Shalom And Combat:

Shalom and Combat Albert H. van den Heuvel, Albert van den Heuvel, 1979 **Old Conflict, New War U.** Ben-Eliezer, 2012-08-08 The book provides a comprehensive sociological and cultural explanation of Israel's politics toward the Palestinians covering the period of the Oslo Accords and the Second Intifada and focusing on the concept of a new war that is an outgrowth of internal relations within Israel itself and the diversionary politics of its leadership Shalom and Combat Albert Van den Heuvel, 1977 *Release a Man for Combat* Michaela Hampf, 2010 Die etwa 150 000 Frauen die im Zweiten Weltkrieg im Women's Army Corps Dienst taten waren die ersten regulären Soldatinnen der US Armee Um männliche Soldaten für den Kampf freizusetzen arbeiteten sie auch in traditionellen Männerbereichen etwa als Mechanikerinnen oder Pilotinnen in den USA Afrika Europa und Südostasien Die Autorin geht den Erfahrungen dieser Frauen nach den militärischen und zivilen Diskursen über Soldatinnen im Militär und dem Umgang der Armee mit soldatischer Weiblichkeit und weiblicher Sexualität Anhand von Regierungsdokumenten Kriegsgerichtsprozessen aber auch Selbstzeugnissen Gedichten und Songs zeigt M Michaela Hampf wie umkämpft die Konstruktion der Soldatin in Amerika der vierziger Jahre war und bis heute ist *Anti-Aircraft Artillery in Combat, 1950-1972* Mandeep Singh, 2020-04-30 Anti aircraft artillery was extensively used in combat in the First World War though such weapons had made their debut in the Franco Prussian War in 1870 when the besieged French used balloons for observation and communication and the Prussians used the first custom built 1 pounder gun to try and shoot them down It was however not until the Second World War that anti aircraft artillery came into prominence shooting down more aircraft than any other weapon and seriously degrading the conduct of air operations In the battle between the attackers and anti aircraft artillery the latter had the upper hand when the war ended The post war years saw a decline in anti aircraft artillery as peace prevailed and the advent of the jet aircraft seemed to tilt the balance in favour of the aircraft as they flew faster and higher seemingly beyond the reach of anti aircraft artillery It would take all the hi tech equipment and the guile and cunning that anti aircraft artillery could muster to try and reclaim pole position It is that story of the tug of war between the aircraft and artillery that forms the narrative of this book as it traces the history of combat employment of anti aircraft artillery from the Korean War in effect the first Jet Age war to the War of Attrition between Arab states and Israel when the missiles came of age sending the aircraft scurrying for cover *Anti Aircraft Artillery in Combat 1950 1972* is the first attempt to look at the combat performance of ground based air defences incorporating the views analyses and experiences of Soviet Arab and South Asian Armies The book looks at the major wars between 1950 and 1972 including the Korean War Vietnam War the wars in South Asia in 1965 and 1971 and conflicts in the Middle East such as the Six Day War **The Oxford Handbook of Military Psychology** Janice H. The Soviet-Israeli War, 1967-1973 Isabella Ginor, Gideon Remez, 2017-08-01 Russia's forceful re entry into the Middle Eastern arena and the accentuated continuity of Soviet policy and methods of the 1960s and 70s highlight the topicality of this groundbreaking study which confirms the USSR's role in shaping Middle Eastern and global history This book covers the peak of the USSR's direct military involvement in the Egyptian Israeli conflict The head on clash between US armed Israeli forces and some 20 000 Soviet servicemen with state of the art weaponry turned the Middle East into the hottest front of the Cold War The Soviets success in this war of attrition paved the way for their planning and support of Egypt's cross canal offensive in the 1973 Yom Kippur War Ginor and Remez challenge a series of long accepted notions as to the scope timeline and character of the Soviet intervention and overturn the conventional view that détente with the US induced Moscow to restrain that a US Moscow détente led to a curtailment of Egyptian ambitions to recapture of the land it lost to Israel in 1967 Between this analytical rethink and the introduction of an entirely new genre of sources memoirs and other publications by Soviet veterans themselves The Soviet Israeli War paves the way for scholars to revisit this pivotal moment in world history

