

The background of the cover is a light gray. It is decorated with a pattern of teal and dark teal geometric shapes. These shapes include circles, semi-circles, and quarter-circles, some of which are partially cut off by the edges of the cover. The shapes are arranged in a way that creates a sense of movement and depth. The text is placed within the negative space of this pattern.

**Modern Genre Theory** David Duff, 2014-09-11 Since Aristotle genre has been one of the fundamental concepts of literary theory and much of the world's literature and criticism has been shaped by ideas about the nature function and value of literary genres Modern developments in critical theory however prompted in part by the iconoclastic practices of modern writers and the emergence of new media such as film and television have put in question traditional categories and challenged the assumptions on which earlier genre theory was based This has led not just to a reinterpretation of individual genres and the development of new classifications but also to a radically new understanding of such key topics as the mixing and evolution of genres generic hierarchies and genre systems the politics and sociology of genres and the relations between genre and gender This anthology the first of its kind in English charts these fascinating developments Through judicious selections from major twentieth century genre theorists including Yury Tynyanov Vladimir Propp Mikhail Bakhtin Hans Robert Jauss Rosalie Colie Fredric Jameson Tzvetan Todorov Gérard Genette and Jacques Derrida it demonstrates the central role that notions of genre have played in Russian Formalism structuralism and post structuralism reception theory and various modes of historical criticism Each essay is accompanied by a detailed headnote and the volume opens with a lucid introduction emphasising the international and interdisciplinary character of modern debates about genre Also included are an annotated bibliography and a glossary of key terms making this an indispensable resource for students and anyone interested in genre studies or literary theory

**Modern Genre Theory** Andrew Judd, 2024-07-02 How a better understanding of genre leads to a better understanding of the biblical text The Bible with its gloriously rich diversity of ancient genres demands a flexible and historically aware approach to genre Different conceptions of narrative poetry gospel epistle wisdom and apocalyptic texts lead to vastly different readings and our disagreements about what the Bible means often boil down to different assumptions about what the biblical text is As secular genre theory has experienced a recent renaissance biblical studies has been left in the dark ages of rigid taxonomies and stubborn essentialism The Bible deserves better This book offers students in biblical studies an accessible but comprehensive introduction to modern genre theory providing access to literary tools for understanding how writers and readers use genre to make meaning Modern Genre Theory describes the current state of biblical genre theory as well as the meaning of form criticism and why it needs to die Scholar of biblical hermeneutics Andrew Judd then presents a better alternative of interpretation based on the best developments in secular literary theory linguistics and rhetorical studies Drawing on advancements in modern genre theory Judd Proposes a working definition of genre for biblical studies Identifies twelve tenets of modern genre theory that follow from seeing genres in their historical and social context Offers eight case studies in biblical exegesis to show how a better understanding of genre leads to a better understanding of the Bible From the creation accounts of Genesis to the visions of Revelation it is important to get a handle on genre This book offers a way to reading the Bible better

**Theory into Poetry**, 2022-05-20 At the beginning of the 21st century there is still no generally accepted comprehensive definition of the lyric or differentiated modern toolkit for its analysis The reception of poetry is largely characterised either by an empathetic identification of critics with the lyric persona or by exclusive interest in formal patterning The present volume seeks to remedy this deficit All the contributors theorise the lyric to overcome the impasse of an impressionistic and narrowly formalistic critical debate on the genre Their papers focus on a variety of different questions the problem of establishing a framework for definition and classification the search for dynamic and potent critical approaches investigations of poetry's cultural performance and its fundamental relevance for the construction of group cohesion The essays collected in this

*Genres of Rewriting in Second Temple Judaism* Molly M. Zahn, 2020-06-11 In this book Molly Zahn investigates how early Jewish scribes rewrote their authoritative traditions in the course of transmitting them from minor edits in the course of copying to whole new compositions based on prior works Scholars have detected evidence for rewriting in a wide variety of textual contexts but Zahn's is the first book to map manuscripts and translations of biblical books so called parabiblical compositions and the sectarian literature from Qumran in relation to one another She introduces a new adaptable set of terms for talking about rewriting using the idea of genre as a tool to compare and contrast different cases Although rewriting has generally been understood as a vehicle for biblical interpretation Zahn moves beyond that framework to demonstrate that rewriting was a pervasive textual strategy in the Second Temple period Her book contributes to a powerful new model of early Jewish textuality illuminating the rich and diverse culture out of which both rabbinic Judaism and early Christianity eventually emerged

**Greek Comedy and the Discourse of Genres** Emmanuela Bakola, Lucia Prauscello, Mario Telò, 2013-04-18 Recent scholarship has acknowledged that the intertextual discourse of ancient comedy with previous and contemporary literary traditions is not limited to tragedy This book is a timely response to the more sophisticated and theory grounded way of viewing comedy's interactions with its cultural and intellectual context It shows that in the process of its self definition comedy emerges as voracious and multifarious with a wide spectrum of literary sub literary and paraliterary traditions the engagement with which emerges as central to its projected literary identity and subsequently to the reception of the genre itself Comedy's self definition through generic discourse far transcends the narrowly conceived high low division of genres This book explores ancient comedy's interactions with Homeric and Hesiodic epic iambos lyric tragedy the fable tradition the ritual performances of the Greek polis and its reception in Platonic writings and Alexandrian scholarship within a unified interpretative framework

*Reading Romans as a Diatribe* Changwon Song, 2004 This book illustrates how the macro structure of the body of Romans essentially follows that of the diatribes in Epictetus's Discourses As in Discourses the diatribe in Romans begins with the thesis 1 16 17 then follows an indictment 1 18 32 and dialogues with a fictitious second person singular in chapter

two Arguments with the m genoito formula dominate the middle part of the diatribe In the middle of chapter eleven the phase changes back to dialogues with the second person singular The ending of the diatribe Romans also like Discourses includes cynic and hyperbolic statements 14 21 and 14 23 Thus the body of Romans should not be read as a real letter but as a diatribe that was distributed in Paul s schoolroom and later appropriated as a letter This teaching was not directed to a specific group of people viz the Christians in Rome but rather intrinsically universalized Therefore its message is intrinsically more powerful for us
