Modern Management And Machiavelli:

Modern Management and Machiavelli Richard Hobart Buskirk,1975 *Modern Management and Machiavelli* Richard H. Buskirk,1975-11-01 **Machiavelli, Marketing and Management** Phil Harris,Andrew Lock,Patricia Rees,2025-06-30 This second fascinating and cutting edge text provides insight into the meaning and interpretation of Machiavelli and his works for management marketing and political thought and highlights their particular relevance to the manager and policymaker today By bringing together contributions from authors both academic and practitioner this book addresses a number of common themes relating to the influences and arguments of perhaps the first political scientist and advocate of sound management and marketing principles The volume covers a wide range of topics including modern management and leadership public affairs technology marketing populist and fascist governments and strategic corporate philanthropy Machiavelli Marketing and Management Revisited will be of great interest to all practitioners students and scholars of management marketing political science and public affairs **Ancient Wisdom for Modern Management** Dr Ralf Lisch,2012-12-28 Machiavelli lives 500 years after Niccol Machiavelli has written The Prince this classic of the mechanisms behind success in management has not lost its relevance In an intriguing and inspiring interplay of quotes interpretations and examples Dr Ralf Lisch develops Machiavelli s most famous work into a practical guide providing Ancient Wisdom for Modern Management Many have heard about Machiavelli but few have really read and understood him Ralf Lisch s analysis of The Prince proves that widespread associations with evil management are a thorough misunderstanding He has done away with historic ballast and abstains from a moralizing approach that does not do justice to Machiavelli s works Instead he lets Machiavelli have his say and provides a positive and pragmatic interpretation of the wisdom of The Prince from a management perspective It is a fresh approach that combines theoretical analysis with a practical focus Dealing with a wide range of essential management topics like careers success intellect decision making trust change management knowledge management mergers and acquisitions networking sustainability business ethics working processes and many others this book proves that the basics of management have hardly changed over half a millennium Ancient Wisdom for Modern Management is an amazing insight into the essentials of management and a workable guidance to success in daily business This open minded and compelling exploration of The Prince combines reading pleasure with a great opportunity to participate in Machiavelli s truly timeless wisdom **Handbook of Organization Theory and Management** Thomas D. Lynch,Peter L. Cruise,2005-11-01 Few subjects are more influenced by philosophy than the form of governance that guides and administers public affairs yet much of the literature about public administration remains silent about this connection Handbook of Organization Theory and Management The Philosophical Approach Second Edition identifies and discusses many of the mos **Machiavelliana** Michael Jackson,Damian Grace,2018-06-05 In Machiavelliana Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccol Machiavelli s name in society generally and in

academic fields distant from his intellectual origins It assesses the appropriation of Machiavelli in didactic works in management social psychology and primatology scholarly texts in leaderships studies as well as novels plays commercial enterprises television dramas operas rap music Mach IV scales children s books and more The book audits surveys examines and evaluates this Machiavelliana against wider claims about Machiavelli It explains the origins of Machiavelli s reputation and the spread of his fame as the foundation for the many uses and misuses of his name They conclude by redressing the most persistent distortions of Machiavelli *Handbook of Organizational Theory and Management* Thomas D.

Lynch,1997-11-20 Chronologically arranged to demonstrate the evolution of ideas this book explores major issues in public and government organization theory using classical philosophy Containing over 2000 bibliographic citations the book covers the influence Plato s ideas and Jesus teachings on public administration theory presents Machiavelli as the creator of the modern concept of public administration details the effect of mercantilism on political governance examines the ideas of Jeremy Bentham John Locke Adam Smith and David Hume in American government discusses the importance of Woodrow Wilson the Progressive Reform Era and the Bureau Movement on public administration and more *Machiavelli, Marketing and Management* Phil Harris,Andrew Lock,Patricia Rees,2000-04-20 This cutting edge text provides insight into the meaning and interpretation of Machiavelli and highlights the particular relevance to today s manager of his works for management marketing and political thought It addresses a number of common themes relating to his influences and arguments and includes topics such as modern management governa The Modern Leader's Guide: Reimagining Machiavelli's 'The Prince'

