*Shaman Woman, Mainline Lady* Cynthia Palmer, Michael Horowitz, 1982-01-01      **Sisters of the Extreme** Cynthia Palmer, Michael Horowitz, 2000-05 Sisters of the Extreme provides us with the eloquent writings of women who experimented with drugs Sometimes their quests brought unexpected rewards sometimes suffering The selections in this anthology show that the psychedelic experiences of women have been anything but stereotypical      Using Women Nancy Campbell, 2002-12-24 From the 1950s girl junkie to the 1990s crack mom Using Women investigates how the cultural representations of women drug users have defined America's drug policies in this century In analyzing the public's continued fear horror and outrage wrought by the specter of women using drugs Nancy Campbell demonstrates the importance that public opinion and popular culture have played in regulating women's lives The book will chronicle the history of women and drug use provide a critical policy analysis of the government's drug policies and offer recommendations for the direction our current drug policies should take Using Women includes such chapters as Sex Drugs and Race in the Age of Dope Regulating Adolescents in the Postwar US Fifties Femininity and Regulating Maternal Instinct      *Diane di Prima* David Stephen Calonne, 2019-01-24 Diane di Prima Visionary Poetics and the Hidden Religions reveals how central di Prima was in the discovery articulation and dissemination of the major themes of the Beat and hippie countercultures from the fifties to the present Di Prima 1934 was at the center of literary artistic and musical culture in New York City She also was at the energetic fulcrum of the Beat movement and with Leroi Jones Amiri Baraka edited The Floating Bear 1961-69 a central publication of the period to which William S Burroughs Jack Kerouac Allen Ginsberg Charles Olson and Frank O'Hara contributed Di Prima was also a pioneer in her challenges to conventional assumptions regarding love sexuality marriage and the role of women David Stephen Calonne charts the life work of di Prima through close readings of her poetry prose and autobiographical writings exploring her thorough immersion in world spiritual traditions and how these studies informed both the form and content of her oeuvre Di Prima's engagement in what she would call the hidden religions can be divided into several phases her years at Swarthmore College and in New York her move to San Francisco and immersion in Zen her researches into the I Ching Paracelsus John Dee Heinrich Cornelius Agrippa alchemy Tarot and Kabbalah of the mid sixties and her later interest in Tibetan Buddhism Diane di Prima Visionary Poetics and the Hidden Religions is the first monograph devoted to a writer of genius whose prolific work is notable for its stylistic variety wit and humor struggle for social justice and philosophical depth      **Collected Poems of Lenore Kandel** Lenore Kandel, 2012-04-10 Jack Kerouac immortalized her in his novel Big Sur A student of Zen she hung out with Gary Snyder and Allen Ginsberg and was a speaker at San Francisco's Human Be In But Lenore Kandel was no muse or hanger on she was a brilliant lyric poet often unabashedly erotic and that's where her legacy lies Collected Poems of Lenore Kandel contains 80 examples of her art from the holy erotica of her early years to later more contemplative works Many of the poems have never been published others only in rare ephemeral

publications Some are explicit celebrating carnal love as part of the divine Others are humorous and cover more quotidian subjects A recurring theme is the divine animal duality The collection includes poems written from the early fifties up until Kandel s death The paradox of Lenore Kandel is that despite her prodigious talent she was one of the least read and critically appreciated of modern poets Kandel found her voice at a time when the Beat era was giving way to the countercultural age and though she straddled both eras it meant that she also fell through the cracks in terms of recognition Now for the first time the full range of her work appears in one volume
