Modern Introduction To International Law:

Akehurst's Modern Introduction to International Law Peter Malanczuk, 1997 12 The law of the sea **Akehurst's Modern Introduction to International Law** Alexander Orakhelashvili, 2022-02-28 First published in 1970 Akehurst's **Modern Introduction to International Law** rapidly established itself as a widely used and successful textbook in its field Being the shortest of all the major textbooks in this area it continues to offer a concise and accessible overview of the concepts themes and issues central to the growing system of international law while retaining Akehurst's original positivist approach that accounts for the essence and character of this system of law This new ninth edition has been further revised and updated by Alexander Orakhelashvili to take account of a plethora of recent developments and updates in the field accounting for over forty decisions of international and national courts as well as a number of treaties and major incidents that have occurred since the eighth edition of this textbook was published Based on transparent methodology and with a distinctive cross jurisdictional approach which opens up the discipline to students from all backgrounds this engaging well structured and reputable textbook will provide students with all the tools methods and concepts they need to fully understand this complex and diverse subject It is an essential text for all undergraduate and postgraduate students of international law government and politics and international relations This book is one of the only textbooks in international law to offer a fully updated bespoke companion website www.routledge.com/cw/orakhelashvili *Akehurst's Modern Introduction to International Law* Peter Malanczuk, 2002-04-12 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **Akehurst's Modern Introduction to International Law** Peter Malanczuk, 1997 [A Modern Introduction to International Law](#) Michael Barton Akehurst, 1991 [A Modern Introduction to International Law](#) Michael Barton Akehurst, 1984 [A Modern Introduction to International Law, By Michael Akehurst](#) Michael Barton Akehurst, 1970 **Non-State Actors in International Law** Math Noortmann, August Reinisch, Cedric Ryngaert, 2015-08-27 The role and position of non state actors in international law is the subject of a long standing and intensive scholarly debate This book explores the participation of this new category of actors in an international legal system that has historically been dominated by states It explores the most important issues actors and theoretical approaches with respect to these new participants in international law It provides the reader with a comprehensive and state of the art overview of the most important legal and political developments and perspectives Relevant non state actors discussed in this volume include in particular international governmental organisations international non governmental organisations multinational companies investors and armed opposition groups Their legal position is considered in relation to specific issue areas such as humanitarian law human rights the use of force and international responsibility The main legal theories on non state actors position in international law neo positivism the policy oriented approach and transnational law are covered at the beginning of the book and the essential political science perspectives on non state actors role in international politics and globalisation

as well as their soft power are presented at the end

Climate Governance in the Arctic Timo Koivurova, E. Carina H. Keskitalo, Nigel Banks, 2010-03-12 Climate change is affecting the Arctic environment and ecosystems at an accelerating speed twice the rate of the global average This is opening the Arctic to transportation and resource development and creating serious challenges for local communities and indigenous peoples Climate Governance in the Arctic considers two aspects of climate change from an institutional perspective It focuses on how relevant regimes institutions and governance systems support mitigation of climate change It also examines the extent to which the varying governance arrangements in the Arctic support adaptation and the development of adaptation processes for the region The book's focus on Arctic governance offers unique insights within climate change mitigation and adaptation research

Power in the Global Era T. Cohn, S. McBride, J. Wiseman, 2000-09-08 This volume discusses the effects of globalization on changing power relationships between transnational corporations TNCs and transnational capital the state and subnational groups TNCs have expanded their power with the deepening of market relations but they are not causing the state to wither away Indeed neoliberal changes often occur with the permission or even encouragement of powerful states Transnational capital has weakened labour groups in order to make production more competitive but the disadvantaged groups may mobilise to counter the power of transnational capital Finally globalization is subjecting domestic policies to increased international scrutiny

China's Unequal Treaties Dong Wang, 2005-01-01 China's Unequal Treaties offers a study based on primary sources of the linguistic development and polemical uses of the expression Unequal Treaties to refer to the treaties written between 1842 and 1943 Although the expression has occupied a central position in both Chinese collective memory and English historiographies China's Unequal Treaties is the first study of the phrase and its interpretations

