Rights of Man Thomas Paine,1792 *The Rights of Man* Paine,2017-01-23 Thomas Paine s The Rights of Man Rights of Man 1791 a book by Thomas Paine including 31 articles posits that popular political revolution is permissible when a government does not safeguard the natural rights of its people Using these points as a base it defends the French Revolution against Edmund Burke s attack in Reflections on the Revolution in France 1790 It was published in two parts in March 1791 and February 1792 From the part Mr Burke took in the American Revolution it was natural that I should consider him a friend to mankind and as our acquaintance commenced on that ground it would have been more agreeable to me to have had cause to continue in that opinion than to change it At the time Mr Burke made his violent speech last winter in the English Parliament against the French Revolution and the National Assembly I was in Paris and had written to him but a short time before to inform him how prosperously matters were going on Soon after this I saw his advertisement of the Pamphlet he intended to publish As the attack was to be made in a language but little studied and

less understood in France and as everything suffers by translation I promised some of the friends of the Revolution in that country that whenever Mr Burke s Pamphlet came forth I would answer it This appeared to me the more necessary to be done when I saw the flagrant misrepresentations which Mr Burke s Pamphlet contains and that while it is an outrageous abuse on the French Revolution and the principles of Liberty it is an imposition on the rest of the world *The rights of man* by Thomas Paine Thomas Paine,1951 **The Rights of Man** Thomas Paine,2013-02-04 In The Rights of Man Thomas Paine defends the representational form of government He posits that all men are born with God given rights that cannot be taken from them by any government Paine s position on inalienable rights played a major role in the Bill of Rights being included in the Constitution This seminal work is as pertinent today as when it was first written **ON THE WISDOM OF CHINA** FU-CHUN PENG,2021-08-04 Truthfully and accurately this book attempts to elucidate the nature and forms of China s ancient wisdom and reinterpret its ideological significance thereby activating its inherent vitality and promoting the construction of contemporary Chinese thought The wisdom of China with its own discourse system gives unique stipulations to existence thought and language Confucianism Taoism and Chan Buddhism as the historical manifestations of Chinese wisdom respectively express the thoughts between man and man between man and nature and between man and mind In fact these three aspects exactly constitute the whole of man s life world The thoughts of Confucianism Taoism and Chan Buddhism are mainly and respectively represented in The Four Books and Five Classics Lao Zi and Zhuang Zi and Tan Jing The Sutra of Hui Neng The wisdom of China different from the non natural wisdom of the West is fundamentally a natural wisdom according to which nature is the basis of human existence thought and language However in early modern times the natural history of China was confronted with an unprecedented crisis Ever since then China has entered the post natural era The coexistence of Heaven and man as the new wisdom of China can be created in the age of globalization through preserving the living elements and eliminating the dead parts in the traditional Chinese wisdom **Liahona** ,1909

Religion & the Order of Nature Seyyed Hossein Nasr,1996 The current ecological crisis is a matter of urgent global concern with solutions being sought on many fronts In this book Seyyed Hossein Nasr argues that the devastation of our world has been exacerbated if not actually caused by the reductionist view of nature that has been advanced by modern secular science What is needed he believes is the recovery of the truth to which the great enduring religions all attest namely that nature is sacred Nasr traces the historical process through which Western civilization moved away from the idea of nature as sacred and embraced a world view which sees humans as alienated from nature and nature itself as a machine to be dominated and manipulated by humans His goal is to negate the totalitarian claims of modern science and to re open the way to the religious view of the order of nature developed over centuries in the cosmologies and sacred sciences of the great

traditions Each tradition Nasr shows has a wealth of knowledge and experience concerning the order of nature The resuscitation of this knowledge he argues would allow religions all over the globe to enrich each other and cooperate to heal the wounds inflicted upon the Earth

Jehovah the First Godfather Carlton Marion Morris Jr., 2001-02-21 Through ignorance misunderstanding custom and tradition the Jewish and Christian religions have combined three distinct and individual entities into one being they call God This is contrary to their holy scriptures There are in fact three and individual entities in scripture who are know by this title There is GOD the universal creator the Lord God the creator of man and then there is Jehovah the God of the Jews He is the one we are most concerned about For he was the First Godfather In the book entitled Jehovah the First Godfather an agnostics view of God the Bible and Religion the appropriate scriptures are use to separate and explain the differences between these three entities and to explain the part they play in the creation of the universe the creation of man and the religion of one group of nomads called the Israelites For the lack of an understanding of the where when how why and by whom the universe was created we say that it is the handiwork of GOD He She or It designed created and controls this creation through laws and forces we are just now beginning to understand According to biblical scripture organic life both animal and vegetable were a part of that original design Primitive organic life began before the stars and moon were put into motion Gen 1 11 13 After the formation of the stars moons and planets more advance forms of organic life came into existence The Bible identifies a few of those the more advanced forms of life One of the species of life created as a part of that original design and may well have originated in the seas of another world was a race of beings identified by Jehovah during his instruction of Moses as the living creature It was a form of life which evolved into an intelligent creative thinking race of beings who became so advanced in their culture civilization science and technology that they began to travel the stars In their travels they stepped down upon many planets Some they tried to colonized The earth was one of those planets That colonization attempt failed In their one of their later visits a few thousand years ago they came to this planet to mine for minerals It was during this time that mankind was created We were naked slaves created to mine for the minerals they desired to wait on and serve them at their leisure Our creation was not by some heavenly or divine power out of love and benevolence but out of commercial necessity We were created by the medical and scientific process of cloning The biblical description of the creation of Eve supports such an hypothesis The description of her creation is much the same as the procedures being used by our doctors and scientists today to create duplicates and modified alternation of many different species of life among them man himself The leader and the authority by which man came into being was the individual identified by Jehovah as the Lord God and by Melchizedek king and high priest of Salem as the Most High God To be the most high god indicates that there must have been lessor beings also identified as gods One of those lessor beings was Jehovah one of the subordinates of the Lord God He is identified in scripture as YHWH Yahweh Ishi Baali and Jehovah Jehovah assumed the title of a god when he convinced Abraham to follow him He did not become a god

until he lead the Hebrews into the Sinai wilderness Gods need worshipers temples priests sacrificial offerings gifts and a land to call ones own Jehovah had none of these things until he was able to have Moses lead the Hebrews into the Sinai wilderness This was his first step in establishing his dynasty Once he had the congregation under his control he had taken the first step towards his ambition he had worshipers Next he ordained the tribe of Levi as the priests who would wait on and serve him
