An Anthropology of Marxism Cedric J. Robinson, 2019-01-18 *An Anthropology of Marxism* offers Cedric Robinson's analysis of the history of communalism that has been claimed by Marx and Marxists Suggesting that the socialist ideal was embedded both in Western and non Western civilizations and cultures long before the opening of the

modern era and did not begin with or depend on the existence of capitalism Robinson interrogates the social cultural institutional and historical materials that were the seedbeds for communal modes of living and reimagining society Ultimately it pushes back against Marx s vision of a better society as rooted in a Eurocentric society and cut off from its own precursors Accompanied by a new foreword by H L T Quan and a preface by Avery Gordon this invaluable text reimagines the communal ideal from a broader perspective that transcends modernity industrialization and capitalism An Outline of Modern European History Halford Lancaster Hoskins,1925
