Civilizations and World Order Fred Dallmayr, M. Akif Kayapinar, Ismail Yaylaci, 2014-09-24. Civilizations and World Order: Geopolitics and Cultural Difference examines the role of civilizations in the context of the existing and possible world orders from a cross cultural and interdisciplinary perspective. Contributions seek to clarify the meaning of such complex and contested notions as civilization, order and world order; they do so by taking into account political, economic, cultural and philosophical dimensions of social life. The book deals with its main theme from three angles or vectors: first, the geopolitical or power political context of civilizations; secondly, the different roles of civilizations or cultures against the backdrop of post coloniality and Orientalism; and thirdly, the importance of ideological and regional differences as factors supporting or obstructing world orders. All in all, the different contributions demonstrate the impact of competing civilizational trajectories on the functioning or malfunctioning of contemporary world order.

Fascism and Millennial American Cinema Leighton Grist, 2018-05-31. This book examines a spate of American films released around the turn of the millennium that differently address the actuality or possibility of domestic fascism within the USA. The films discussed span a diversity of forms, genres and production practices and encompass low and medium budget studio and independent releases such as American History X, Stir of Echoes and The Believer, star and/or auteur vehicles such as The Siege, Fight Club and American Beauty, and high budget high concept science fiction films and franchises such as Starship Troopers, Minority Report, the Matrix and X-Men trilogies and the Star Wars prequels. Central to the book is the detailed analysis of the films which is contextualized historically in relation to a period that saw the significant rise of the far Right. The book concordantly affords a wider insight into fascism and its various manifestations and how such have been and continue to be registered within American cinema.

Millennial Violence Jeffrey Kaplan, 2013-09-13. This volume encompasses an array of material exploring the millennium phenomenon and the violent excitement it provokes. Consisting of three core parts, the book combines pertinent documents with insightful commentary and discussion.

Creation and the Second Coming Dr. Henry M. Morris, 1991-09-01. Possibly the only book of its kind, Creation and the Second Coming captivates the reader by linking our origins with our destiny. Blending biblical stories like Noah and Jesus teaching His disciples, Dr. Henry Morris weaves an intriguing resource for prophecy and creationism buffs.

War in Heaven/Heaven on Earth Stephen D. O'Leary, Geln S. McGhee, 2014-12-18. The apocalypse is a motif that lies behind many religious beliefs and practices. War in Heaven/Heaven on Earth theorizes the apocalyptic as it has arisen in a variety of religious traditions from Native American religion to Islam in Northern Nigeria and new terrorist movements. Millennial theory and history are explored from the perspective of social psychology, sociology and

post modern philosophy The volume is unique in applying an analysis of millennial themes to a comparative study of religion

Militias in the New Millennium Stanley C. Weeber, Daniel Gilbert Rodeheaver, 2004 In *Militias in the New Millennium* Stan Weeber and Daniel Rodeheaver examine the state of the U S citizen militia movement in the new millennium Using Smelser s theory of collective behavior the authors examine the causes belief systems and electronic presence of militias and the efforts of social control agents to contain them

Asian Millenarianism Hong Beom Rhee, 2007 This groundbreaking book reexamines the Taiping and the Tonghak movements in 19th century Asia Providing an understanding of the movements as an expression in part of deeply rooted Asian spiritual ideas the work also offers historical and philosophical reflections on what studies of Asian millenarianism can contribute to the comparative study of millenarianism
