**Biography and the Question of Literature in France** Ann Jefferson, 2007-01-04 This book takes a fresh look at the relations between literature and biography by tracing the history of their connections through three hundred years of French literature The starting point for this history is the eighteenth century when the term biography first entered the French language and when the word literature began to acquire its modern sense of writing marked by an aesthetic character Arguing that the idea of literature is inherently open to revision and contestation Ann Jefferson examines the way in which biographically orientated texts have been engaged in questioning and revising definitions of literature At the same time she tracks the evolving forms of biographical writing in French culture and proposes a reappraisal of biography in terms not only of its forms but also of its functions Although Ann Jefferson's book has powerful theoretical implications for both biography and the literary it is first and foremost a history offering a comprehensive new account of the development of French literature through this dual focus on the question of literature and on the relations between literature and biography It offers original readings of major authors and texts in the light of these concerns beginning with Rousseau and ending with life writing contemporary authors such as Pierre Michon and Jacques Roubaud Other authors discussed include Mme de Staël Victor Hugo Sainte Beuve Barbey d'Aurevilly Baudelaire Nerval Mallarmé Schwob Proust Gide Leiris Sartre Genet Barthes and Roger Laporte Le roman français au tournant du XXI<sup>e</sup> siècle Aline Mura-Brunel, Marc Dambre, 2004 Ce recueil est

*The Flesh of Words* Jacques Ranci re, 2004 This new collection of challenging literary studies plays with a foundational definition of Western culture the word become flesh But the word become flesh is not or no longer a theological already given It is a millennial goal or telos toward which each text strives Both witty and immensely erudite Jacques Ranci re leads the critical reader through a maze of arrivals toward the moment perhaps always suspended when the word finds its flesh That is what he a valiant and good humored companion to these texts goes questing for through seven essays examining a wide variety of familiar and unfamiliar works A text is always a commencement the word setting out on its excursions through the implausible vicissitudes of narrative and the bizarre phantasmagorias of imagery Don Quixote s unsent letter reaching us through generous Balzac lovely Rimbaud demonic Althusser The word is on its way to an incarnation that always lies ahead of the writer and the reader both in this anguished democracy of language where the word is always taking on its flesh Die biographische Fiktion in der franz sischen Gegenwartsliteratur Johannes Mussack, 2025-07-28 In j ngster Zeit

*Pierre Michon* Patrick Crowley, 2007 Pierre Michon is one of France's most significant contemporary writers Since the publication in 1984 of his first book *Vies minuscules* Michon's work has never ceased to evade generic classifications His work ingests books lives and thought and probes their complex interrelationship and those moments of convergence that transform an ordinary name into that of an Author or of an Artist The contents of Michon's work are well documented they are drawn from canonical novels chronicles archives and the biographies of artists lives and are worked into cross generic forms that revive names and make us rethink the uncertainty of literature Less has been written of his engagement with avant garde thought The legacy of French avant garde thinkers of the 1960s and 1970s in particular the work of Roland Barthes informs Michon's work Barthes's notions of the referent of intertextuality and of authorship for example are transposed reconfigured and sometimes contested within Michon's work In this way Barthes's name the afterlife of his thought remains encrypted within Michon's prose This book situates and reads Michon's texts through the complex inscription and transformation of names drawn from the Creuse literature art and avant garde thought And it is within this matrix that Michon puts in play his own name and its uncertain relation to literature

*Pierre Michon* Agnès Castiglione, 2007 Analyse l'oeuvre de P Michon comme l'histoire d'une ascension d'une langue affrontant le mystère de l'être travers la naissance la mort le recommencement de soi du monde et du livre Les textes réunis relient le cœur de l'enfance de l'écrivain sa maison natale son travail carnets manuscrits son phras et ses mythes fondateurs

**Rimbaud's Theatre of the Self** James R. Lawler, 1992 In a new interpretation of a poet who has swayed the course of modern poetry in France and elsewhere James Lawler focuses on what he demonstrates is the crux of Rimbaud's imagination the masks and adopted personas with which he regularly tested his identity and his art A drama emerges in Lawler's urbane and resourceful reading The thinking feeling acting Drunken Boat is an early theatrical projection of the poet's self the Inventor the Memorialist and the Ingu assume distinct roles in his later verse It is however in *Illuminations* and *Une Saison en enfer* that Rimbaud enacts most powerfully his grandiose dreams Here the poet becomes Self Creator Self Critic Self Ironist he takes the parts of Floodmaker Oriental Storyteller Dreamer Lover and he recounts his descent into Hell in the guise of a Confessor In

delineating and exploring the poet's theatre of the self Lawler shows us the tragic lucidity and the dramatic coherence of Rimbaud's work

**Verlaine** A.E. Carter, 1969-12-15 The contradictions of Verlaine's nature are mirrored in his verse which is alternately mystic sensuous exquisite and prosaic He had extraordinary lyric powers he was a master of eerie harmonies such as few other poets have achieved and in *Sagesse* he produced religious verse which challenges comparison with the very best of its kind Yet here and there can be found a curious weakening in the texture of thought and inspiration he turns and twists takes flight seeks reassurance in platitudes and convention marriage dogmatic theology reactionary political creeds He is even capable of lamenting as Rimbaud shows him in *Une Saison en Enfer* the emotional and poetic experiments which give his work its supreme value It is almost as though he were afraid of his own talent The explanation as far as there is one lies in a combination of personality and circumstance This biography attempts to explore the parallels Verlaine's own term between his life and his poetry Nearly everything he produced whether good or bad was a reflection of some crisis of thought or feeling No one demonstrates better than Verlaine the antinomies between the artist and his work between the man and the

genius and in every case we are obliged to admit that the one explains the other Without the weakness and the squalor we might indeed have had a rational human being and a good husband for Mathilde Maut but we should have had no poet or no poet like Paul Verlaine Professor Carter concentrates on the combination of Verlaine s personality and experiences that produced some of the most brilliant poetry in the French language The result is one of the best critical biographies of Verlaine published to date
