## **Risk And Resilience In Childhood An Ecological Perspective:**

Risk and Resilience in Childhood Mark W. Fraser, 1997 Research aims to understand the risks faced by children through treatment of the child's ecological environment and with a systems perspective Risk factors identified include attention deficiency and hyperactivity school failure drug use early sexual activity and childhood depression The multisystems perspective argues that a conceptual frame of reference that incorporates individual and contextual conditions helps determine the probability of the problem not identifying the risk after the fact

**Risk and Resilience in Childhood** Mark W. Fraser, 2004 Using an ecological and multisystems perspective each chapter examines risk and protective factors for specific social problems and disorders in childhood including drug abuse child abuse school failure adolescent pregnancy suicide and delinquency from publisher information
