**Masculinity and Male Codes of Honor in Modern France** Robert A. Nye, 1998-11-30 In this study of upper class masculinity from the end of the ancien régime in 1789 to the end of World War I Robert Nye argues that manhood masculinity and male sexuality is like femininity a cultural construct comprising a strict set of heroic ideals and codes of honor which few men have been able to realize in practice In doing so Nye destabilizes and historicizes the male body and incorporates gender into the brand of cultural history inaugurated by Norbert Elias in the 1930s *Modern Faith and Thought* Helmut Thielicke, 1990-11 Thielicke here studies the themes of doubt and appropriation in modern Protestant thought A leading advocate of dialectical theology Thielicke examines the work of the great German Protestant religious philosophers from Lessing and Schliermacher through Barth and Tillich probing these theologians understanding of their context and how this tradition can impact our own engagement with our times Clear finely nuanced historically and philosophically mature this is a vital reflection on the history of theology and in systematic theology **The Jews of Modern France** Paula E.

Hyman, 2023-04-28 *The Jews of Modern France* explores the endlessly complex encounter of France and its Jews from just before the Revolution to the eve of the twenty first century In the late eighteenth century some forty thousand Jews lived in scattered communities on the peripheries of the French state not considered French by others or by themselves Two hundred years later in 1989 France celebrated the anniversary of the Revolution with the largest most vital Jewish population in western and central Europe Paula Hyman looks closely at the period that began when France's Jews were offered citizenship during the Revolution She shows how they and succeeding generations embraced the opportunities of integration and acculturation redefined their identities adapted their Judaism to the pragmatic and ideological demands of the time and participated fully in French culture and politics Within this same period Jews in France fell victim to a secular political antisemitism that mocked the gains of emancipation culminating first in the Dreyfus Affair and later in the murder of one fourth of them in the Holocaust Yet up to the present day through successive waves of immigration Jews have asserted the compatibility of their French identity with various versions of Jewish particularity including Zionism This remarkable view in microcosm of the modern Jewish experience will interest general readers and scholars alike *The Jews of Modern France*