Human Rights Functions of United Nations Peacekeeping Operations Mari Katayanagi, 2021-10-25 The United Nations peacekeeping has evolved as a practical measure for preserving international peace and security Recent peacekeeping has two important features the use of force which arguably exceeds self defence on the one hand and multifunctional operations on the other The Security Council has started considering a wide range of factors including serious human rights violations as threats to international peace and security Recognising the UN's principle to seek peaceful settlement which underlies the legality of peacekeeping this research focuses on the human rights functions of multifunctional peacekeeping operations Such functions have immense potential for enhancing conflict resolution through peaceful means In order to illustrate these issues and the diverse practice of UN peacekeeping the author of this book has dealt with four detailed case studies on El Salvador Cambodia Rwanda and the former Yugoslavia The achievements problems and defects experienced by different operations are analysed using the insights of the author's own experience in a peacekeeping operation

Environmental Principles Nicolas de Sadeleer, 2020 With more states paying heed to environmental principles as catalysts for improving their environmental law this book traces the evolution of environmental principles from their origins to their embodiment in

enforceable laws This edition will integrate to a greater extent the relationship between environmental principles and human rights

Economic and Environmental Regulation of International Aviation Steven Truxal, 2016-12-01 The core structure of the regulatory regime for international civil aviation the Chicago System is international The features of the Chicago System were designed in an era when the world's airlines were State owned and the most pressing international concerns were for navigation and safety regulation Economic liberalization and intense globalization since the Second World War have impacted on the industry today it is global This book observes the developing governance of global aviation taking into account the concepts of sovereignty jurisdiction and territoriality and the proliferation of actors and participants as partners in a global public policy network to posit that an upgraded system of global governance for civil aviation helps to explain the emerging complex landscape for global governance of civil aviation As evidence of the emerging complex matrix of governance of global aviation this book identifies and reviews a selection of contemporary transnational economic and environmental challenges facing the globalized aviation sector e.g. fair competition safeguards consumer protection noise pollution and greenhouse gas emissions and the respective legal and policy actions taken at national level United Arab Emirates Qatar and People's Republic of China regional level the European Union and international level UN Framework Convention on Climate Change and International Civil Aviation Organization The book concludes that economic and environmental regulation of international aviation designed for an international world of yesterday evolves into global governance of aviation which is more suited for today's global world This book will be of particular interest to scholars and practitioners of aviation law competition law and environmental law as well as in the areas of transnational law global governance and international relations

Equity and Equitable Principles in the World Trade Organization Anastasios Gourgourinis, 2015-07-24 This book analyses whether and how equity and equitable principles can be employed as juridical tools in the legal reasoning of judges and lawyers in World Trade Organization WTO disputes where there is interaction between norms derived from the multilateral trade regime and other international legal regimes Bringing the literature on equity and equitable principles in international law up to date this book tackles several legal problems which have emerged in WTO dispute settlement practice as well as engaging with the concept of the fragmentation of international law The book provides an original argument about the role and significance of equity and equitable principles in the debate over fragmentation by providing a coherent methodology for addressing conflicts and overlaps between WTO and non WTO norms in the context of Dispute Settlement Body proceedings

Transnational Terrorism and State Accountability Vincent-Joël Proulx, 2012-11-05 Every State has an obligation to prevent terrorist attacks emanating from its territory This proposition stems from various multilateral agreements and UN Security Council resolutions This study exhaustively addresses the scope of this obligation of prevention and the legal consequences flowing from its violation so as to provide greater clarity on governments counterterrorism duties and to enhance State accountability for preventable wrongs It defines the contents and