The Philosophical Concepts of Management Through the Ages Andreas Sofroniou, 2009-12-21 17 The Philosophical Concepts of Management Through The Ages ISBN 0952725363 Year 2005 The process of managing a team involves the interaction of people where individuals contribute to the running or completion of a task As in any State or country under any government people live together under various laws rules regulations and religions The people elect or they follow a leader be it a democratic or tyrannical leadership People under such regimes follow a type of management In a business environment such methods of management prevail A Manager will delegate and lead one or more individuals within the organization by running the business or a system Management styles can therefore be considered as political systems where people participate in the smooth running of a country or a company whether this is a global organization or a fruit stall in the back streets of any city

Management Ethics W.A. Evans, 2013-03-08 Society is a nexus of individual perceptions The world is as we each see it no more and no less To hope that we shall all agree on what is good or bad is to hope in vain This is not solipsism transferred to moral philosophy it is realism born of observation This book tries to remind its readers that you can be responsible only if you understand the basis of your responsibility that you can exercise responsibility only if you have the power to do so that you cannot lay down a conceptual framework of behavior in business if you have no framework of life that every facet of your conduct as a manager and employee involves a delicate balance between rebellion and absolute conformity Indeed it may be that the hardest lesson is that of learning that compliance and silence and obedience are frequently more desirable than protest when all stands to be lost To gamble on a poor card hand is the act of either an excessively foolish or a supremely clever man since the proper judgment of risk is an uncommon facility poor hands are normally lost There is no such thing as a corporate attitude just as there is no such thing as the will of the people

Trump and Political Philosophy Angel Jaramillo Torres, Marc Benjamin Sable, 2018-06-12 This book aims to recover from ancient and modern thinkers valuable arguments about statesmanship leadership and tyranny which illuminate reassessments of political science and practice after the election of Donald Trump Like almost everyone else contemporary political scientists were blind sided by the rise of Trump No one expected a candidate to win who repeatedly violated both political norms and the conventional wisdom about campaign best practices Yet many of the puzzles that Trump s rise presents have been examined by the great political philosophers of the past For example it would come as no surprise to

Plato that by its very emphasis on popularity democracy creates the potential for tyranny via demagoguery And perhaps no problem is more alien to empirical political science than asking if statesmanship entails virtue or if so in what that virtue consists This is a theme treated by Plato Aristotle and Machiavelli among others Covering a range of thinkers such as Confucius Plutarch Kant Tocqueville and Deleuze the essays in this book then seek to place the rise of Trump and the nature of his political authority within a broader institutional context than is possible for mainstream political science **Strategy** Stewart R Clegg,Christos Pitelis,Jochen Schweitzer,Andrea Whittle,2022-10-26 Written by an expert team and praised for its refreshing approach this essential text offers a critical holistic understanding of strategy theory and practice The fourth edition has been fully updated to include Coverage of contemporary issues including the Covid 19 pandemic climate change and digitalization Topical and engaging case studies such as Disney s Strategy and Covid 19 Netflix Versus Amazon Dynamic Capabilities for Global Success and PS5 Xbox and BMW Chips and Supply Chains A wealth of new examples of strategy in practice from world renowned organisations such as Google Uniqlo Tesla IKEA and Airbnb Suitable for both undergraduate and postgraduate study Strategy Theory and Practice encourages readers to engage critically with the internal and external factors that shape strategy in the real world A selection of tried and tested online resources including a teaching guide PowerPoints an online case study bank and test bank of questions have been developed to support lecturers using the book in their teaching Stewart Clegg is Professor at the University of Sydney Emeritus Professor at the University of Technology Sydney and Visiting Professor at the University of Stavanger University of Johannesburg and Nova School of Business and Economics Christos Pitelis is Head of Department of International Business and Professor of International Business and Sustainable Competitiveness at the University of Leeds and Life Fellow at Queens College University of Cambridge Jochen Schweitzer is an Associate Professor at the University of Technology Sydney Andrea Whittle is Professor of Management at Newcastle University Business School The Ashgate Research Companion to Political Leadership Mikhail A. Molchanov,2016-03-23 Discussing the major theories of political leadership with a focus on contemporary challenges that political leaders face worldwide this research companion provides a comprehensive and up to date resource for an international readership The editors combine empirical and normative approaches to emphasize the centrality of political culture as well as the limits of culture and the universal demands of innovative adaptation The volume examines Overcoming Managerialism Robert Spillane,Jean-Etienne Joullié,2022-05-09 Managerialism has often been defined as an ideology according to which the effective and efficient running of commercial firms not for profit organizations and public administrations is delivered by individuals who possess superior formal knowledge and expertise in management Arguing to their exclusive education managers deprive employers and employees of decision making power and ensconce themselves systematically in the power structure of workplaces to advance their own interests and agenda The central thesis of Overcoming Managerialism is that resisting and overcoming managerialism necessitates the re establishing of the conceptual

