Here and Now Paul Auster, J. M. Coetzee, 2013-03-07 A civilized discourse between two cultivated and sophisticated men It s a pleasure to be in their company Michael Dirda The Washington Post An extended meditation on the processes of friendship Here and Now has something substantive to offer The New York Times Book Review After a meeting at an Australian literary festival brought them together in 2008 novelists Paul Auster and J M Coetzee began exchanging letters on a regular basis with the hope they might strike sparks off each other Here and Now is the result a three year epistolary dialogue that touches on nearly every subject from sports to fatherhood literature to film philosophy to politics from the financial crisis to art death marriage friendship and love Their high spirited and luminous correspondence offers an intimate and often amusing portrait of these two men as they explore the complexities of the here and now and reveal their delight in each other's friendship on every page **Here and Now** Youngjoo Son,2013-10-15 Working at the crossroads of contemporary geographical and cultural theory the book explores how social spaces function as sites which foreground D H Lawrence and Virginia Woolf's critiques of the social order and longings for change Looking at various social spaces from homes to nations to utopian space brought into the here and now the book shows the ways in which these writers criticize and deconstruct the contemporary symbolic physical and discursive spatial topoi of the dominant socio spatial order and envision a more liberating and inclusive human geography In addition the book calls for the need to redress the tendency of some spatial theories to underestimate the political potential of literary discourse about space instead of simply and mechanically appropriating some theoretical concepts to literary criticism One of the central findings in the book therefore is that literary texts can perform subversive interventions in the production of social space through their critical interaction with dominant spatial codes Here and Now Graham Farmelo, Janet Carding, 1997 Presenting contemporary science and technology provides science museums and science centres with some of their greatest challenges This book explores questions central to the thinking of every museum and science centre attempting to meet such challenges What are the implications of the information technology revolution How can objects be more effectively displayed And what are the key issues involved in developing exhibitions and events that address contemporary material Standing Stones Peace Here Alan Watts-Here and Now Peter J. Columbus, Donadrian L. Rice, 2012-06-13 Alan Watts and Now Jeja Rera, 2011-04 Here and Now explores the intellectual legacy and continuing relevance of a prolific writer and speaker who was a major influence on American culture during the latter half of the twentieth century A thinker attuned to the spiritual malaise affecting the Western mind Watts 1915 1973 provided intellectual and spiritual alternatives that helped shape the Beat culture of the 1950s and the counterculture of the 1960s Well known for introducing Buddhist and Daoist spirituality to a wide Western audience he also wrote on psychology mysticism and psychedelic experience Many idolized Watts as a guru mystic yet he was also dismissed as intellectually shallow and as a mere popularizer of Asian religions the Norman Vincent

Peale of Zen Both critical and appreciative this edited volume locates Watts at the forefront of major paradigmatic shifts in Western intellectual life Contributors explore how Watts s work resonates in present day scholarship on psychospiritual transformation Buddhism and psychotherapy Daoism in the West phenomenology and hermeneutics humanistic and transpersonal psychology mysticism and ecofeminism among other areas **Here and Now** David Rogers, 1973 and Now! Pat Martino, 2011-09-01 Book By age 16 Pat Martino was already working as a member of R but more important learning to transcend the instrument itself and live his life completely in the moment More than just the remarkable story of one of the most original and profoundly influential quitarists in jazz history this extraordinarily revealing autobiography is also a survival manual of sorts in overcoming incredible adversity and learning to live in the here and now future are here and now Helena Petrovna Blavatsky, 2020-10-01 Our century is a boastful age as proud as it is hypocritical as cruel as it is dissembling Happy the optimist in whose heart the nightingale of hope can still sing with all the iniquity and cold selfishness of the present age before his eyes There are more hypocrites in a square yard of our civilized soil than antiquity has bred of them on all its idolatrous lands It takes a brave man to speak the truth fearlessly and even that at personal risk and cost For the law forbids one speaking the truth except under compulsion in its courts and under threat of perjury Instead of truth and sincerity we have cold politeness and falsification on every plane falsification of moral food and the same falsification of eatable food Be religious or irreligious as much as you like but do not be offensive and dare not outrage and pain other people In law that which is sauce for the goose must be sauce for the gander Thou shalt not revile the gods Blasphemy with the modern criminal sense attached to it existed with the Greeks the Romans and with the older Egyptians ages before our era Reverence is now replaced by emotionalism and holy mediocrities The emanations of modern civilization kill all goodness and truth When the inferior races have all been wiped out by the civilized man what shall replace them in the cycle that is to mirror our own True charity opens her purse strings with an invisible hand and finishing its act exists no more it shuns fame and is never ostentatious Pride is the first enemy to itself unwilling to hear anyone praised in its presence it falls foul of every rival and does not always come out victorious The most beautiful serpents are the most venomous As the external excellence of a thing does not reflect the moral beauty of its workman so some of the most eminent poets and philosophers were historically immoral We will not be moved by either hysterical emotion or a holy fear of the masses and propriety Whether the new cycle will bring new horrors or herald days of pure sunlight and happiness for all will depend on those who fight the battle of Truth against the powers of Darkness Theosophy is brotherly love mutual help altruism in action and unswerving devotion to Truth Once men realize that in these alone can true happiness be found and never in wealth possessions or any selfish gratification then the dark clouds will roll away and a new humanity will be born upon earth Then the Golden Age will be there A Galaxy Here and Now Peter W. Lee, 2016-01-29 Star Wars begins with its famous title sequence setting the story in the ancient past of a remote galaxy Yet the phenomenal success of the film the

