Ritual And Belief Readings In The Anthropology Of Religion:

Ritual and Belief David Hicks, 2010-06-16 *Ritual and Belief Readings in the Anthropology of Religion* is a collection of 41 readings in religion magic and witchcraft. The choice of readings is eclectic; no single anthropological approach or theoretical perspective dominates the text. Theoretical significance, scholarly eminence of the author, and inherent interest provide the principal criteria, and each reading complements its companion chapters, which are pedagogically coherent rather than ad hoc assemblages. Included among the theoretical perspectives are structural functionalism, structuralism, Malinowskian functionalism, cultural materialism, and cultural evolutionism. Also included are the synchronic and diachronic approaches. The book offers a mixture of classic readings and more recent contributions, and the world religions are included along with examples from the religions of traditionally non-literate cultures. As diverse a range of religious traditions as possible has been embraced from various ethnic groups, traditions, and places.

A Pilgrimage to the World of Peace and Nonviolence Chandan Sengupta, It is true that we are passing through a critical situation during which entire society is getting divided into class and section day by day on the basis of different types of superficial parameters Such differences are so prominent that they even hamper the normal acculturation process of early schooling and socialisation of individuals through which newly introduced fellows are

allowed to gain a perfect pitching in the multi plural community Service oriented life of modern world is also moving on with such kind of toss and twist giving birth to regional as well as global tension of different degree and radial expansion It is also becoming difficult for us to overcome the situation due to its deeper impression in the mind set of individual coming out from the isolated segments of restricted mechanism of acculturation Main objective of our discussion and analysis is to cultivate a balanced process of educational social as well as economic acculturation which will be suitable enough for ensuring implementation and continuation of world Peace Silent Killing Chandan Sukumar Sengupta,2020-02-26 A grown up tree with 100% canopy can support normal breathing of 8 people throughout the year It can keep the atmospheric temperature of the surrounding down It can accommodate thousands of creatures There are several other services delivered by a tree in terms of immediate and prolonged economic returns If grown up trees are not replaceable entity of our environment then what would be any immediate alternatives suitable and acceptable for us to keep the pace of growth intact This article also analyses the possibilities of establishing a suitable adjustment between resources technologies and human aspirations for enhancing the sustainable economic growth through stepping of renovation modernization and industrialisation

making the considerations better and widely applicable an effort is made to bring out the doctrines related to Peace and Nonviolence from restricted confinements of Religion Majority of discussion move around the convergence of Sankhya Yoga and Vedantic Philosophy Most widely discussed one of these is Karma Yoga the Yoga of Performance Actions and Perfections in detail It is actually not possible to pass through any one faculty of Yoga without experiencing integration of other aspects of Yoga Because of that reason The Bhagavadgita implies thoughts upon integration of all the streams of philosophy for framing a time tested guide to be adopted by fellow aspirants
