Rising Sunsets

John Charles Frémont, John Torrey

Rising Sunsets:

The Rising Sunset Kenneth Attiwill, 1957 The authors experiences after his capture by the Japanese in Java in 1942 and later as a captive in Japan *Sunsets, Twilights, and Evening Skies* Aden Meinel, Marjorie Meinel, 1991-01-25 Explains what causes color variations in sunsets tells how volcanic eruptions can change the sun s light and discusses comets meteors city lights and the aurora borealis *Skyscapes* Fabio Silva, Nicholas Campion, 2015-03-12 Eleven papers extend discussion of the role and importance of the landscape and the wider environment to past societies and to the understanding and interpretation of their material remains into consideration of the significance of the celestial environment the skyscape The role of the sky for past societies has been relegated to the fringes of archaeological discourse Nevertheless archaeoastronomy has developed a new rigour in the last few decades and the evidence suggests that it can provide insights into the beliefs practices and cosmologies of past societies *Skyscapes* explores the current role of archaeoastronomical knowledge in archaeological discourse and how to integrate the two It shows how it is not only possible but even desirable to look at the skyscape to shed further light on human societies This is achieved by first exploring the historical relationship between archaeoastronomy and academia in general and with archaeology in particular The volume continues by presenting case studies that either demonstrate how archaeoastronomical methodologies can add to our current understanding of past societies their structures and beliefs or how integrated approaches can raise new questions and even revolutionise current views of the past **It's a Sunrise, Not a Sunset** Ann S. Eagle, 2016-02-15 Have you ever wondered why we focus so much on sunsets and not sunrises Maybe because it s easier to watch a sunset as it happens in a more convenient time of the day Maybe it s just become a habit to photograph and paint sunsets instead of sunrises The same can be true in our own lives We can form habits of focusing on the sunsets in our lives and when we do we can miss the sunrises in them The sun setting represents the end of the day while the sun rising represents the beginning of the day In the same way sunsets in our personal lives can symbolize the end of something or the loss of something while sunrises can symbolize the start of something or the gain of something When we think the sun is setting on our circumstances maybe the sun is really rising God is always turning our circumstances together for good Is it time for you to proclaim It s a sunrise not a sunset [Sunrise, Sunset](#) Kim Weiss, 2014-10-14 Much like life the stage changes even when our vantage point doesnt And so it is with the rising and setting sun no two are ever the same Every picture tells another color shape and shadow story [Report of the Exploring Expedition to the Rocky Mountains in the Year 1842, and to Oregon and North California in the Years 1843-'44](#) John Charles Frémont, John Torrey, James Hall, 1845 Describes the author explorations in the Oregon and California territory from 1842 to 1846 Contains detailed descriptions of the geography botany and other scientific findings of the regions **Report of the Exploring Expedition to the Rocky Mountains in the Year 1842, and to the Oregon and North California, in the Years 1843-1844** John Charles Frémont, 1845 [Report of the exploring expedition to the Rocky](#)

Internal Revenue Service, 2001 The Future of Mining in South Africa: Sunset or Sunrise? Valiani, Salimah, 2018-12-28 The future of mining in South Africa is hotly contested Wide ranging views from multiple quarters rarely seem to intersect placing emphasis on different questions without engaging in holistic debate This book aims to catalyse change by gathering together fragmented views into unifying conversations It highlights the importance of debating the future of mining in South Africa and for reaching consensus in other countries across the mineral dependent globe It covers issues such as the potential of platinum to spur industrialisation land and dispossession on the platinum belt the roles of the state and capital in mineral development mining in the era of the Fourth Industrial Revolution the experiences of women in and affected by mining since the late 19th century and mine worker organising history and lessons and how post mine rehabilitation can be tackled It was inspired not only by an appreciation of South Africa's extensive mineral endowments but also by a realisation that while the South African mining industry performs relatively well on many technical indicators its management of broader social issues leaves much to be desired It needs to be deliberated whether the mining industry can play as critical a role going forward as it did in the evolution of the country's economy
