*Righteous Religion* Kathleen Ritter, Craig O'Neill, 2014-05-22 Why are so many individuals discouraged at spiritual dead ends even when they are active participants in their churches *Righteous Religion* exposes the authoritarian misuse of Christian teaching that often leaves its members ignored chastised or belittled This new book offers hope for anyone who has struggled with disillusionment in the face of an unbending religious system After unmasking a bewildering network of illusions that operate beneath the surface of Fundamentalism and dogmatic Catholicism the authors help readers find their own voices of truth This is a candid book that analyzes the grip of Fundamentalism and Catholicism on their respective followers despite financial and sexual scandals misuse of power and influence apparent hypocrisy and selective self righteousness of these two religious systems Using real life stories of ordinary people in ordinary churches *Righteous Religion* demonstrates that the efforts involved in maintaining illusions are incompatible with claiming a personal spiritual voice The authors discuss the relationship between the breakdown of erroneous notions and the growth that will involve readers in finding their own voice From the stories presented readers will see the journey progress from questioning previously unquestioned assumptions reclaiming the best out of their religious traditions and then transcending that which is no longer viable by grieving over illusions learning to live with paradox and transforming illusions into a new valid and spiritually personal religious truth As readers begin the journey of finding their own spiritual voice their experiences will be validated by the prose and stories in *Righteous Religion* Those outside of Fundamentalism and Catholicism can begin to understand the practices of these religious groups through the authors clear explanation of the dynamics and inner workings of creed bound Fundamentalism and Catholicism This book has appeal to anyone whether from within or outside religious tradition who has questioned the grip of Fundamentalism and Catholicism on individuals

*Leaving Christian Fundamentalism and the Reconstruction of Identity* Josie McSkimming, 2016-10-04 There is an increasing interest in the influence of religious fundamentalism upon people's motivation identity and decision making *Leaving Christian Fundamentalism and the Reconstruction of Identity* details the stories of those who have left Christian fundamentalist churches and how they change after they have left It considers how the previous fundamentalist identity is shaped by aspects of church teaching and discipline that are less authoritarian and coercive and more subtle and widely spread throughout the church body That is individuals are understood as not only subject to a form of judgment but also exercise it with everyone seemingly complicit in maintaining the stability of the church organisation This book provocatively illustrates that the

reasons for leaving an evangelical Christian church may be less about what happens outside the church in terms of the lures and attractions of the secular world and more about the experience within the community itself

guidebook *Ecotherapy Healing Ourselves Healing the Earth* fills a wide gap in both the counseling and therapy literature and the ecology literature. It offers an innovative model for fulfilling the ecological circle between humans and nature with three action dimensions. These are self care by being intentionally nurtured by nature, spiritual enrichment by enjoying the transcendent Spirit in nature, and responding by nurturing nature more responsibly and lovingly. The theories and practical applications presented in the book come together to explore long overlooked issues at the boundary between human health and the health of the natural environment. Psychotherapists, health professionals, and teachers, pastoral counselors, and other clergy who counsel and teach laypersons who are parents and grandparents and individuals and groups interested in environmental issues will find *Ecotherapy Healing Ourselves Healing the Earth* essential for approaching the long neglected earthy roots of the total human mind/body/spirit organism. **Living, Loving and Loss** Brad DeFord, Richard

Gilbert, 2016-12-05 One of the unspoken aspects of mourning concerns the ways that loss affects our intimate relationships and our sexual expressiveness. This text opens these subjects for conversation with the aim of promoting the trust, care, and respect that enable us to be vulnerable. It purposefully covers a range of topics including 1. the meaning of intimacy and the significance of sexuality, providing a basis for the use of these terms throughout the book; 2. death, grief, and differences in sexual orientation, including death and intimacy in the lesbian, gay, bisexual, and transgender (LGBT) community and the losses endured by young people due to gender issues; 3. loss of relationship and restoration of intimacy in families, including pharmacological effects on the grief processes of widowers, grieving a not so loved parent, the layered losses of infertility and intimacy, and the tolls of war, intimacy, and sexuality challenges for soldiers and their families; 4. adjusting to life's losses associated with aging or illness or infirmity, including Alzheimer's and dementia-related illnesses, physical health losses after 50, and intimacy, sex, and hospice, self-determination, and dignity at the end of life; and 5. religious bases that have shaped our perspectives for understanding intimacy, sexuality, and healing after loss, and which give us hope, including the spiritual reflections of a rabbi and a Christian voice in defining what is right. Set in a framework that is both psychological and spiritual, the well-researched contributions are intended to acknowledge these experiences both professionally and personally. The book concludes with an extensive bibliography valuable for research and reference. This book will be of value in undergraduate and graduate courses on thanatology as well as for anyone interested in knowing more about grief, both those currently bereaved and those who wish to support others in mourning. The contributors appreciate both the importance of our capacities for intimacy and sexuality and our inhibitions and hesitations in giving voice to our needs and concerns, perhaps especially when we are grieving. The information and compassionate understanding they provide encourage us to bridge the gap between the secret and the private and to share what is close to our hearts.