contours of the obligation while placing critical emphasis on the mechanics of State responsibility Whether obscured by new technologies like the Internet the sophisticated cellular structure of some terrorist organisations or convoluted political realities the level of governmental involvement in terrorist activities is no longer readily discernible in every instance Furthermore the prospect of governments waging surrogate warfare through proxies also poses intractable challenges to the mechanism of attribution in the context of State responsibility This monograph sets out the shortcomings of the extant scheme of State responsibility while identifying a paradigm shift towards more indirect modes of accountability under international law a trend corroborated by recent State and institutional practice Drawing on varied legal and theoretical influences the study devises and prescriptively argues for the implementation of a strict liability inspired model grounded in the logic of indirect responsibility with a view to enhancing State compliance with counterterrorism obligations This shifts the policy focus squarely to prevention while promoting multilateralism and transnational cooperation Ultimately the legal and policy sensibilities underlying the book converge into a new theory of prevention in counterterrorism contexts From the Foreword by Judge Bruno Simma International Court of Justice Even if one might disagree with the bases on which the author constructs his argument the execution of the argument is solid and thorough The coverage of the major policy arguments and the available legal source materials is equally impressive Moreover the author's positions are genuinely progressive and present a fairly innovative solution in the form of a strict liability mechanism It behoves all scholars and practitioners of international law with an interest in combating international terrorism to consider the proposals outlined in this book

Transnational Terrorism and State Accountability by Vincent Jol Proulx has been awarded the 2014 Myres McDougal Prize for best book in Law Science and Policy from the Society of Policy Scientists

A Cornerstone of Modern Diplomacy Kai Bruns, 2014-06-19 The Vienna Convention on Diplomatic Relations VCDR was signed at the height of the Cold War more than fifty years ago The agreement and its negotiation have become a cornerstone of diplomatic law A Cornerstone of Modern Diplomacy which is based on archival research in the National Archives London the Austrian State Archives Vienna and the Political Archive Berlin delivers the first study of the British policy during the negotiation of the key convention governing diplomatic privileges and immunities the 1961 Vienna Convention on Diplomatic Relations The book provides a complete commentary on the political aspects of the codification process of diplomatic law By clearly presenting the case with accessible analysis author Kai Bruns makes the relations between international law and politics understandable stressing the impact of the emergence of the third world in UN diplomacy This unique study is a crucial piece of scholarship shedding light on the practice of United Nations conference diplomacy and the codification of diplomatic law at the height of the Cold War

Crimes against Humanity M. Cherif Bassiouni, 2011-04-25 This book traces the evolution of crimes against humanity CAH and their application from the end of World War I to the present day in terms of both historic legal analysis and subject matter content The first part of the book addresses general issues pertaining to the categorization of CAH in

normative jurisprudential and doctrinal terms This is followed by an analysis of the specific contents of CAH describing its historic phases going through international criminal tribunals mixed model tribunals and the International Criminal Court The book examines the general parts and defenses of the crime along with the history and jurisprudence of both international and national prosecutions For the first time a list of all countries that have enacted national legislation specifically directed at CAH is collected along with all of the national prosecutions that have occurred under national legislation up to 2010 **A**

Modern Chinese Journey to the West Ulric Killion,2006 This book begins and perhaps should end with an excerpt from the writings of the late eminent Chinese scholar Fung Yu lan or Feng Youlan 1895 1990 who wrote The ancient Chinese culture is an inherent factor determining the Chinese style If the latter enunciation of Fung Yu lan stirs one s interest in Chinese culture for the typical reasons such as an interest in ancient periods of China romanticism which focuses on the exotic and mysterious for example Zen Buddhism and Taoism or simply as the source of exotic objects d art then all the better Because for a typical Westerner bound in Western conventionalism and parochialism engendering an understanding of the policies and practices of the People s Republic of China China necessitates understanding a modern China in light of Chinese traditional culture or philosophy or a China in antiquity The consequence of Chinese traditional culture affects many political economy concerns of modern China ranging from socio economic political to international trade and other concerns Indeed philosophical antecedents influence modern Chinese policies and practices The English Legal System Alisdair Gillespie,Siobhan Weare,2019 An engaging guide to the English legal system which helps students new to law develop a critical legal mind Presenting and critiquing the law in a lively style this text invites students to question analyse and evaluate
