Foster, 2023-02-13 Jin Yong's *Martial Arts Fiction and the Kungfu Industrial Complex* is an analysis of the role of Jin Yong's stories and characters in the construction of the kungfu industrial complex a complicated multi dimensional cultural business matrix related to the production and consumption of martial arts fiction film and legacy The author first explicates the kungfu cultural literacy that

makes Jin Yong's characters and stories intelligible and compelling to a wide audience and then argues that academic resistance to integrating his pop fiction into the canon of Chinese literature is overcome via the national character discourse. The author subsequently explores the role of actors, directors, and crews as they repeatedly adapted the novels for film and television and provided afterlives for Jin Yong's characters, stories, and tropes, both kicking off actors' careers and driving the globalization of kungfu action. Archetypal characters, multidimensional production, and consumption of cultural capital and star power meet in a final analysis of the *Kung Fu Hustle*, which balances critical reality and a hopeful vision for China's future.

The Encyclopedia of Martial Arts Movies Bill Palmer, Karen Palmer, Ric Meyers, 1995-01-01 The Encyclopedia covers the genre from 1920 to 1994. The genre, however, can be very confusing; films often have several titles, and many of the stars have more than one pseudonym. In an effort to clarify some of the confusion, the authors have included all the information available to them on almost 3,300 films. Each entry includes a listing of the production company, the cast, and crew, distributors, running times, reviews with star ratings, whenever possible, and alternate film titles. A list of film series and one of the stars' pseudonyms, in addition to a 7,900-name index, are also included. Illustrated.

A History of Shaolin Lu Zhouxiang, 2019-03-18 Shaolin Monastery at Mount Song is considered the epicentre of the Chan school of Buddhism. It is also well known for its martial arts tradition and has long been regarded as a special cultural heritage site and an important symbol of the Chinese nation. This book is the first scholarly work in English to comprehensively examine the full history of Shaolin Monastery from 496 to 2016. More importantly, it offers a clear grasp of the origins and development of Chan Buddhism through an examination of Shaolin and highlights the role of Shaolin and Shaolin kung fu in the construction of a national identity among the Chinese people in the past two centuries.

Chinese-language Film Sheldon H. Lu, Emilie Yueh-yu Yeh, 2005 A comprehensive work on Chinese film, this text explores the manifold dimensions of the subject and highlights areas overlooked in previous studies. Leading scholars take up issues and topics covering the entire range of Chinese cinema.

General History of Chinese Film III Ding Yaping, 2021-12-26 The Reform and Opening up of China since the late 1970s has not only transformed the economic and political situation of the country but also transformed the Chinese film industry. This volume focuses on the 40 years of the history of Chinese film in the post-Mao era. As all aspects of film production, distribution, and exhibition have been commercialized, Chinese film has become an industry of immense scale and has grown by leaps and bounds. Meanwhile, contemporary Chinese film is marked by a new zeitgeist, with Chinese film closely integrated with Chinese society and the economy. The author argues that the Chinese film industry clearly stands at a turning point where the future of Chinese film and the way to further awaken change and shape film production have become important issues worth consideration in contemporary film history. The book will be an essential reading for scholars and students in film studies, Chinese studies, cultural studies, and media studies, helping readers to develop a comprehensive understanding of Chinese film.
