Nick Heil

Mt Everest The Fatal Climb:

Dark Summit Nick Heil, 2011-04-13 In the tradition of Jon Krakauer's *Into Thin Air* Nick Heil recounts the harrowing story of the deadly and controversial 2006 climbing season on Everest. In early May 2006 a young British climber named David Sharp lay dying near the top of Mount Everest while forty other climbers walked past him on their way to the summit. A week later Lincoln Hall a seasoned Australian climber was left for dead near the same spot. Hall's death was reported around the world but the next day he was found alive after spending the night on the upper mountain with no food and no shelter. If David Sharp's death was shocking it was not singular despite unusually good weather ten others died attempting to reach the summit that year. In this meticulous inquiry into what went wrong Nick Heil tells the full story of the deadliest year on Everest since the infamous season of 1996. He introduces Russell Brice the outfitter who has done more than anyone to provide access to the summit via the mountain's north side and who some believe was partially responsible for Sharp's death. As more climbers attempt the summit each year Heil shows how increasingly risky expeditions and unscrupulous outfitters threaten to turn Everest into a deadly circus. Written by an experienced climber and outdoor writer *Dark Summit* is both a riveting account of a notorious climbing season and a troubling investigation into whether the pursuit of the ultimate mountaineering prize has spiralled out of control.

Last Hours on Everest: The gripping story of Mallory and Irvine's fatal ascent Graham Hoyland, 2013-05-23 An expert mountaineer cracks Everest's most intriguing mystery: did Mallory and Irvine reach the summit before they perished on its slopes?

Into Thin Air Jon Krakauer, 1998-11-12 1 NATIONAL BESTSELLER The epic account of the storm on the summit of Mt Everest that claimed five lives and left countless more including Krakauer's in guilt-ridden disarray. A harrowing tale of the perils of high altitude climbing a story of bad luck and worse judgment and of heartbreaking heroism. PEOPLE A bank of clouds was assembling on the not so distant horizon but journalist mountaineer Jon Krakauer standing on the summit of Mt Everest saw nothing that suggested that a murderous storm was bearing down. He was wrong. By writing *Into Thin Air* Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly Krakauer remains haunted by the disaster and although he relates a number of incidents in which he acted selflessly and even heroically he seems unable to view those instances objectively. In the end despite his evenhanded and even generous assessment of others' actions he reserves a full measure of vitriol for himself. This updated trade paperback edition of *Into Thin Air* includes an extensive new postscript that sheds fascinating light on the acrimonious debate that

flared between Krakauer and Everest guide Anatoli Boukreev in the wake of the tragedy I have no doubt that Boukreev's intentions were good on summit day writes Krakauer in the postscript dated August 1999 What disturbs me though was Boukreev's refusal to acknowledge the possibility that he made even a single poor decision Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients As usual Krakauer supports his points with dogged research and a good dose of humility But rather than continue the heated discourse that has raged since Into Thin Air's denouncement of guide Boukreev Krakauer's tone is conciliatory he points most of his criticism at G Weston De Walt who coauthored The Climb Boukreev's version of events And in a touching conclusion Krakauer recounts his last conversation with the late Boukreev in which the two weathered climbers agreed to disagree about certain points Krakauer had great hopes to patch things up with Boukreev but the Russian later died in an avalanche on another Himalayan peak Annapurna I In 1999 Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters a prestigious prize intended to honor writers of exceptional accomplishment According to the Academy's citation Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic solitary sport while his account of the life and death of Christopher McCandless who died of starvation after challenging the Alaskan wilderness delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind

Fallen Giants Maurice Isserman, Stewart Angas Weaver, Dee Molenaar, 2010-01-01 In the first comprehensive history of Himalayan mountaineering in 50 years the authors offer detailed original accounts of the most significant climbs since the 1890s and they compellingly evoke the social and cultural worlds that gave rise to those expeditions

A Love Too Strong To Die Hebert Centrone, Elizabeth Benton, 2003-07 Adventurer at heart Hebert Centrone has lived on the edge literally On his journey through life he never gave up on love and kept searching for his soul mate An eyewitness to glory terror and tragedy he has braved discrimination and bitter cold snow storms to become what his friends call an extraordinary mountaineer He hasn't told his story in his own words until now Among the most intrepid and fearless climbers Hebert Centrone has traveled from coast to coast in search of fresh challenges and new heights to conquer Along the way he has accumulated an extraordinary list of experiences including an excruciating night without a tent in a shallow snow cave With the triumphs came harrowing incidents of suffering and many humiliating situations at the hand of his climbing partner This is just not the end but the very beginning of a journey full of great expectations
