Modern French Philosophy From Existentialism To Postmodernism:

Modern French Philosophy Robert Wicks, 2013-10-01 This is a thorough and balanced guide to modern French philosophical thought providing lucid authoritative accounts of famous philosophers whilst also highlighting lesser known figures Author Robert Wicks introduces the major works of each philosopher explaining their impact on their peers and on the wider world Covering such major movements as Existentialism Surrealism Structuralism and Postmodernism this handbook is a useful resource for Francophiles students of philosophy and all those interested in the intellectual landscape of 20th and 21st century France The book includes detailed coverage of such philosophers as Henri Bergson Beauvoir Sartre Camus Barthes Derrida Foucault Deleuze and Levi Strauss among others , Anthropology and the Human Subject Brian Morris, 2014 The German philosopher Immanuel Kant famously defined anthropology as the study of what it means to be a human being Following in his footsteps Anthropology and the Human Subject provides a critical comprehensive and wide ranging investigation of conceptions of the human subject within the Western intellectual tradition focusing specifically on the secular trends of the twentieth century Encyclopaedic in scope lucidly and engagingly written the book covers the man and varied currents of thought within this tradition Each chapter deals with a specific intellectual paradigm ranging from Marx's historical materialism and Darwin's evolutionary naturalism and their various off shoots through to those currents of thought that were prominent in the late twentieth century such as for example existentialism hermeneutics phenomenology and poststructuralism With respect to each current of thought a focus is placed on their main exemplars outlining their biographical context their mode of social analysis and the ontology of the subject that emerges from their key texts The book will appeal not only to anthropologists but to students and scholars within the human sciences and philosophy as well as to any person interested in the question What does it mean to be human Ambitious in scope and encyclopaedic in execution his style is always lucid He makes difficult work accessible His prose conveys the unmistakable impression of a superb and meticulous lecturer at work Anthony P Cohen Journal Royal Anthropological Institute There is a very little I can add to the outstanding criticism Brian Morris levels at deep ecology Insightful as well as incisive I have found his writings an educational experience Murray Bookchin Institute of Social Ecology The Philosophical Investigator Ken Ewell, 2014-10-08 PRIVATE INVESTIGATOR SAM MARLOWE travels to Paris in search of the Modern world a valuable object that may or may not have gone missing On the Right Bank the philosophical investigator Honor de Balzac leads Sam through the French cultural experience of the last five centuries while instructing him on the art of becoming a raconteur a teller of tales Sam must then make sense of postmodern Paris a confusing labyrinth devoid of the usual signposts that normally direct Western Civilization On the Left Bank he meets another philosophical investigator Marcel Proust who guides him along the corridors of existentialist thought while instructing him on the art of becoming a fl neur a spectator of life During his investigation Sam encounters numerous Francophile historians and philosophers as well as many writers and characters of French literature

The story is much like the menu at a fine French restaurant with the first time guest longing to sample all the exquisite dishes before making a final choice Fortunately the diner can taste that very special dish on another visit to Caf Philosophique Bon App tit

An Avant-garde Theological Generation Jon Kirwan, 2018 An Avant garde Theological Generation examines the Fourvi re Jesuits and Le Saulchoir Dominicans theologians and philosophers who comprised the influential reform movement the nouvelle th ologie Led by Henri de Lubac Jean Dani lou Yves Congar and Marie Dominique Chenu the movement flourished from the 1930s until its suppression in 1950 It aims to remedy certain historical deficiencies by constructing a history both sensitive to the wider intellectual political economic and cultural milieu of the French interwar crisis and that establishes continuity with the Modernist crisis and the First World War Chapter One examines the modern French avant garde generations that have shaped intellectual and political thought in France providing context for a historical narrative of the nouvelle th ologie Chapters Two and Three examine the influential older generations that flourished from 1893 to 1914 such as the Dreyfus generation the generation of Catholic Modernists and two generations of older Jesuits and Dominicans which were instrumental in the Fourvi re Jesuits development Chapter Four explores the influence of the First World War and the years of the 1920s during which the Jesuits and Dominicans were in religious and intellectual formation relying heavily on unpublished letters and documents from the Jesuits archives in Paris Vanves Chapter Five analyses the crises of the interwar period and the emergence of the wider generation of 1930 to which the nouveaux th ologiens belonged and its intellectual thirst for revolution Chapter Six examines the emergence of the ressourcement thinkers during the tumultuous years of the 1930s The decade of the 1940s explored in Chapter Seven saw the rise to prominence of the members of the generation of 1930 who thanks to their participation in the resistance emerged from the Second World War with significant influence on the postwar French intellectual milieu Finally the monograph concludes in Chapter Eight with an examination of the triumph of French Left Catholicism and the nouvelle th ologie during the 1960s at the Second Vatican Council

