**The Rites of Passage** Arnold van Gennep, 2019-05-24 This classic work of anthropology explores the transitional stages of an individual's life and the societal rituals involved. Arnold van Gennep's masterwork *The Rites of Passage* has been a staple of anthropological education for more than a century. First published in French in 1909 and translated into English by the University of Chicago Press in 1960, this landmark book explores how the life of an individual in any society can be understood as a succession of transitions: birth, puberty, marriage, parenthood, old age, and finally death. Van Gennep's great insight was discerning a common structure in each of these seemingly different transitions involving rituals of separation, liminality, and incorporation. With compelling precision, he set out the terms that would both define twentieth-century ritual theory and become a part of our everyday lexicon. This new edition of his work demonstrates how we can still make use of its enduring critical tools to understand our own social, religious, and political worlds, and even our personal and professional lives. In his new introduction, Pulitzer Prize-winning historian and anthropologist David I. Kertzer sheds new light on van Gennep, on the battles he fought, and on the huge impact the book has had since publication of the first English edition. With a new introduction by Pulitzer Prize winner David I. Kertzer.

**Ritual Design for the Ballet Stage** Hanna Walsdorf, 2019-02-28 The Turkish ceremony in *Le Bourgeois gentilhomme* has been popular with audiences for almost 350 years and remains one of the best-known scenes of early modern French theatre. This newly researched volume spotlights the Turkish ceremony in its original technicolor, presenting numerous important discoveries that have never before been published. It shows that even in a field as thoroughly investigated as the collaboration between Molière and Lully at the court of Louis XIV, there is still much new source material to be discovered and many new connections to be made. As the multidisciplinary essays examine the burlesque Turkish scene from a social, political, textual, and iconographic viewpoint, they unearth time and again flaws, omissions, and errors transmitted in earlier scholarship. *Ritual Design* is a must-have volume that sets the record straight.

**Family Planning and Reproductive Health Sourcebook, 1st Ed.** James Chambers, 2021-05-01 Consumer health information about family planning, contraception, through counseling, maternal mortality, mental health, infertility, and sexually transmitted diseases, along with information about safety tips, programs related to family planning, assisted reproductive technology, nutrition tips, a glossary of related terms, and list of resources for additional help.

**Orthographe et lexicographie (Littre, Robert, Larousse). Variantes graphiques. Mots latins et grecs. Mots étrangers (Publications du Centre d'Etude du Français Moderne et Contemporain, 3).** Gerard Lukken, 1994 The author of this book, Gerard Lukken, has always believed that liturgy is not something which is unchangeable or sacrosanct, something to be imposed from above; rather, he believes that it must gain shape and content from the situation in which believers find themselves. This involvement is reflected in the hundreds of publications which have flowed from his pen. Lukken's extensive writings offer not only an exciting reflection on the challenges, such as secularization and the

decrease in church going confronting church and believers but also on the problems they have faced in celebrating their faith in recent decades Moreover his work represents a model for methodological renewal The key concepts in his theological approach and his evaluation are anthropology and semiotics These two aspects have left their marks on the organisation of this book which is a selective compilation drawn from his earlier publications This collection consists of nineteen studies which have lost nothing of their topicality and most of which are now being translated into English French or German for the first time By crossing the frontier of language in such a way the editors wish not only to honour a leading specialist in liturgy but also to contribute to academic research into liturgy throughout the world Gerard Lukken 1933 studied at the Diocesan Seminary in Haaren Noord Brabant the Pontificia Universita in Rome and the Institut Supérieur de Liturgie in Paris He was professor of liturgy and sacramental theology from 1967 and director of the Liturgical Institute from 1992 at the Theological Faculty of Tilburg until his retirement in 1994
