Bowker Company, 1982 **On Arrows** Laurent Stalder, 2025-01-21 A series of original essays on the history of British postwar architecture through the concept of performance and the ubiquitous but elusive image of the arrow In the 1950s the figure of the arrow had a strange kind of ubiquity in architectural drawings publications and advertisements symbolizing everything from the circulation of cold and warm air in a kitchen fridge to the flow of traffic in assorted New Towns Twenty five years earlier there were barely any arrows within architectural publications and 15 years later they had all but disappeared In *On Arrows* Laurent Stalder looks back at the near past to trace the idea of performance in architecture by following this pervasive yet relatively unnoticed figure within the history of British architecture During its short intense period of use the arrow pointed beyond any one singular author typology or scale to the operative dimension of architecture and its environments working both as an appropriate representational technique and a concrete tool for design Stalder uses the arrow to move through the different dimensions of performance mapping out the changing set of constellations that made up postwar British architecture and its environments the constructive aspects structural properties infrastructural innovations spatial challenges as well as their

aesthetic and practical consequences It is the arrow he writes that brings together debates from within different disciplines from building physics to sociology structural design and historiography inscribed as they are in the materials spaces and buildings that are all too often considered in isolation from one another **Design Book Review** ,1986 *Historical Abstracts* ,1992 Vols 17 18 cover 1775 1914 **A New English Dictionary on Historical Principles** James Augustus Henry Murray, Henry Bradley, Sir William Alexander Craigie, Charles Talbut Onions, 1888