distinction between power and authority Second it requires the rehabilitating of authoritative management as a protection against authoritarian practices Authority properly conceived redirects power to technical experts and professionals and thereby limits managerial power The authors discuss ten contentions which taken together represent a theory of the foundation of management in which authority power and rhetoric are central concepts This book combines academic scholarship with a readable critique of managerialism It will be of interest to both management scholars and students

Power, Politics, and Organizational Change David Buchanan, Richard Badham, 2008-02-19 Many books on management are sanitized cleanly technical accounts of the unreality of managerial life and work Politics hardly feature This book tells it like it is it dishes the dirt gets low down into the funky and fascinating politics of organizational life Stewart Clegg Aston Business School and University of Technology Sydney Combining a practical and theoretical guide to the politics of organizational change this book provides an exceptional resource to students of change management and organizational behaviour Buchanan and Badham show how the change agent who is not politically skilled will fail and that it is necessary to be able and willing to intervene in the political processes of the organization This revised edition includes a range of excellent new material and features including a new chapter on gender in approaches to organization politics a full range of teaching materials including case studies incident reports self assessments and more Each chapter recommends a feature film or DVD to illustrate aspects of organization politics fresh research evidence recent literature on the nature of entrepreneurial politics a model of political expertise and how that can be developed This lively and engaging book is key to MBA and other Masters degree candidates taking courses in change management and organizational behaviour It will also be valuable for practising managers on tailored executive programmes in organization politics **The European Renaissance**

in American Life Paul F. Grendler, 2006-03-30 An informative but light hearted look at the popularity of the Renaissance today this book was written by a Renaissance scholar intrigued with the way his subject continues to resonate outside the scholarly community His purpose is to uncover and describe the many manifestations of America's love of the Renaissance Why do millions don costumes to attend Renaissance Faires Why do novels and films about the period enjoy continued popularity as do Renaissance icons such as Elizabeth I Michelangelo Shakespeare and the Mona Lisa How is it that American politicians and business leaders still look to Machiavelli as a symbol of wisdom or of evil Grendler posits that Americans embrace the Renaissance as a model of culture and sophistication seeing it as confirmation that the individual can achieve greatness against long odds a belief at the core of our own society After an examination of The Real Renaissance 1400 1620 the book looks at ways in which Americans relive the experience including Faires and Living Last Suppers ways in which we re create the Renaissance in our own world and finally ways in which the Renaissance is portrayed for better or worse in fiction and film *Political Approaches to Educational Administration and Leadership* Eugenie A. Samier, with Adam G.

Stanley, 2008-03-01 This collection explores the political philosophy and theory foundations for educational administration

and leadership as they influence our understanding analysis and practice in the field The first section Political Philosophy The Foundations discusses the work of such writers as Machiavelli Kant and Hegel Hayek Habermas and Bourdieu as their theories apply to the educational context The second section Political Analysis The Critique examines various types of political analyses such as the politics of the policy process minority politics civil society micro politics community politics and cosmopolitan theory The last section Current Political Controversies The Practice addresses current topical issues of a political nature including the serving of the state economic agenda the democratisation of educational organisations the neo conservative agenda and globalisation The broad international perspective from which these topics are covered makes this volume an excellent addition to the fields of educational leadership organizational studies and educational administration theory
