Modern Biblical Studies

John Sandys-Wunsch

Modern Biblical Studies:

Modern Biblical Criticism as a Tool of Statecraft (1700-1900) Scott Hahn, Jeffrey L. Morrow, 2020-04-27 Modern biblical scholarship is often presented as analogous to the hard and natural sciences its histories present the developmental stages as quasi scientific discoveries That image of Bible scholars as neutral scientists in pursuit of truth has persisted for too long Modern Biblical Criticism as a Tool of Statecraft 1700 1900 by Scott W Hahn and Jeffrey L Morrow examines the lesser known history of the development of modern biblical scholarship in the eighteenth and nineteenth centuries This volume seeks partially to fulfill Pope Benedict XVI s request for a thorough critique of modern biblical criticism by exploring the eighteenth and nineteenth century roots of modern biblical scholarship situating those scholarly developments in their historical philosophical theological and political contexts Picking up where Scott W Hahn and Benjamin Wiker s Politicizing the Bible The Roots of Historical Criticism and the Secularization of Scripture 1300 1700 left off Hahn and Morrow show how biblical scholarship continued along a secularizing trajectory as it found a home in the newly developing Enlightenment universities where it received government funding Modern Biblical Criticism as a Tool of Statecraft 1700 1900 makes clear why the discipline of modern biblical studies is often so hostile to religious and faith commitments today **Theology,**

Politics, and Exegesis Jeffrey L. Morrow, 2017-11-07 Modern biblical scholars often view the methods they employ as objective and neutral tracing the history of modern biblical scholarship to the eighteenth and nineteenth centuries In this volume Jeffrey Morrow examines some earlier lesser known roots of modern biblical scholarship He explores biblical scholarship from the fourteenth through the seventeenth centuries and then discusses its new place in the Enlightenment of the eighteenth century where such scholarship would flourish Far from merely an objective and neutral method such scholarship was never without philosophical theological and political underpinnings Morrow concludes the volume with a look at the separation of biblical studies from theology using the example of Catholic moral theology in the twentieth century

Alfred Loisy and Modern Biblical Studies Jeffrey L. Morrow, 2018-11-21 The French Catholic priest and biblical scholar Alfred Loisy 1857 1940 was at the heart of the Roman Catholic Modernist crisis in the early part of the twentieth century He saw much of his work as an attempt to bring John Henry Newman s notion of development of doctrine into the realm of Catholic biblical studies and thereby transform Catholic theology This volume situates Loisy s better known works on the New Testament and theology in the context of his lesser known work in Assyriology and Old Testament studies His early training in Assyriology taught Loisy a comparative historical approach to studying ancient texts in addition to providing him the requisite training in ancient Near Eastern languages and literature Loisy built upon this Assyriological foundation with his historical critical work in biblical studies first in the Old Testament In his biblical scholarship Loisy combined the then current trends of historical biblical criticism with his more comparative approach Prior to his excommunication in 1908 Loisy attempted in his more popular writings to defend the inclusion of historical biblical criticism in the repertoire of

Catholic biblical interpretation He saw this as an important step in reforming Catholic theology The Modernist crisis set the stage for the major debates that would occur in the Catholic theological world for more than a century The controversy over Modernism became one important conflict that helped pave the way for the Second Vatican Council The issues raised during Loisy's time remain contested today Examining how Loisy approached biblical studies helps readers better understand his overall work and the place it played in the pivotal intellectual turmoil of his day

The Death of Scripture and the Rise of Biblical Studies Michael C. Legaspi, 2010-04-19 The Death of Scripture and the Rise of Biblical Studies examines the creation of the academic Bible Beginning with the fragmentation of biblical interpretation in the centuries after the Reformation Michael Legaspi shows how the weakening of scriptural authority in the Western churches altered the role of biblical interpretation Focusing on renowned German scholar Johann David Michaelis 1717-1791 Legaspi explores the ways in which critics reconceived the role of the Bible This book offers a new account of the origins of biblical studies illuminating the relation of the Bible to churchly readers theological interpreters academic critics and people in between It explains why in an age of religious resurgence modern biblical criticism may no longer be in a position to serve as the Bible's disciplinary gatekeeper

Introduction to Biblical Studies Steve Moyise, 2013-06-20 This is an ideal introduction to modern biblical studies Readers are introduced to questions of inspiration canon and authority This is followed by chapters on historical approaches to the Bible such as source form and redaction criticism Comparisons with other literature such as ancient flood stories or Egyptian psalms help to set the context for this Moyise also asks such questions as How did we get the Bible and why do modern versions of the Bible differ among themselves Moyise considers a number of approaches to the Bible Beginning with literary criticism he shows how texts speak to readers and influence their attitudes emotions and behaviour This is followed by liberation feminist and finally a variety of theological approaches used by those who consider the Bible to be sacred scripture For the third edition Moyise has added two sections one giving a basic outline of the biblical story together with a timeline and key dates and another on dating the New Testament

