Riders Of The Whistling Pines:

The Great American Western - Vol. 5 Platinum Disc Corp, 2003 Riders of the Whistling Pines 1949 The Big Show 1937 Springtime in the Rockies 1937 Boots and Saddles 1937 Gunfight at the Eco-Corral Robin L. Murray, Joseph K. Heumann, 2012-10-01 Most film critics point to classic conflicts good versus evil right versus wrong civilization versus savagery as defining themes of the American Western In this provocative examination of Westerns from Tumbleweeds 1925 to Rango 2011 Robin L Murray and Joseph K Heumann argue for a more expansive view that moves beyond traditional conflicts to encompass environmental themes and struggles The environment after all is the fundamental stage for most western stories from land rush dramas that pit sod busters against ranchers to conflicts between mining town communities and corporations Because environmental issues lie at the forefront of so many conflicts today Murray and Heumann believe that the Western is ripe for such new examination Drawing on perspectives from both film studies and environmental history the authors show how western films frequently deal with issues related to land use and different ways of looking at the natural world In films as diverse as Gene Autry musicals early John Wayne B Westerns and revisionist critiques such as the 2010 remake of True Grit resources are exploited in the name of progress Beginning with an analysis of two iconic Westerns Shane and The Searchers Murray and Heumann identify the environmental dichotomies previously overlooked by critics that are broached in both films and they clarify the history that lies behind the environmental debates in these films and many others How do Westerns respond to the historical contexts they present And what do those responses suggest about American views of nature and its exploitation The conflicts these movies address grow out of differing views of progress frequently in relation to technology The authors show that such binary oppositions tend to blur when examined closely demonstrating that environmental issues are often more complex than we realize *Motion Pictures From the Fabulous 1940's* Terry Rowan, 2016-01-06 In Europe the war was already old but while feeding nickels into roadhouse jukeboxes the Presidential conventions where the biggest question would be whether That Man in the White House would shatter yet another precedent and run for a third term To many Americans there seemed little else worth worrying about As with all time periods the 1940s had a set of specific fads that were popular around the country Read this book and find out about the films of this decade and more **REFLECTIONS OF A "B"- MOVIE JUNKIE** Jim Driscoll, 2008-12-30 Reflections Of A B Movie Junkie is a tribute to the old B Movies of the Saturday Matinees of yesteryear Actually it is more of a homage to them or at least 6 genres of those film types that were so prevalent back in primarily the 40 s and 50 s Their research and discussion however in some instances dates all the way back to the beginning of the talkies of motion picture content and can extend in the other direction into the early 70s These 6 genres include the popular B Western The Comedy Teams The Jungle Adventures Sci Fi Fantasy Horror and the Serial or Chapter Plays so popular with the week end Matinee crowds back then These film types filled up our Saturday afternoons and evenings with exciting adventure curious wonder spine tingling horror

and non stop action Often filmed on a shoe string budget and in a limited time frame many of these classics came to be looked upon by many fans as being so truly bad that they were good in a bad sort of way They are thus categorized reviewed and discussed for the most part in a lovingly personal style especially when compared to the film types we are subjected to in today s market They had their place in film history and that time is long since gone But for some of us they have never been equaled which for others may indeed be a good thing
