#OrganicJesus Scott Douglas, 2016-06-08 If Generation Next is supposed to question everything and trust no one where does faith fit in Consumers demand that their food be pesticide free their cosmetics and shampoo be paraben free and that everything possible from clothes to toilet paper be made without additives or chemicals But there s nothing that has more additives to the original product than Christianity How do we get back to the 100% organic version of Jesus In his personal search for the organic Jesus Scott Douglas goes on a funny thought provoking romp through the foundations of belief Christianity he says has become a simulacrum a bloated overprocessed image that lacks the true substance of the real thing

His search for the original took him far and wide through historical Christ figures urban legends odd facts about the faith freakishly flawed Christians and the Internet Using relatable contemporary anecdotes and unlikely wisdom concealed within humor Douglas reveals a way back to the authentic essence of following Christ By including wiki breaks social media callouts quizzes charts and more OrganicJesus is ideal for readers raised on social media who can't step out of their house without tweeting about it or eat lunch without posting on Instagram Douglas is careful to be as non biased as possible writing not for any particular agenda political or otherwise but instead encouraging readers to seek their own path for spiritual renewal The result is a candid look at modern Christianity that will challenge savvy young Christians to put as much effort into discovering sustainable religion as they do in their pursuit of an organic marketplace *The Physiology of Faith and Fear* William Samuel Sadler,1912 **Physiology of Faith and Fear, Or, The Mind in Health and Disease** William Samuel Sadler,1915 Dostoevsky and The Idea of Russianness Sarah Hudspith,2004-03-01 This book examines Dostoevsky's interest in and engagement with Slavophilism a Russian mid nineteenth century movement of conservative nationalist thought It explores Dostoevsky's views as expressed in both his non fiction and fiction on the religious spiritual and moral ideas which he considered to be innately Russian It concludes that Dostoevsky is an important successor to the Slavophiles in that he developed their ideas in a more coherent fashion broadening their moral and spiritual concerns into a more universal message about the true worth of Russia and her people **Scientific Order and Law as Traced by the Method of Christ and Conceived to be the Revealed Will of God** John Coutts,1904 *Christianity and the Limits of Materiality* Minna Opas,Anna Haapalainen,2017-06-29 Despite the fact that Christianity is understood to be thoroughly intertwined with matter objects and things Christians struggle to cope with this materiality in their daily lives This volume argues that the ambivalent relationships many Christians have with materiality is a driving force that contributes to the way people in different Christian traditions and in different parts of the world understand and live out their religion By placing the questions of limits and boundary work to the fore the volume addresses the question of exactly how Christianity takes place materially addressing a gap in studies to date Christianity and the Limits of Materiality presents ground breaking research on the frameworks and contexts in relation to and within which Christian logics of materiality operate The volume places the negotiations at the limits of materiality within the larger framework of Christian identities and politics of belonging The chapters discuss case studies from North and South America Europe and Africa and demonstrate that the limits preoccupying Christians delimit their lives but also enable many things Ultimately Christianity and the Limits of Materiality demonstrates that it is at the interfaces of materiality and the transcendent that Christians create and legitimise their religion *Redemption's Gift* Tylia L. Flores,2024-12-25 Redemption's Gift is a heartwarming Christmas romance that follows the story of Ruth Anne Combs a 21 year old African American who attends Columbia University to pursue her degree in creative writing While home for the holidays in her small hometown of Cleremont Florida Ruth Anne's main goal is to reconnect with her high school sweetheart

The Power of the Church Michael R. Wagenman,2020-11-20 It is fascinating that in all the media reports and discussions of the church s abuse of power in the early years of the twenty first century few if any seemed to notice that the accusation of the church s misuse of power presupposed a shared understanding of the positive use of power within the church that had been violated Rather than an interest in the sociological aspect of this question this book examines the more ontological and normative aspects of it That is it investigates and discerns the foundational theological framework of culture and society and the location and purpose of the church within them As a cultural force and societal institution what does the church constructively bring to the human community