The Psalms and modern biblical studies John S. Kselman, 1996

What Have They Done to the Bible? John Sandys-Wunsch, 2005 Why have so many scholars ceased to believe in a type of inspiration that distinguishes the Bible from every other book Why is fundamentalism so unsatisfying to modern people This history of biblical interpretation from 1500 to the present answers these questions by showing how biblical scholarship has developed under the influence of internal and external factors In What Have They Done to the Bible John Sandys Wunsch documents the changes that have taken place in biblical exegesis since 1500 and accounts for the major reasons for these changes Answering the question of why fundamentalism is unsatisfying to modern people Sandys Wunsch maintains that this development was the result of occurrences both within and outside biblical interpretation The internal developments consisted of work on the textual tradition biblical languages and the recognition of wider problems such as consistency cogency and coherence within biblical documents External factors were the development of

secular society tolerance academic freedom a perceived dichotomy between the Bible and science and information about human culture in general both past and present He concludes that after the Renaissance it was the application of historical considerations to both the internal and external factors of the biblical tradition that was the main source of the modern approach to the Bible The Rev Dr John Sandys Wunsch D S Litt D Phil formerly a university professor and administrator in Canada and England is a research fellow at the University of Victoria

Renewing Biblical Interpretation

Zondervan,2022-03-15 *Renewing Biblical Interpretation* is the first of eight volumes from the Scripture and Hermeneutics Seminar This annual gathering of Christian scholars from various disciplines was established in 1998 and aims to re assess the discipline of biblical studies from the foundation up and forge creative new ways for re opening the Bible in our cultures Including a retrospective on the consultation by Walter Brueggemann the contributors to *Renewing Biblical Interpretation* consider three elements in approaching the Bible the historical the literary and the theological and the underlying philosophical issues that shape the way we think about literature and history

Modern Biblical Studies Theology Digest,1967

Modern biblical studies

Dennis J. McCarthy (comp),1967

Theology, History, and Biblical

Interpretation Darren Sarisky,2015-01-29 The Christian Bible serves as the sacred scripture of the Christian community It is read regularly by many people around the world today as it has been for centuries But how should one interpret this text This reader presents a variety of perspective on how to relate historical and theological considerations when approaching the Bible It encourages students and scholars to ponder how historical and theological categories shape one s view of three crucial realities the text of the Bible the human subject who reads the text and the nature of the exchange between the two in the practice of reading As historical and theological categories are applied to these realities are they mutually exclusive or can they be combined in some way This reader encourages students and scholars to explore these important questions by bringing together a selection of some of modernity s most influential discussions of the issues as well as some of the present day s most distinguished attempts to weigh in on the debate

Racializing Jesus

Shawn Kelley,2005-07-08 Shows how the

major intellectual movements of the modern world are infused with the idea of race and how this thinking has influenced modern biblical scholarship Explores a wide range of current debate

Modern Biblical studies; A anthology from Theology Digest Dennis J. comp McCarthy,1967

Ethnicity, Race, Religion

Katherine M. Hockey,David G. Horrell,2018-06-28 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Religion ethnicity and race are facets of human identity that have become increasingly contested in the study of the Bible largely due to the modern discipline of biblical studies having developed in the context of Western Europe concurrent with the emergence of various racial and imperial ideologies The essays in this volume address Western domination by focusing on historical facets of ethnicity and race in antiquity the identities of Jews and Christians and the critique of scholarly ideologies and racial assumptions which have shaped this branch of study The contributors critique various Western European and North

American contexts and bring fresh perspectives from other global contexts providing insights into how biblical studies can escape its enmeshment in often racist notions of ethnicity race empire nationhood and religion Covering issues ranging from translation and racial stereotyping to analysing the significance of race in Genesis and the problems of an imperialist perspective this volume is vital not only for biblical scholars but those invested in Christian Jewish and Muslim identity

Modern Biblical Scholarship Francis A. Eigo,1984 *The Higher Criticism* Charles Wesley Rishell, Henry M.

Harman,2009-04 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **Modern Genre Theory** Andrew Judd,2024-07-02 How a better

understanding of genre leads to a better understanding of the biblical text The Bible with its gloriously rich diversity of ancient genres demands a flexible and historically aware approach to genre Different conceptions of narrative poetry gospel epistle wisdom and apocalyptic texts lead to vastly different readings and our disagreements about what the Bible means often boil down to different assumptions about what the biblical text is As secular genre theory has experienced a recent renaissance biblical studies has been left in the dark ages of rigid taxonomies and stubborn essentialism The Bible deserves better This book offers students in biblical studies an accessible but comprehensive introduction to modern genre theory providing access to literary tools for understanding how writers and readers use genre to make meaning Modern Genre Theory describes the current state of biblical genre theory as well as the meaning of form criticism and why it needs to die Scholar of biblical hermeneutics Andrew Judd then presents a better alternative of interpretation based on the best developments in secular literary theory linguistics and rhetorical studies Drawing on advancements in modern genre theory Judd Proposes a working definition of genre for biblical studies Identifies twelve tenets of modern genre theory that follow from seeing genres in their historical and social context Offers eight case studies in biblical exegesis to show how a better understanding of genre leads to a better understanding of the Bible From the creation accounts of Genesis to the visions of Revelation it is important to get a handle on genre This book offers a way to reading the Bible better The Bible and the

Modern World David J. A. Clines,1997 **Modern biblical studies : an anthology from Theology digest** ,1970

Exploring Postcolonial Biblical Criticism R. S. Sugirtharajah,2011-05-02 Exploring Postcolonial Biblical Criticism History Method Practice offers a concise and multifaceted overview of the origins development and application of postcolonial criticism to biblical studies Offers a concise and accessible introduction to postcolonial biblical studies Provides a comprehensive overview of postcolonial studies by one of the field s most prominent figures Explains one of the most innovative and important developments in modern biblical studies Accessible enough to appeal to general readers interested in religion
