Becoming New Yorkers Philip Kasinitz, John H. Mollenkopf, Mary C. Waters, 2004-08-20 More than half of New Yorkers under the age of eighteen are the children of immigrants This second generation shares with previous waves of immigrant youth the experience of attempting to reconcile their cultural heritage with American society In Becoming New Yorkers noted social scientists Philip Kasinitz John Mollenkopf and Mary Waters bring together in depth ethnographies of some of New York s largest immigrant populations to assess the experience of the

new second generation and to explore the ways in which they are changing the fabric of American culture *Becoming New Yorkers* looks at the experience of specific immigrant groups with regard to education jobs and community life Exploring immigrant education Nancy Lopez shows how teachers' low expectations of Dominican males often translate into lower graduation rates for boys than for girls In the labor market Dae Young Kim finds that Koreans young and old alike believe the second generation should use the opportunities provided by their parents' small business success to pursue less arduous more rewarding work than their parents' Analyzing civic life Amy Forester profiles how the high ranking members of a predominantly black labor union who came of age fighting for civil rights in the 1960s adjust to an increasingly large Caribbean membership that sees the leaders not as pioneers but as the old guard establishment In a revealing look at how the second generation views itself Sherry Ann Butterfield and Aviva Zeltzer Zubida point out that black West Indian and Russian Jewish immigrants often must choose whether to identify themselves alongside those with similar skin color or to differentiate themselves from both native blacks and whites based on their unique heritage Like many other groups studied here these two groups experience race as a fluid situational category that matters in some contexts but is irrelevant in others As immigrants move out of gateway cities and into the rest of the country America will increasingly look like the multicultural society vividly described in *Becoming New Yorkers* This insightful work paints a vibrant picture of the experience of second generation Americans as they adjust to American society and help to shape its future **Reese Witherspoon** Ursula

Sponsorship at a Turning Point Angela Hund-Göschel,2009 Sponsorship has become an established tool within the marketing mix of many companies A sponsorship can provide significant benefits for companies and brands e g by increasing awareness and generating image transfers and thereby activating potential customers and multipliers In Germany a large number of companies have experiences as a sponsor and dedicate a substantial share of their communication budget to sponsorships often primarily in the sports market However recent developments like numerous doping scandals caused a shift of public

interest in favour of other areas e.g. culture. And since the latter market continuously gains relevance and is being covered by media, it has become more attractive for sponsors too. Within the cultural area, music plays a central role in western cultures and has the potential to grow even further. Due to fast spreading new technologies like the Internet and the overall digitalisation, music has become accessible practically everywhere and for everyone. At the same time, the structure of the music industry, the roles of market participants as well as existing business models are subject to drastic changes. In conjunction with the increasing variety of potential music sponsoring measures, the present development provides new chances and risks for sponsors. This work examines how companies can take advantage of the latest developments within the music industry regarding sponsorship. Thereto, the markets of music and sponsorship are analysed and relevant opportunities and threats for potential sponsors on the music market are derived. Based on the findings, strategic advice is given for companies considering sponsoring activities in the music industry. 20

An American Woman in Kuwait, Stephanie C. Fox, 2012-03-08. An American Woman in Kuwait is a travelogue written by an American lawyer who accompanied her husband, a Ph.D. immunologist, to Kuwait. The trip spanned almost six months during the cooler parts of the year, from November 2004 to May 2005. This is an account that is academic rather than light armchair reading. Kuwait is a tiny nation covered almost entirely by barren desert. Its huge petroleum reserves and strategic location have made it a playing field on which great military conflicts have been settled during the past two decades. The country, located at the northern end of the Persian Gulf, became one of the wealthiest nations in history following the discovery of oil in 1938 and the development of the oil fields brought its citizens an unparalleled level of personal comfort. The author lived among Kuwaitis, ate traditional foods mingled with Kuwaitis, studied Kuwaiti history, visited most of its museums, and spent a weekend with her husband at the Wafra Farms Oasis as Kuwaitis celebrated their Independence and Liberation Day holidays. She was even lucky enough to meet Kuwait's most famous woman suffragist, Rola A. Al-Dashti. Ph.D. Stephanie made friends with Kuwaitis. She and her husband met people from Kuwait's large community of expatriates: Egyptians, Turks, Syrians, and even one man from Saudi Arabia, which led to a hilarious encounter. Their cat, Scheherazade, a Kuwaiti war veteran, herself accompanied Stephanie to Kuwait. *An American Woman in Kuwait* is also the perfect guide for anyone traveling with a pet in the Islamic world. The book includes a glossary of Arabic words with a bibliography of the books and articles she read while in Kuwait.