franchise and its expanded universe is based upon its reflection of historical and cultural milieus here on modern day Earth This collection of new essays examine various ways in which George Lucas s saga touches upon contemporary social and political issues Topics include the impact of the film's score on musical genres feminism and NASA the epic mimicry of Western African and Bedouin cultural motifs gender identity construction Cold War narratives in radio and national mythology and fan interpretations of authorship and authenticity Bevond Here and Now Barbara Davis Slotnick, 2012-04-19 HAUNTED HOUSES ARE REAL I grew up in a wonderful historic small town in South Carolina Even today I still love the history of this old town and the many friends I have come to know In the 1980s years later when I was grown and had children of my own I rented an apartment in one of the historical houses that had been renovated into apartments in 1963 We were excited and felt fortunate to have found such an amazing place to live and be back in my hometown again However this unusual house had some interesting things happen in it while we lived there much to my surprise As if it were planned by some unseen being my children and I began noticing some very unusual occurrences My daughter was twelve years old at the time and was a cheerleader in the school she attended Each night she placed her cheerleading pom poms on the corners of the bed posts of the bed which she and I both shared I always watched the news at night before bedtime One winter night in 1983 around 11 15 p m the pom poms began twisting like little pieces of paper as if they had an energy source from something I didnt understand One pom pom flew off of the bedpost and landed in the corner across the room The next night around the same time the other pom pom flew off its post into the same corner I was so shocked I left them both lying there until my daughter had to use them again which was the next day The old house was huge and cold On another winter night my daughter and I were sleeping in the same room and the same bed as before All of a sudden my feet began feeling hot so I took off my socks I left them under the covers in case I needed them later About thirty minutes later the socks began moving up toward me under the cover to the edge and over the end of the bed I was so scared I couldn't move My daughter was still sleeping Then a pair of pillows began to move across the wooden part of the foot of the bed at the end and landed beside the socks When this happened I quickly awoke my daughter and we got out of that bed and that room When I went to check the room the next morning the socks were placed side by side and the pillows were arranged as if they were for show At this point I felt that I needed an outside opinion of my experiences I then called one of the universities I was acquainted with about my experiences They wanted to send a scientist to visit me and the house However my daughter was against it They sent an engineer instead The engineer after much observation informed me that I and my daughter were clairvoyant and that some form of an entity was in the house He said that a lot of things that was going on could possibly be explained based on the history of the house but not all of them From time to time several other unexplained incidences happened before I decided to move away from all of this Sometimes the telephone receiver would jump off its cradle Christmas bulbs would swing back and forth on the tree and water kept coming on in the bathroom when no one was

present My daughter and I had no choice but to leave this unpredictable place Soon after we moved to Myrtle Beach S C We thought we had left the past behind however in our new house locks and doors would open as well as other things that occurred Over the years since then things seemed to have calmed down Even though I have been told that my daughter and I could both have psycokinesis she denies her powers **Here and Now** Todd Hasak-Lowy, 2008-03-29 The emergence of Zionism in the late nineteenth century and the evolution of Zionist society in Palestine were profoundly influenced by the Hebrew literature of the day As Todd Hasak Lowy cogently argues in this book Hebrew authors wrote with the belief that accurately representing Jewish society including its history in their texts would both record the past and establish its future course Hasak Lowy traces the tensions between the extraliterary the historical social and political and the literary the aesthetic formal and stylistic in Hebrew fiction Focusing on canonical Hebrew texts by S Y Abramovitz Y H Brenner S Y Agnon and S Yizhar the author establishes how their works and the works of other Jewish authors served as the intellectual and political leadership to the not yet fully amalgamated nineteenth century diaspora Right Here Right Now Amy G. Oden, 2017-08-01 Christians have always practiced mindfulness Yet from the popular landscape of mindfulness movement you d never know that Where is the Christian voice in this fast growing movement Many Christians practice mindfulness outside of church and believe it does not belong to our faith tradition This book reveals the Christian roots of mindfulness and the actual practices that when reclaimed deepen the life of faith and the power of our mission of love in the world When we understand how radical it is to live in God's presence right here right now our lives are transformed toward mercy justice and abundant life Amy Oden shows how the practice of Christian mindfulness begins with the teachings of Jesus and continues throughout Christian history It also includes step by step instructions for the practice of Christian mindfulness today Pastors and leaders will find this book useful on the ground as they curate current culture and guide Christians in spiritual practices this is the best introduction to Christian mindfulness I have read Shaun Lambert Senior Minister of Stanmore Baptist Church United Kingdom Amy Oden knows the history of Christian spirituality as well as anyone and she helps us see what might seem surprising to many that mindfulness has deep roots in the Christian tradition The wisdom she shares in this clear winsome book has already deepened my own life of prayer I know this book will bear fruit in classrooms and congregations as readers heed its call to stop and pay prayerful attention to what God is doing right here right now L Roger Owens Associate Professor of Christian Spirituality and Ministry Pittsburgh Theological Seminary Pittsburgh PA Oden deftly lifts up a clear template for what lies at the core of all spiritual practice mindfulness a simple awareness within ordinary life of divine presence here and now Unlike many generic practices of mindfulness now popular in business education and the fitness industry Oden underscores that Christian mindfulness is not an end in itself but an awareness that turns us toward God Amy s words become a litany of invitation into the posture of open hearted presence to the Presence right here right now from the foreword Marjorie J Thompson author of Soul Feast An Invitation to the Christian Spiritual Life former Director of Pathways