Civil-Military Relations in Israel Aharon Kampinsky, Elisheva Rosman-Stollman, 2014-08-14 This book a collection of essays in honor of Stuart Cohen examines a variety of issues in civil military relations CMR in Israel and abroad Beyond honoring Cohen's work this collection makes a substantial contribution to the field for a number of reasons First it brings together prominent scholars from different disciplines in the field from both Israel and abroad sketching its boundaries The chapters in the collection deal with a variety of issues theoretical and empirical including topics that are usually neglected in English works such as the control the military in Israel has on building construction permits in the civilian sector and the relations between the security establishment and the judicial system Other chapters offer new theoretical perspectives such as the context within which Israeli CMR should be examined and a more general look at the

focus of CMR Second it gives non Hebrew speaking scholars and laypersons alike a better idea of what the main issues in the field of civil military relations in Israel are today This book will allow university professors and laypersons to access quality scholarship while still offering a broad spectrum of topics Women and Gender Perspectives in the Military Robert Egnell,Mayesha Alam,2019-02-01 Women and Gender Perspectives in the Military compares the integration of women gender perspectives and the women peace and security agenda into the armed forces of eight countries plus NATO and United Nations peacekeeping operations This book brings a much needed crossnational analysis of how militaries have or have not improved gender balance what has worked and what has not and who have been the agents for change The country cases examined are Sweden the Netherlands Canada the United States the United Kingdom Israel Australia and South Africa Despite increased opportunities for women in the militaries of many countries and wider recognition of the value of including gender perspectives to enhance operational effectiveness progress has encountered roadblocks even nearly twenty years after United Nations Security Council Resolution 1325 kicked off the women peace and security agenda Robert Egnell Mayesha Alam and the contributors to this volume conclude that there is no single model for change that can be applied to every country but the comparative findings reveal many policy relevant lessons while advancing scholarship about women and gendered perspectives in the military **Why We Fight** Robert C. Engen,H. Christian Breede,Allan English,2020-12-17 For decades the Canadian Armed Forces has used the work of foreign scholars and writers in its professional military education to try to understand the human dimension of warfare why and how people are motivated to fight and how they behave once they do fight Yet the specific Canadian context experience and perspective are often lost in favour of appeals to universal truths The first major Canadian study of combat motivation in almost forty years Why We Fight redresses this imbalance by presenting some of the best new work on the subject Bringing together top military practitioners and scholars to discuss some of the most controversial issues of modern warfare Why We Fight examines the face of battle as experienced by Canadians It explores sexual violence in war professionalism organizations leadership shared intent motivation in extremis and the toxicity of the warrior culture Its chapters offer key insights on combat motivation theories the modern operating environment and the collective and individual identities of the men and women who fight for Canada Many worry that technology is leading us towards a post human age particularly in war Why We Fight affirms the centrality of the human being in warfare in Canada s past present and future *Frontline* Anthony King,2015 The volume examines the experiences of professional Western combat soldiers training and operations in Iraq and seeks to explain the culture motivations and capabilities of the professional soldier in the twenty first century **Ethics as a Weapon of War** James Eastwood,2017-09-21 What role does ethics play in modern day warfare Is it possible for ethics and militarism to exist hand in hand James Eastwood examines the Israeli military and its claim to be the most moral army in the world This claim has been strongly contested by human rights bodies and international institutions in their analysis of recent military

engagements in the West Bank Gaza and Lebanon Yet at the same time many in Israel believe this claim including the general public military personnel and politicians Compiled from extensive research including interviews with soldiers Eastwood unpacks the ethical pedagogy of the Israeli military as well as soldier led activism which voices a moral critique and argues that the belief in moral warfare doesn't exist separately from the growing violence of Israel's occupation This book is ideal for those interested in military ethics and Israeli politics and provides crucial in depth analysis for students and researchers alike
