*Government of the Shadows* Eric Wilson, 2009-01-20. This book uncovers the activities of clandestine governments. It explores how covert political activity and transnational organized crime are linked and how they ultimately work to the advantage of state and corporate power. Using a variety of case studies from the mafia in Italy to programmes for food and reconstruction in Iraq, the authors illustrate that parapolitical structures are not deviant but central to the operation of global governments. The creation of this parallel world economy, the source of huge political and economic potential, entices states to undertake new forms of regulation either through their own intelligence agencies or through the more shadowy world of criminal cartels.

*The Ring Master's Secret* Marilyn Brokaw Hall, 2010-11. In 1939 Hazard, Kentucky, a rural family tries to cope with the loss of their twelve-year-old son, Stephan.