Semiotics and Hermeneutics of the Everyday Gregory Paschalidis, Lia Yoka, 2015-06-18 The linchpin of the momentous paradigm shift that produced the new hermeneutics of everyday life was a focus on people as active agents in

various cultural contexts uses and practices the merging of the conventional distinctions between the private and the public the local and the global the material and the symbolic and the bridging of the agency structure divide marking grand historical and cultural narratives In their place a wealth of new kinds of narratives were produced out what **Pillars in the History of Biblical Interpretation, Volume 3** Stanley E. Porter, Zachary K. Dawson, 2021-06-07 This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation With eighteen essays on nineteen biblical interpreters volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series Each chapter provides a biographical sketch of its respective scholar s an overview of their major contributions to the field explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods By focusing on the contexts in which these scholars lived and worked these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation While identifying a scholar as a pillar is somewhat subjective this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a given context and time period This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development

Spinoza Richard H. Popkin, 2013-10-01 This authoritative new introduction draws on both Richard H Popkin s unparalleled scholarship and a wealth of historical and philosophical sources to highlight the real influences behind Spinoza s thought Popkin reconstructs Spinoza the man and his theories contrasting these findings with some of the popularity held misconceptions Locating him within the context of his family and background the author assesses the impact on Spinoza of everything from his infamous excommunication to his affection for Euclidian geometry and the work of Descartes With a full account of Spinoza s groundbreaking Tractatus and Ethics and an overview of his influence on both of his contemporaries and those who were to follow this concise survey offers a variety of new perspectives and will be warmly welcomed by students scholars and interested readers alike **Models of Communication** Mats Bergman, Kostas Kirtiklis, Johan Siebers, 2019-10-16 Models of Communication offers a timely reassessment of the significance of modelling in media and communication studies From a rich variety of different perspectives the collected essays explore the past present and future uses of communication models in ordinary discourses concerning communication as well as in academic research This book challenges received views of communication models and opens up new paths of inquiry for communication research By zooming in on the manifestations and purposes of modelling in ordinary discourses on communication as well as in theoretical expositions the essays collected in this volume cast new light on the problems and prospects of models crafted for the benefit of communication inquiry Complementing earlier studies of models of communication the volume digs deep into fundamental epistemological and ontological questions concerning modelling in the communication disciplines but it also

presents several novel models that promise to be of practical use in empirical studies of media and communication The book is intended for communication scholars and students of media and will also be of interest for related disciplines in the humanities and the social sciences Traveling with Skeptics Ken Ewell,2009-11-20 Traveling with Skeptics is the much anticipated sequel to the critically acclaimed book Traveling with Philosophes However due to the authors honest and straightforward portrayal of the people of France he has incurred the wrath and condemnation of the French literary and intellectual establishment with many persons voicing harsh opinions as regards this unique and insightful work Insignificant writers cannot be crushed they lie too flat beneath the foot Honore de Balzac The art of writing is the art of discovering what you believe Clearly this most presumptuous writer believes in nothing Gustave Flaubert Since a person is never happy except at the price of some ignorance this writer must be the happiest man in the world Anatole France As soon as he ceased to be mad he became merely stupid As soon as he ceased to be stupid he became merely this writer Marcel Proust This author should be deconstructed with the aid of a guillotine Jacques Derrida There is but one truly philosophical problem and that is this authors suicide or murder Albert Camus If Hell is other people then this writer can go to Hell Jean Paul Sartre

Theorizing Practice Neil Thompson,2017-09-16 Theory and practice are two sides of the same coin they are inextricably linked In this second edition of his classic text Neil Thompson revisits the crucial topic of integrating theory and practice this time widening his scope to explore the importance of informed practice not just in social work but across the full range of human services from nursing and counselling to youth work community studies and beyond Thoroughly revised and updated the new edition uses detailed explanations practitioner quotes and engaging practice examples to guide the reader through the process of theorizing practice With his peerless clarity and flair for tackling advanced concepts in an accessible way Thompson critically discusses the approaches and perspectives of the numerous human services including postmodernism morality and organizational culture and brings particular focus to the role of existentialism in understanding the challenges of contemporary practice This important new edition provides much needed food for thought about the complexities of theory and practice and is sure to provide fresh inspiration to professionals and students alike *Philosophy for Architects* Branko Mitrovic,2012-03-20 Philosophy for Architects is an engaging and easy to grasp introduction to philosophical questions of interest to students of architectural theory Topics include Aristotle s theories of visual imagination and their relevance to digital design the problem of optical correction as explored by Plato Hegel s theory of zeitgeist and Kant s examinations of space and aesthetics among others Focusing primarily on nineteenth and twentieth century philosophy it provides students with a wider perspective concerning philosophical problems that come up in contemporary architectural debates *International Law and Ethics after the Critical Challenge* Euan MacDonald,2011-03-05 Around twenty years ago a challenge was laid down to international law by those writing at the critical periphery of the discipline a challenge that has yet to find satisfactory response Although often mistakenly characterised as nihilist this book seeks to

recast it in positive terms to pose the question of what if anything is left of international law and ethics if we accept both that apolitical rules are impossible and that the values that must inevitably be used to justify them are irreducibly radically subjective After detailed analyses of different political and international legal philosophers who have confronted this issue the answer is located in a turn to literature and a rehabilitation of the ancient notion of rhetoric *Comptes Rendus*

