The Expendables: The Rings of Tantalus Edmund Cooper, 2011-09-29 First they went to Kratos and faced the Deathworms Then they went on to Tantalus and tried to fathom the Rings which could only have been fabricated with the help of highly sophisticated machinery And then they discover an alien spaceship orbiting the planet in strict silence and incommunicability When they finally boarded the vessel it was obvious that it had been derelict for centuries as a result of some dreadful battle Meanwhile down below the enigmatic Rings lay waiting to deal with intruders as they did the deadly vampire tree Once again Commander James Conrad and his team of Expendables faced their mission to find planets suitable for colonization The second of a new series of books The Rings of Tantalus seems guaranteed to further launch Richard Avery as a very special writer of modern science fiction novels And there are more to come

The Expendables: The Wargames of Zelos Edmund Cooper, 2012-12-14 Zelos seemed an ideal planet for colonization Possessing one large continent and numerous archipelagos it had a climate and vegetation comfortably like that of Earth Captain James Conrad and his crew of Expendables started on their initial reconnaissance of the planet For the first time they found human beings already in residence But this was a society remote from anything they had ever before experienced For the Emperor of this strange world controlled his domain through the great annual War Games Only the fittest could survive and only they were allowed to procreate Through this death control the population was limited to twenty thousand There was only one way the Expendables could get permission to establish a colony on Zelos Risking their own lives they must compete in the dreaded War Games And somehow they must win

The Expendables: The Deathworms of Kratos Edmund Cooper, 2011-09-29 The Expendables were criminals offered pardons in exchange for exploring alien worlds But their mission takes them to Kratos where the local lifeform is giant slimy and hostile
