Carl Schneider,2000 Discusses the issues surrounding physician assisted suicide in light of the Supreme Court s recent decision Various Thoughts on the Occasion of a Comet Pierre Bayle,2000-05-18 I tremble when I recall the terrible appearance the comet had on Saturday evening in the clear sky when it was observed by everybody with inexpressible astonishment It seemed as though the heavens were burning or as if the very air was on fire F rom this little star stretched out such a wonderfully long tail that even an intellectual man was overcome with trembling one s hair stood on end as this uncommon terrible and indescribable tail came into view O wonderful almighty God The heavens show thy might and the earth thy handiwork Eyewitness account of a comet which appeared over Europe on December 24 1680 The appearance of this comet caused so many panicked inquiries to be made of Pierre Bayle one of the Enlightenment s greatest thinkers that he decided to formally respond to them hence the present work which first appeared in 1682 The book s principle task was to

undermine the influence of superstition in political life and it was here that Bayle made the notorious suggestion unique in the history of political thought until then that a decent society of atheists is possible in principle There is no other English translation of this book in print the only other version was printed in 1708 This translation is based on a recently revised critical edition of the complete French text and includes a substantial interpretive essay that both elucidates the arguments of the work and indicates the importance of Bayle in the history of the modern Enlightenment