Philosophiques, 2005 **France, Britain and the United States in the Twentieth Century: Volume 2, 1940-1961**

Andrew J. Williams, 2019-12-31 In his account of the relationship between France the UK and the US Andrew Williams successfully intertwines diplomatic history with international thought We are presented with a historical stage that includes both the doers and the thinkers of the age and as a result this is a must read for both diplomatic historians and historians of international thought The second in a multivolume study this volume takes the story beyond the fall of France into the war years the period of post war reconstruction and the Cold War As with the first volume Williams is an excellent guide stepping over the ruins of past worlds and introducing us to an epoch with more than its fair share of both visionaries and villains Yet in this second volume the stakes are higher as the United States comes to terms with its role as the paramount world power Britain faces a world that challenges its imperial order and France is picking up the pieces from its defeat Lucian Ashworth Memorial University Canada Following on from his outstanding first volume reviewing the complex interwar relationships between France Britain and the United States Williams second volume is an indispensable and lucid overview of the vitally important era of post war reconstruction From national post war developments to institutional structures and superpower shifts Williams examines clearly and engagingly the final passing of pre modern power structures and the emergence of a new Europe Amelia Hadfield University of Surrey UK divAt a time of intense debates about Europe the Anglosphere and empires old and new Andrew Williams s book is a timely demonstration that the weight of emotion in the shaping of foreign policy and its makers should not be forgotten Unearthing some of the forces profondes in diplomacy and reflecting on feelings of humiliation and liberation in national constructs Andrew Williams discusses the cultural conceptions and misconceptions that French American and British diplomats had of each other thereby revisiting the reasons why the special relationship was largely a myth but one which had tangible consequences on French and British policies in their retreat from empire By connecting the personal and the national the structural and accidental Williams offers essential insights into the major conflicts of the period and their impact on diplomatic cultures across the Atlantic M lanie Torrent Universit Picardie Jules Verne Amiens France The second volume of this study of France s unique contribution to the international relations of the last century covers the period from the Fall of France in 1940 to Charles de Gaulle s triumphant return to power in the late 1950s France had gone from being a victorious member of the coalition with Britain and the United States that won the First World War to a defeated nation in a few short weeks France then experienced the humiliation of collaboration with and occupation by the enemy followed by resistance and liberation and a slow return to global influence over the next twenty

years This volume examines how these processes played out by concentrating on France's relations with Britain and the United States most importantly over questions of post war order the integration of Europe and the withdrawal from Empire

Thinking Differently about Leadership Suze Wilson, 2016-05-27 *Thinking Differently about Leadership* asks why and how we have come to understand leadership in the way we now do and the consequences that arise from these understandings Its critical interrogation of Classical Greek Medieval and modern social scientific ideas reveals troubling assumptions and problematic expectations for leaders and followers which are key features of leadership theorizing both in the past and present day By tracing developments in leadership thought over time this book reveals the influence of ideas from history on current thinking inviting reflection on what we now seek from leaders and followers Its unique multi faceted analysis identifies non scientific factors that have profoundly influenced the development of leadership science in the modern era Arguing that conventional understandings of leadership today are deeply problematic the book examines why we ought to think differently about leadership and offers an approach for doing so The book offers a framework for leadership building which readers can use to apply their own context making it an ideal resource for critical management and leadership scholars as well as students and practitioners who will value its novel focus and perspective Back cover [Post-Conflict Central American Literature](#) Yvette Aparicio, 2013-11-26 *Post Conflict Central American Literature* Searching for Home and Longing to Belong studies often overlooked contemporary poetry Through the exploration of poetry and a select number of short stories this book contemplates the meanings of home belonging and the homeland in post conflict globalizing and neoliberal El Salvador Nicaragua and Costa Rica Aparicio analyzes literary representations of and meditations on the current conditions as well as the recent pasts of Central American homelands Additionally the book highlights aesthetic renditions of home at the same time that it engages with and is grounded in contemporary Central American cultures politics and societies In effect this book contests hegemonic and apparently commonsense views that assert that globalization produces global citizenship and globalized experiences Instead it argues that a palpable desire for home and belonging survives and thrives in rapidly globalizing Central American homelands **Invisible Threats** Umberto Gori, Ivo Paparela, 2006 Technology and the information revolution changed the balance of power and altered and corroded the state's authority and strengthened nonstate actors in particular transnational crime and terrorist organizations This book talks about the solution of at least some of the problems and invisible threats that challenge our societies and security [Sartre's 'Being and Nothingness'](#) Sebastian Gardner, 2009-01-01 This text presents a concise and accessible introduction Jean Paul Satre's existentialist book *Being and Nothingness*
