Sena,2019-04-01 Despite China s long tradition of venerating the past as the ultimate source of cultural authority the discourse of antiquity prior to the Song period 960 1279 demonstrated little concern for ancient objects With a focus on physical artifacts of the past Song intellectuals began a new discipline the study of bronze and stone jinshixue that generated collections of items such as bronze vessels and bells stone steles and ink rubbings of inscriptions carved or cast on objects This first comprehensive study in English of the Song antiquarian movement and how it refashioned the distant past uses textual and material evidence to examine this development which has had long lasting influence on Chinese intellectual history and on the preservation of material objects In addition to collecting and comparing artifacts Song antiquaries compiled extensive catalogs that included drawings measurements and meticulous descriptions Their studies have contributed to the way history has been documented since the eleventh century and serve as a basis for archaeology of the modern period Bronze and Stone contextualizes the Song antiquarian movement among previous Chinese engagements with antiquity subsequent popular interest in ancient objects and world antiquarianism **Metropolitan Museum Studies in Art, Science, and Technology; V1** ,2010 *The Cambridge World History* Norman Yoffee,2015-03-12 The most comprehensive account yet of the human past from prehistory to the present *The Cambridge World History: Volume 3, Early Cities in Comparative Perspective, 4000 BCE-1200 CE* Norman Yoffee,2015-03-19 From the fourth millennium BCE to the early second millennium CE the world became a world of cities This volume explores this critical transformation from the appearance of the earliest cities in Mesopotamia and Egypt to the rise of cities in Asia and the Mediterranean world Africa and the Americas Through case studies and comparative accounts of key cities across the world leading scholars chart the ways in which these cities grew as nodal points of pilgrimages and ceremonies exchange storage and redistribution and centres for defence and warfare They show how in these cities along with their associated and restructured countrysides new rituals and ceremonies connected leaders with citizens and the gods new identities as citizens were created and new forms of power and sovereignty emerged They also examine how this unprecedented concentration of people led to disease violence slavery and subjugations of unprecedented kinds and scales History from Things Stephen Lubar,David W. Kingery,2013-06-04 History from Things explores the many ways objects defined broadly to range from Chippendale tables and Italian Renaissance pottery to seventeenth century parks and a New England cemetery can reconstruct and help reinterpret the past Eighteen essays describe how to read artifacts how to listen to landscapes and locations and how to apply methods and theories to historical inquiry that have previously belonged solely to archaeologists anthropologists art historians and conservation scientists Spanning vast time periods geographical locations and academic disciplines History from Things leaps the boundaries between fields that use

material evidence to understand the past The book expands and redirects the study of material culture an emerging field now building a common base of theory and a shared intellectual agenda      *Writing and the Ancient State* Haicheng

Wang,2014-05-12 *Writing and the Ancient State* explores the early development of writing and its relationship to the growth of political structures The first part of the book focuses on the contribution of writing to the state s legitimating project The second part deals with the state s use of writing in administration analyzing both textual and archaeological evidence to reconstruct how the state used bookkeeping to allocate land police its people and extract taxes from them The third part focuses on education the state s system for replenishing its staff of scribe officials The first half of each part surveys evidence from Mesopotamia Egypt the Maya lowlands Central Mexico and the Andes against this background the second half examines the evidence from China The chief aim of this book is to shed new light on early China from the second millennium BC through the end of the Han period ca 220 AD while bringing to bear the lens of cross cultural analysis on each of the civilizations under discussion      *The Cambridge History of Ancient China* Michael Loewe,Edward L.

Shaughnessy,1999-03-13 *The Cambridge History of Ancient China* provides a survey of the cultural history of pre imperial China Fourteen leading specialists on early Chinese history and archaeology cover more than one thousand years There are two chapters for each time period Shang Western Zhou Spring and Autumn and Warring States one on institutional history based on both traditional and palaeographic literature and one on material culture based on archaeological evidence There are also chapters on the Neolithic background language intellectual history relations with Central Asia and the debts of both the Qin and Han empires to these earlier time periods Although written by specialists this Cambridge history aims to explain and describe pre imperial China to an audience that will include scholars and students as well as general readers without specialized knowledge of Chinese history It can be consulted as a work of reference or read continuously alone or as part of *The Cambridge History of China* series
